MINERS NOW IN CUSTODY

Three Hundred and Fifty of the Rioters Under Guard.

FIVE HUNDRED TROOPS THERE

Three Charges—Rioting, Destroying Property, Stopping the Mail—Inquest May Last a Week.

WARDNER, Idaho, May 5.—Three hundred and fifty miners accused of participating in Saturday's riot are now confined here under guard of United States troops. With today's arrivals, 500 United States troops are now in the Cour d'Alene district, and all fear of further outbreaks is passed.

There will be three charges against the prisoners, namely, rioting, destroying property and stopping the United States mails. It is unlikely that all of the prisoners will be tried, but they will be held until evidence is collected against the leaders.

General Merriam has his headquarters here, but a special train is held in readiness to carry him to any part of the district whenever he is needed. A majority of the troops are held in the vicinity of Wallace, Burke, Gem and Mullan, owing to the fact that most of the alleged rioters are in that district.

The inquest over the bodies of Smith and Cheyne will probably last for at least a week, as about 100 witnesses are to be examined. Coroner France, in speaking of the inquest today, said: "The inquest is in the nature of a grand jury investigation. I have been authorized by Attorney-General Hayes, of Idaho, to make the investigation as searching as possible. We desire to punish the guilty and release the innocent as soon as possible."

The Leaders Have Escaped.

WASHINGTON, May 5.—The war department has received the following dispatch from General Merriam:

"Wardner, Idaho, May 5.—Adjutant-General, Washington: The inquest is still in progress with closed doors. One hundred and twenty-eight arrests have been made by state officers under military support. No signs of resistance are visible, but indications are that most of the leaders of the mob have escaped by going east and west into Montana and Washington. Others are hiding in the mountains. The sheriff at Thompson Falls, Mont., reports many arriving on foot over the mountain trails. The governors of Idaho and Montana are corresponding to effect arrests in Montana. The troops are in a position to do all that is possible. There is now no appearance of organized resistance."
"MERRIAM."

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh

Yukon Fleet Doomed.

SAN FRANCISCO, May 5.—Advices from the Northwest confirm previous reports that nearly half of the Yukon fleet is fast in the ice, and will probably be destroyed when the spring freshet comes. All of these boats were engaged in general freighting and passenger business on the Yukon between St. Michael and Dawson City.

ALFALFA NOW READY TO CUT

Productiveness of Soil in Klickitat County.

GOLDENDALE, Wash., May 4.—It is reported that the gardeners about Columbus are putting in cultivation an unusual supply of truck this year, and they say they have been given some pointers as to the sure building of a railway on the north side of the Columbia river this summer. Yesterday Charles Tupper, a Yakima man, closed the sale for the Marvin property at Columbus, and it is currently reported that he has a deal on for some of Amos Stark's town lots, located at that point. On the Marvin place there is alfalfa now about ready to cut for the first crop of hay. Mr. Tupper says without the aid of irrigation he expects to cut three crops of alfalfa during the year, and the subirrigation from the rise of the Columbia in June will be sufficient to assume the second and third crops. He is of the opinion that when alfalfa is once started on the Columbia river, the industry will rival that of Yukon country, from the fact that the great expense of irrigation will be avoided.

An Epidemic of Whooping Cough.
Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—JOHN E. CLIFFORD, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by Blakeley & Houghton, druggists.

New Fruit Pest.

SALEM, May 4.—A new fruit pest has made its appearance in several orchards in the vicinity of Salem. It is a small bug, similar to what is known as the pea weevil, and works on the buds of new grafts. S. P. Kimball, a Polk county orchardist, says the insect seems to be the same as one that made its appearance several years ago, and after alarming fruitgrowers disappeared without doing any damage.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNCH, Dorr, W. Va. This remedy is sold by Blakeley & Houghton, never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain and this quick relief which it affords is alone worth many times its cost. For sale by Blakeley & Houghton.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

MAC ARTHUR TAKES SAN FERNANDO

Town Has Been Evacuated by the Filipinos.

REBELS TRY TO BREAK THROUGH

Demonstration is Unsuccessful—The Idaho and California Regiments Were Also Ineffectually Attacked During the Night.

MANILA, May 5.—4:55 p. m.—Major-General MacArthur's division advanced to San Fernando today and found that that place had been evacuated by the rebels, who left a detachment to cover their trail by train. General MacArthur occupied the burning town without loss. The rebels south of Manila attempted to rush through General Owenshine's line last night. The attempt failed, but the rebels maintained a fusillade of musketry on the Fourth infantry regiment for several hours. The demonstration was ineffectual beyond scaring the inhabitants of Malate. The outposts of the Idaho and California regiments beyond San Pedro Macati were also attacked during the night. General Lawton is still quartered at Balingag.

Lawton's Hard Campaign.

MANILA, May 5.—12:25 p. m.—Detailed reports of the work of General Lawton's expedition show that harder fighting took place during the early part of this week than earlier accounts indicated.

In the attack upon San Rafael the American forces were met with heavy fire from a large number of rebels who were concealed in the jungle on all sides. It was only the adoption of tactics followed in Indian fighting in the United States—every man for himself—that saved the division from great loss. General Lawton, as usual, was at the head of his line with his staff. Scott's battery was demolished.

General Lawton, when attacking in force outside of Balingag, saw women and children in the rebel trenches, and sent Captain Case in advance with a white flag to warn the insurgents to remove the noncombatants. When within 500 yards of the trenches two volleys were fired at Captain Case's party.

On Wednesday, April 3, the men encountered some Filipinos beyond Balingag and drove them until their 150 rounds of ammunition had been reduced to fifteen. They were about to retire when Lieutenant Boyd with a troop of the Fourth cavalry came up with them, and chased the enemy into San Miguel.

There are 2000 Spanish prisoners in the hands of the Filipinos at San Miguel. They are served with five cents' worth of rice daily, and are compelled to work hard on the rebel defenses. Several hundred of the Filipino wounded are at San Miguel. The insurgents are sending the women and children to the Bianaonabato mountains. A Bolo chief and one of his men were captured at Balingag. General Lawton has released many of his prisoners.

General Luna Reported Wounded.

New York, May 5.—A Manila dispatch to the Journal says General Luna was wounded in the fighting near San Tomas yesterday. The dispatch also says the monitor is today shelling Paraque, South of Manila.
