## TROOPS SEARCHING FOR DYNAMITERS

Strikers Trying to Escape to the Railroad.

## CAPTURED BY THE SOLDIERS

General Merriam Arrived Today Feared Desperate Men Will Give Battle Before They Will Give In.

WARDNER, Idaho, May 4.—Searching for dynamiters has been continued all the morning by the troops, and they still keep taking them down in small squads to the camp where they are guarded. General Merriam, Attorney-General Hays and United States Marshal Frank Ramsey will be here on the train due in a few minutes. Additional troops will be here at the same time. A detachment of troops will leave this afternoon for Canyon Creek and Mullan, the strongholds of the enemy. They are taking with them a number of nonunion men for the purpose of identifying the dynamiters. As no hope is left them, it is not improbable that they may give battle. Inquests have been adjourned pending the arrival of General Merriam and the attorney-general. The town is almost deserted.

Later—General H. C. Merriam arrived here at 1 o'clock this afternoon from Spokane, and assumed command of the United States forces now in the Coeur d'Alene district. On the train with General Merriam came troop F, of the Fourth United States cavalry, from Boise, under Lieutenant Walsh, and company B, Twenty-fourth United States infantry (colored), from Vancouver barracks, in command of Lieutenant Murphy. Lieutenant Murphy and his company were left at Chatcolet, where the O. R. & N. crosses Coeur d'Alene lake, for the purpose of intercepting any of the strikers who might attempt to escape through that avenue.

### Under Martial Law.

WALLACE, Idaho, May 4.—The report by wire from Wardner this morning is that the country is under martial law, but no official announcement is made here yet. The heira from Canyon Creek still continues, the men going out over the mountains as well as by train. The snow on the mountains is ten feet deep and soft. It will probably take from two to four days to go from Burke to the railroad in Montana. The Hecla mine closed down yesterday, being out of men. Other mines are working short of men, the Tiger suffering less than the Standard or Frisco. No new men are coming yet, but some are expected daily from Butte, where the Coeur d'Alene men are mostly going. One company of soldiers reached Mullan last night, another this morning.

### Troops on the Move.

WARDNER, Idaho, May 4.—Troops are continuing the search for dynamiters and a number have been placed under guard. General Merriam, Attorney-General Hays and United States Marshal Ramsey have arrived. A detachment of troops has been ordered to Canyon Creek and Mullan, strongholds of the enemy, and with them will go a number of nonunion miners, who will try to identify the dynamiters, and it is feared the desperate men will give battle before they will give in to the officers.

### Sparta Man Missing.

BAKER CITY, Or., May 3.—Engene Beays, of Sparta, who has supplied the mines with beef for a long time, and is owner of the Sparta townsite, has been

missing for weeks, and his wife, two children and friends fear he has been foully dealt with. Beaya went to Weiser, Idaho, to secure a contract to supply beef to graders of the Weiser-Seven Devils railroad. He carried several hundred dollars, and, as careful search fails to locate him, it is thought he was robbed and murdered, and perhaps his body thrown into Snake river.

## CATARRH OF THE STOMACH

A Pleasant, Simple, Safe but Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable.

The usual symptoms are a full or bloated sensation after eating, accompanied some times with sour or watery risings, a formation of gases, causing pressure on the lungs and heart and difficult breathing; headache, sickle appetite, nervousness and a general played out and languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate disease is found in a treatment which causes the food to be readily and thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlan's the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids.

These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and, not being a patent medicine, can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom, passing back into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for book, mailed free, on stomach troubles, by addressing the F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

**An Epidemic of Whooping Cough.** Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—JOHN E. CLIFFORD, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by Blakeley & Houghton, druggists.

In the Asylum Thirty-six Years. SALEM, May 3.—George Weston, an inmate of the insane asylum for thirty-six years, died today. He was the

second of the old-timers of that institution to pass away this year, John Sherer, who was also committed in 1863, having died only a short time ago. Little is known of Weston's history beyond the fact that he was received at the old Hawthorne asylum in Portland from Multnomah county, August 11, 1863, his commitment papers being signed by P. A. Marquam who was then county judge of Multnomah county. He was about ninety years old.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNN, Dorr, W. Va. This remedy is sold by Blakeley & Houghton, never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain and this quick relief which it affords is alone worth many time sits cost. For sale by Blakeley & Houghton.

### General Fagan Expelled.

WASHINGTON, May 3.—At a meeting of the Loyal Legion, an organization of officers and ex-officers of the army, the highest patriotic organization in the country tonight, Brigadier-General Charles P. Eagan, formerly commissary-general of subsistence, forfeited his membership in the legion by a vote of 100 to 40. The meeting was presided over by Justice J. M. Harlan, and the question of expelling General Eagan from the order, which action it really amounts to, was hotly discussed, the general finding some defenders among the members present. This is the greatest humiliation General Eagan has yet suffered.

Ames, the well-known fruitgrower, in the vicinity of Columbus, reports that the movements of the Dr. Blalock surveying party seem to indicate stronger than ever that they mean business, and that there will be steamboats running on the Columbia river to Wallula in the near future.

## OREGON'S WIN ANOTHER VICTORY

Summers Charges Upon the Entrenched Enemy.

## SCATTER THEM WITH MUCH LOSS

Lawton Has Captured and Holds Baliung and Has Scattered the Enemy and Taken a Large Amount of Food Supplies.

WASHINGTON, May 4.—The war department received the following dispatches today:

Manila, May 4.—Colonel Summers, with six battalions, including the Second Oregon, the Dakota regiment, the Third infantry, and a piece of the Utah light artillery, of Lawton's division, proceeded north this morning to Maasand, where they crossed the river and charged the enemy in strong entrenchments, driving him northward, and inflicting considerable loss. His casualties were two wounded.

Both Wheaton and Hale, of MacArthur's division, found the enemy in force and strongly entrenched, and commanded by Commander-in-Chief Luns, about four miles south of San Fernando.

Hale, on the right, dislodged the enemy, and Wheaton, on the left, leading in person, made a brilliant charge, scattering his forces, inflicting great punishment. Several officers and enlisted men were seriously wounded.

MacArthur proceeds to San Fernando in the morning, delayed by the partial destruction of the bridge across the river. It is not believed that the enemy will make another determined stand until he effects his retreat to Mount Arayat, a short distance from San Isidor.

The situation is as follows: Lawton holds Baliung, taken May 2 after a rapid movement from Angat, where he left supplies with a wagon train, pack animals and rations. He scattered the strongly entrenched enemy to the north and northwestward, capturing large amounts of food supplies, and has his detachments thrown out to the north and eastward. His successful movement is attended with great difficulty because of the character of the country, and the rain and heat. He now covers our railway communications, and will be supplied from Malolos.

MacArthur column was concentrated and took up the advance on San Fernando at 6:30 this morning. We do not apprehend a sharp resistance on the part of the enemy, who will probably leave the railroad and retire in a northeasterly direction to the north of Lawton. The destruction of the railroad near Calumpit necessitates dependence on wagon transportation.

The enemy of the south and east of Manila, 9000 strong, is opposed by a sufficient force under Owenshine and Hall. His demonstrations thus far have been properly met by these officers, with slight losses. Many requests have been received from outlying cities for protection against insurgent troops.
