ANNIVERSARY OF DEWEY'S VICTORY

A Year Ago the World Was Electrified by the Destruction of the Spanish Fleet.

PATRIOTISM IN AMERICAN CITIES

The Cannons Roar and Flags in Profusion Were Gaily Unfurled to the Breeze.

SAN FRANCISCO, May 1.—The first anniversary of the battle of Manila bay was ushered in early today by the firing of cannon and the ringing of bells. All public buildings, commercial houses, and residences were decorated in national colors, and on every side were displays of patriotism. Special exercises in commemoration of Dewey's great victory took place in almost every city and town in California. In this city a national salute was fired from the cannon which fired the first shot of the Spanish at Corregidor. Gunners from the battleship Iowa manned the gun, which is a brass affair, reputed to be of manufacture of eighty years ago. This part of the celebration occurred in Columbia square, and was witnessed by thousands of people.

At Golden Gate Park, in this city, the national colors were the flag from the McCulloch, which was unfurled to the breeze amid the cheers of thousands of people, accompanied by a medley of national airs by the military band. Many officers and men from the battleship Iowa were in attendance. The forts and war vessels in the harbor fired salutes in honor of the day, and commanders of all American and foreign vessels in the harbor observed the occasion by decorating their vessels with flags and bunting. Outgoing steamers left port with all flags flying.

The Day in Philadelphia.

PHILADELPHIA, May 1.—Dewey day was celebrated in this city with imposing pomp and ceremony. The most important event was the naval parade on the Delaware river, which was reviewed by naval and civil dignitaries. Buildings along the river front and throughout the city were gaily decorated. The cruiser Raleigh was the chief object of interest.

The warship was anchored at the extreme turning point of the line of naval parade. Next to her was the revenue cutter Algonquin, and all available crafts were at League island. All vessels to participate in the pageant started at a signal from the navy-yard, from a point a short distance below League island. The parade proceeded up the Delaware river, passing the Raleigh, Captain Coghlan reviewing the procession from the bridge of the warship. Throughout the state celebrations are being held in honor of the hero of Manila bay.

Celebration in Boston.

BOSTON, May 1.—Dewey day was celebrated here by display of flags over national, state and city buildings and prominent business houses, and also by receptions held by patriotic societies.

New York Schools Celebrate.

NEW YORK, May 1.—Dewey day was celebrated in the public schools of this city by special exercises, commemorating the victory at Manila, and by flying of flags on all school buildings.

SUFFER FROM SCURVY AND FROST

Fearful Sufferings of Prospectors from Scourges of Alaska.

SEATTLE, April 30.—Sixty prospectors arrived here today from Copper river, Alaska, on the steamer Excelsior. They brought with them a repetition of the story of privation and death, and many bore evidence on their bodies of the ravages of scurvy and frost. A man named Young hobbled off the vessel on the stumps of two legs. Another named Alex Powell had but one foot.

F. C. Goodwin, of Oakland, Cal., whose legs are black with scurvy and whose knees are bruised by contact with the ice, tells an interesting story of his experiences, which were similar to those of others. While camped in the interior his partner, Westley Scheidecker, of Grand Ridge, Ill., fell sick with the scurvy, and soon became unable to travel. Goodwin strapped him on a sled and started to the coast. After four days of almost herculean labor, he arrived at the mouth of the Shushitna, but his partner was frozen stark and stiff to the sled. He buried him in the snow. Continuing his journey to the coast he came across a tent, in which there were two men sick with scurvy. They were Dixon Hutton, of Memphis, Tenn., and T. B. Rawlins, of Little Rock, Ark. Another man happened along at the same time, and he and Goodwin put Dixon and Hutton on sleds and dragged them to the coast. Other deaths are reported, but their names are lacking.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYXEN, Dorr, W. Va. This remedy is sold by Blakeley & Houghton.

UNREST AT WARDNER

All Authority Subverted by the Riotous Miners.

FEDERAL TROOPS WILL BE NEEDED

Threats Made to Destroy the Bunker Hill Mill if It Should be Rebuilt.

WARDNER, Idaho, April 30.—The situation is serious today. Little bands of non-union men returning this morning from the hills to which they fled yesterday, were insulted by strikers in menacing manner, groups of whom are loafing around town elated over their victory. Those who can are leaving town, a considerable number going away today.

All social events are called off, and the public school has been closed because of the excitement and animosities existing among the pupils. All kinds of business are absolutely paralyzed, and everything is at a standstill. The strikers are offering bets that if the mill is rebuilt, it will be blown up again.

In Charge of Merriam.

WASHINGTON, May 1.—Brigadier-General Merriam, commanding the department of Colorado, has been ordered to Boise City to consult with the governor of Idaho regarding the necessity of United States troops at Wardner in consequence of the strike. The general has placed at his disposal any of the troops available, whether in the department of Colorado or not. The troops in the surrounding departments have been ordered to hold themselves in readiness to respond to orders to move when issued by General Merriam.

There are some companies in the vicinity of the strike, such as Fort Spokane, Helena, Mont., Vancouver and Boise, which can be ready in a very short time. The whole matter is in the hands of Merriam.

Soldiers Under Arms.

A dispatch from San Francisco states that the troops at the Presidio are practically under arms and are ready at a moment's notice to start for the scene of the trouble at Wardner, Idaho, upon the call of Governor Steunenberg. The troops at New Fort Spokane are also under arms and are prepared to leave for the scene of trouble on a minute's notice. The men at Jefferson Barracks, Mo., and at Fort Snelling, Minn., are also being held in readiness to go to the scene of trouble and assist in quelling the riots. It is stated on good authority that Company B, Twenty-fourth infantry, now stationed at Vancouver Barracks, is under arms and prepared to move at any time. No soldiers are to be seen about the town this morning, and the report is generally believed, although the department officials refuse to give out any information on the subject.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has

never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain and this quick relief which it affords is alone worth many time sits cost. For sale by Blakeley & Houghton.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Blakeley & Houghton, druggists, and get a free trial bottle. Regular size, 50 cents and \$1. Every bottle guaranteed or price refunded. 3

An Epidemic of Whooping Cough.
