BATTLE IMMINENT BEFORE CALUMPIT

MacArthur's Division En Route to the Place from Malolos.

STRONG REBEL FORCE THERE

Aguinaldo in Command and Accompanied by His Staff—General Hale's Brigade Already Within a Quarter of a Mile of the City.

MANILA, April 24.—7:50 p. m.—General MacArthur's division left Malolos today, apparently intending to attack Calumpit.

MANILA, April 24.—7:30 p. m.—General Hale at 4 o'clock this afternoon had crossed Bagdad and reached a position a quarter of a mile from Calumpit, thus commanding the river ford.

Prisoners captured by Hale's troops say Aguinaldo, General Luna, and the Filipino staff are at Calumpit with a great force of Filipino troops.

7:40 p. m.—Before daylight the Fourth cavalry, with three guns belonging to the Utah battery, the Nebraska regiment and the Iowa regiment under Hale were proceeding in the direction of Kulinhun, where the Bagdad (Tibabag) is fordable, but commanded by trenches. During the afternoon the troops crossed the river.

Generals MacArthur and Wheaton, with the Montana regiment, advanced to the left of the railroad, and the Kansas regiment moved forward to the right, north of Malolos. They had with them a long supply train with two armed cars in front carrying two Gatlings and Colts rapid-fire guns, and the six-pounders.

The insurgents attempted to destroy their bridge outside of Calumpit, and succeeded in badly warping the iron framework. As soon as the soldiers left the Filipino capital, the natives began flocking in, as they did at Santa Cruz before the last boat of General Lawton's expedition had sailed. Our army is compelled to abandon all towns when an onward movement is commenced, because of insufficient men to garrison them.

No Change of Plans.

WASHINGTON, April 24.—Secretary Alger said yesterday's battle at Quinga had not altered the plans of the department in any degree. General Otis, General Lawton, Admiral Dewey and the Philippines commission all were fully authorized to deal with the situation in the Philippines according to their best judgment, and the department believed it would be good policy to refrain from meddling unnecessarily. The secretary said that if Otis wants more troops he shall have them, and meantime the department will make every effort to hasten the relief of the volunteer troops by the regular soldiers.

Colonel Smith Promoted.

WASHINGTON, April 24.—The president has appointed Colonel James F. Smith, of the First California regiment, to be a brigadier-general of volunteers. The regiment is now in the Philippines. General Smith will be assigned to one of the brigades of General Otis' army.

Artillery for Manila.

WASHINGTON, April 24.—Batteries C and M, Seventh artillery, have been ordered from Porto Rico, and will be sent to Manila. Three batteries of light artillery will sail from San Francisco for the Philippines today.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed. 2

TWO NEGROES LYNCHED

Yesterday's Terrible Scenes at Newnan, Ga. Re-enacted Near Palmetto—Mob Still Unsatisfied and Searching for Other Victims.

PALMETTO, Ga., April 24.—The body of Lige Strickland, the negro implicated by Sam Hose in the killing of Alfred Cranford, was found swinging to the limb of a tree about a mile from town this morning. The ears and fingers had been cut off, and on the body was pinned a placard bearing these words: "We must protect our Southern women."

Strickland was a negro minister, 60 years of age. Hose, just as the torch was about to be applied to the wood under him yesterday, admitted that he killed Cranford, but said Strickland had given him \$12 to do the deed. The confession of Hose caused great excitement here, and a crowd of men left for Major Thomas', where Strickland works, and at dusk took the negro from the place and brought him into town.

Major Thomas made a speech to the mob while they were on his farm, urging them not to take the negro and saying he believed the fellow innocent. An impromptu trial was held in the public square. Everybody who knew Strickland was called upon to give testimony as to his character. Several negroes employed by Major Thomas said the negro was a law-abiding citizen and was not implicated in the Cranford affair. Other people living near the Thomas place gave Strickland a bad name. There were several people in the crowd who favored letting the law take its course, and suggested that the court adjourn to another place a mile from town, where several people lived who knew Strickland. This met with approval, and the "court" moved out into the woods a mile away.

Here Strickland was strung up two or three times in an effort to get his confession, but each time he denied that he had paid Hose to murder Cranford. The crowd seemed to be evenly divided, and the speechmaking continued until daylight, when it was decided to take the preacher to jail at Fairburn. This was

the last the negro was seen alive. A couple of farmers coming into town this morning reported finding the body of Strickland hanging from the limb of a tree, and shockingly mutilated. The city marshal summoned two deputies and drove to the scene. The body of Strickland was secured and brought here for an inquest.

A telephone message received today at 10 o'clock says the mob which lynched Strickland captured Albert Sewell, a negro who expressed himself to the effect that the death of every negro should be avenged, and has put him to death. The mob is said to be still on a hunt for negroes, and it is probable two more will be lynched.

Remarkable Cure for Rheumatism.

KENNA, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. The steamer Lewiston will take the place of the Spokane on the same schedule Saturdays and at other times will be operated on a wild schedule, taking care of all local work. The object of this new schedule is to place the Wisten and Buffalo Hump countries more in touch with points on the O. R. & N. 11

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by Blakeley & Houghton Druggists.

GENERAL OTIS CLOSELY GUARDED

Precautions Taken to Prevent the General's Assassination.

SIoux FALLS, S. D., April 24.—Letters received from members of the First regiment, South Dakota volunteers, during the last few days are unusually interesting. Among them is a letter from Otis Robinson, in which he gives an account of his experience as a sharpshooter, and tells of the precautions to prevent the assassination of General Otis. Regarding the latter, he says 50 yards from the palace squads are posted all around the grounds for fear the natives may attempt to assassinate General Otis, and that the soldiers are always ready for emergency.

The Best in the World. We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

JOHN BULL HAS AN AX TO GRIND

Will Not Abrogate Clayton-Bulwer Treaty for Nothing.

WANTS SOMETHING IN RETURN

Thinks Right of Entry Through Alaska to Northwest Territory Would Be About Right and Will Try to Secure It.

NEW YORK, April 24.—A special to the Herald from Washington says: Although willing to abrogate the Clayton-Bulwer treaty, Great Britain has made it plain to the United States that she expects an equivalent in return for her action. This equivalent will be exacted during the negotiations of the American-Canadian commission, which is to resume its sessions in Washington in August next.

It is because of a demand for concessions equal in value to that which will be given to the United States in the abrogation of the Clayton-Bulwer treaty that the negotiations have not progressed with the promptness at first expected.

It is apparent to the officials now that Great Britain proposes to use the proposition to abrogate the treaty to further its own aims in connection with the settlement of the Alaskan boundary and reciprocity questions.

Great Britain is determined to make every effort to secure entry to the Northwest Territory through Alaska, and the United States is not willing to give it to her. It may be, therefore, that she will suggest that in return for such an outlet she will surrender all her rights in the Nicaragua canal.

President McKinley and Secretary Hay have determined not to enter into any negotiations with either Costa Rica or Nicaragua respecting the Nicaragua canal until the new isthmian canal commission has submitted its report. The Nicaragua canal commission will report within a short time, and the president will then announce the personnel of the isthmian commission. The new commission will then proceed to Panama and later to Nicaragua, and it is the expectation of the president that it will submit its report in time for consideration early in the next session of congress.
