

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from any objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

NOTICE.

School District No. 5 of Wasco County, Oregon, will issue two coupon bonds of the par value of four hundred dollars each bearing interest at the rate of six per cent per annum, interest payable annually, said bonds being redeemable at the pleasure of said district after ten years from their date, but due and payable absolutely twenty years from date. Principle and interest payable at the office of the Treasurer of Wasco County, Oregon, or at such place as may be designated at the option of the purchaser.

The board of directors of said district are lawfully authorized to issue said bonds in accordance with the provision of an act of the Legislative Assembly of the State of Oregon, filed in the office of the Secretary of State February 22, 1893, and providing among other things for the issuance of bonds by school districts.

In compliance with the terms of said act, I, as treasurer of said county, will receive sealed bids for said bonds at my office in Dalles City, Oregon, until 2 o'clock p. m. on the 1st day of May 1899. All bids must be accompanied by a certified check of five per cent of the amount of bonds for which the bid is made. No bids for less than par will be considered. Bids to be submitted for district to execute. The right to reject any and all bids is reserved.

The Dalles, Oregon, April 1, 1899.

NOTICE.

To whom it may concern:

By virtue of an order, made by the Common Council of Dalles City, Oregon, on the 7th day of March, A. D. 1899, notice is hereby given that the Common Council of said city will cause to be constructed, in accordance with the laws pertaining thereto, a sewer system in and for said city, the nature, extent and location of said system is hereinafter set forth; and the cost thereof will be charged to the property benefited thereby.

That all of said sewers are to be of terra cotta pipe and of such sizes as may be hereafter determined by said Council.

First—A main sewer, commencing from the low water mark on the Columbia river at the foot of Union street, thence running south on Union street to the intersection of the alley between Fourth and Fifth streets with Union street, thence south on Union street to the intersection of Tenth and Union streets.

Second—A main sewer, commencing at and connected with the sewer at the intersection of the alley between Fourth and Fifth streets with Union street, thence running easterly, through private property in block 10, thence easterly through the alley between Fourth and Fifth streets to Washington street, thence south on Washington street to Fulton street.

Third—A sewer commencing at and connected with the sewer at the intersection of the alley between First and Second streets with Union street, thence running easterly on said alley to Lashin street, thence south on Lashin street to Fourth street.

Fourth—A sewer commencing at and connected with the sewer at the intersection of the alley between First and Second streets with Union street, thence running easterly through said alley to Jefferson street, thence north on Jefferson street to 100 feet north of the intersection of the middle of T-yor street about 130 feet north of the north side of the intersection of Taylor and Second streets.

Fifth—A sewer commencing at the intersection of the alley between Second and Third streets with Taylor street, thence westerly on said alley to Monroe street, thence north to connect with sewer in alley between First and Second streets.

Sixth—A sewer commencing at and connected with sewer on Laughlin street at the intersection of the alley between Second and Third streets, with Laughlin st., thence easterly through said alley to Madison street, thence southerly on Madison street to the intersection of Third and Madison streets, thence easterly on Third street to the intersection of Third and Monroe streets.

Seventh—A sewer commencing at and connected with sewer on Laughlin street at the intersection of the alley between Third and Fourth streets with Laughlin street, thence running easterly to Madison street.

Eighth—A sewer commencing at and connected with sewer on Laughlin street at the intersection of Fourth and Laughlin streets, thence easterly on Fourth street to Jefferson street.

Ninth—A sewer commencing at and connected with sewer on Laughlin street at the intersection of Fourth and Laughlin streets, thence westerly to Washington street.

Tenth—A sewer commencing at and connected with sewer on Laughlin street at the intersection of the alley between Third and Fourth streets with Laughlin street, thence westerly to Washington street.

Eleventh—A sewer commencing at and connected with sewer on Laughlin street at the intersection of the alley between Second and Third streets with Laughlin street, thence westerly to Washington street.

Twelfth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence easterly through said alley to the intersection of said alley with Washington street.

Thirteenth—A sewer commencing at and connected with the sewer on Union street at the intersection of the alley between Third and Fourth streets with Union street, thence easterly through said alley to the intersection of said alley with Washington street.

Fourteenth—A sewer commencing at and connected with the sewer on Union street at the intersection of the alley between Third and Fourth streets with Union street, thence easterly through said alley to the intersection of said alley with Washington street.

Fifteenth—A sewer commencing at and connected with the sewer on Union street at the intersection of the alley north of First street with Union street, thence easterly through said alley to the intersection of said alley with Washington street.

Sixteenth—A sewer commencing at and connected with the sewer on Union street at the intersection of the alley between Third and Fourth streets with Union street, thence westerly through said alley to the intersection of said alley with Liberty street.

Seventeenth—A sewer commencing at and connected with sewer on Liberty street at the intersection of the alley between Second and Third streets with said Liberty street, thence running westerly through said alley to the west end of said alley.

Eighteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Third and Fourth streets, thence running westerly through said alley to the intersection of said alley with Liberty street.

Nineteenth—A sewer commencing at and connected with sewer on Liberty street at the intersection of the alley between Third and Fourth streets with said Liberty street, thence running easterly through said alley to the intersection of said alley with Union street.

Twentieth—A sewer commencing at and connected with the sewer on Liberty street at the intersection of the alley between Third and Fourth streets with said Liberty street, thence running westerly through said alley to the intersection of said alley with Lincoln street.

Twenty-first—A sewer commencing at and connected with sewer on Liberty street at the intersection of Fourth and Liberty streets, thence running westerly along Fourth street to the intersection of Fourth and Lincoln streets.

Twenty-second—A sewer commencing at and connected with sewer in alley between Second and Third streets at the intersection of Pentland street with said alley, thence running south on said street to Third street, thence west on Third street to the intersection of Third and Fourth streets.

Twenty-third—A sewer commencing at and connected with sewer at the intersection of Third and Pentland streets, thence running easterly on Third street to the intersection of Third and Lincoln streets.

Twenty-fourth—A sewer commencing at and connected with sewer at the intersection of Fourth and Lincoln streets, thence running westerly along Fourth street to the intersection of Third and Fourth streets.

Twenty-fifth—A sewer commencing at and connected with sewer running on Third street at the intersection of Third and Fourth streets, thence running westerly and 75 feet more or less north of the road leading to the Mill creek bridge, to said Mill creek bridge.

Dated at Dalles City, Oregon, this 10th day of March, 1899.

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.

The greatest care should be given to any little sore, pimple or scorch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Walshtown, S. D., says: "A little blotch about the size of a pea came under my left eye, gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm, the Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small scar which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway. Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place.

S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood, Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
