THE EVIDENCE IN HAND

Otis Intercepts Messages Urging Volunteers to Revolt.

COPIES SENT TO WASHINGTON

Government Officials Greatly Pleased With the Stand Taken by Governor Geer.

WASHINGTON, April 22.—General Otis cables the president that he has intercepted many cables and messages from politicians and state leaders in America to volunteers in the Philippines urging the men to stand on their rights and refuse the government further service, now that peace is formally and finally declared. The president has instructed General Otis to send copies of the same messages and all evidence he can find of sedition there, and it is believed that some one may be dealt with harshly for treason and sedition.

General Otis considers the offense grave, and as the messages are clearly within the law against sedition, he has held up all such and notified Washington.

In this connection government officials are greatly pleased with the expression of Governor Geer, of Oregon, who declares it would be a disgrace to the state and unjust to the Oregon volunteers to request their return at a time when it would embarrass the administration and jeopardize our success in the Philippines.

BY WAY OF THE AIR LINE

Wireless Telegraphy Experiments in Chicago.

CHICAGO, April 22.—Professor Jerome J. Greene, the new disciple of Marconi, sat at his receiving instrument placed on the eighth floor of the Marquette building tonight and received telegraphic signals sent via the air line from the Tribune building, two blocks away. It meant success for his wireless telegraphy experiment for that distance, and was a triumph for the young scientist over conditions which were exceedingly unfavorable. The first test of the day, when an attempt was made to communicate from the Dearborn station at Polk street to the Tribune building, had proved a failure. Subsequent investigation disclosed the fact that local disturbances at the sending station probably were responsible.

In the second experiment signals were transmitted clearly and accurately from one room to another through walls and three thick doors. The second test sent the dots and dashes to the sounder across Dearborn street without a break. Then Professor Greene consented to make the test over the long distance, and the apparatus was transferred to the Marquette building, a distance of about 150 yards. The vertical wire was lowered from the 16th floor, and the receiver was placed on the eighth floor. When all was ready for trial, word was sent through the telephone to the sending station, where the professor's assistant, Albert Kachur, was waiting the command. The trial was a success. Further experiments will be made Monday.

Initiation of a New Campaign.

WASHINGTON, April 22.—The war department today received a cablegram from General Otis announcing the for-

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

mation of a new flying column under command of General Lawton, and the initiation of a new campaign which is expected to result in clearing out the jungle in the county north of Manila up to the foothills of the mountains on the northeast and up to the termination of the railway at Baluan. The text of the dispatch was not made public, but it is understood to agree closely with the account of the movements contained in associated press dispatches from Manila.

CATARRH OF THE STOMACH

A Pleasant, Simple, Safe but Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable.

The usual symptoms are a full or bloated sensation after eating, accompanied some times with sour or watery risings, a formation of gases, causing pressure on the lungs and heart and difficult breathing; headache, sickle appetite, nervousness and a general played out and languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate disease is found in a treatment which causes the food to be readily and thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlan's the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids.

These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and, not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom, passing back into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use. Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for book, mailed free, on stomach troubles, by addressing the F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N. Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year. Cars are of the very latest pattern, in fact being the most improved up-to-date sleeping cars turned out by the Pullman Company. These new palaces will leave Portland on the evening fast train of the O. R. & N. arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 1911

A NEW FLY- ING COLUMN

Lawton Takes the Field Against the Filipinos.

MANILA, April 22.—7 p. m.—General Lawton took the field at daybreak today with a column of troops consisting of the North Dakota regiment, two battalions of the Third infantry, the Twenty-second infantry, two guns of Scott's battery, three troops of the Fourth cavalry, and Gale's squadron, equipped in light marching order.

This force started at 5 o'clock this morning over the Novaliches road, traversing the country previously cleared of rebels, but subsequently reoccupied by them. It is presumed that Lawton, by this movement, will outflank the enemy before MacArthur north of Novaliches.

The Dakota regiment first encountered the enemy in front of Novaliches at 8 a. m. The rebels opened fire on our troops, but their fire was silenced 15 minutes later, and they retired in that order. The Americans advanced along the rough roads around Novaliches. They were considerably annoyed by the fire of the rebel sharpshooters from the jungle for two hours.

At 2 o'clock in the afternoon the rebels were in full flight, leaving many dead on the field, and our troops were compelled to take a brief rest in the shade, as the heat was overpowering.

COMMISSIONERS TURNED BACK

Rebels Refused to Treat With Spaniards From Manila.

MANILA, April 23, 11:20 a. m.—Colonel Remie and Major Lasseras, the Spanish commissioners, with their secretaries, attempted to enter the rebel lines yesterday to confer with Aguinaldo regarding an exchange of prisoners, but failed in their mission. The party, the members of which were attired in full uniform, drove to the American camp and lunched with General MacArthur. They then proceeded in a carriage under a flag of truce, toward Calumpit, but were stopped by the rebel outposts on the road, who assumed a menacing attitude, and refused to parley with the commissioners, and the latter were compelled to return, and took the evening train for Manila.

The rebels before Calumpit have recently been reinforced by bodies of men from Pampanga province, and are now well entrenched in the strongest position on what is practically an island formed by a tributary to the Rio Grande.

The United States transport Puebla has arrived with headquarters, and a part of the Ninth infantry; all well.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at Blakeley & Houghton's drug store. 2

You need have no boils if you will take Clarke & Falk's sure cure for boils.

FATE OF GIL- MORE'S PARTY

Secretary Long Asks Dewey for Information.

WASHINGTON, April 22.—No word has come to the navy department since Tuesday relative to the fate of Lieutenant Gilmore and the fourteen sailors of the Yorktown who were ambushed and captured at Baler, on the island of Luzon.

Today Secretary Long addressed an inquiry by cable to Admiral Dewey to ascertain whether he could supply any further information on this point. The secretary says he has no doubt the admiral is doing what is best to rescue the men; and it is suggested that he has refrained from making public his plans to prevent the insurgents from taking advantage of them to conceal their captives. The arrival of the Yorktown at Manila has not yet been reported to the navy department, and it is not known whether she sailed from Ilo Ilo, where she reported to cable the bad news to Admiral Dewey, or whether Commander Sperry put back from Ilo Ilo for Baler after having secured reinforcements or boats.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed. 2

Remarkable Cure for Rheumatism.

KENNA, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. Parson. For sale by Blakeley & Houghton Druggists.

The steamer Spokane has been placed in service on the Snake river between Sparta and Lewiston with double daily service and will be operated as a through mail, express and passenger steamer, making round trips daily except Saturday. Leave Riparia at 2:30 a. m. arriving at Lewiston at 12 o'clock noon. Leave Lewiston at 2:30 p. m. arriving at Riparia at 7 o'clock p. m. The steamer Lewiston will take the place of the Spokane on the same schedule Saturdays and at other times will be operated on a wild schedule, taking care of all local work. The object of this new schedule is to place the Wisten and Buffalo Hump countries more in touch with points on the O. R. & N. 11

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Blakeley & Houghton's drug store. 2
