

#### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleaning the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal

laxative. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package CALIFORNIA FIG SYRUP CO.

Capt. Sigsbee Denies That the Navy Used This Motto on the Warships.

Capt. Sigsbee, writing of the destruc-tion of his battleship, denies that "Re-member the Maine!" was used as a motto by the navy in the late war with Spain. He also indicates a perfectly proper use of the phrase by patriotic Americans. He says:

"We have heard much of the motto: Remember the Maine.' . ## Government Lands

With fine timber and running water in Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of terrible eations of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood. With fine timber and running water in those River Valley, suitable for homestead and timber entries. We locate individuals or colonies on these lands. ### Administrators Notice.

Notice is hereby given that the undersigned has been appointed by the county court of the state of Oregon for Wasco county, as administrator of the est te of Roderick McNeil, deceased. All persons having claims against said estate are hereby notified to present them, with the proper vouchers, to me, in Dalles City, Oregon, within six months from the date of this no tice. the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—
