

**An Excellent Combination.**

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO. illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

**A TRIP TO ATLIN CITY.**

A Nine Days' Trip From Skagway—How the City is Booming.

A letter received by relative from Mr. and Mrs. H. P. Michell, tells of their safe arrival in Atlin City on the 13th of last month, just one year from the day they left Goldendale. Having spent the winter in Skagway, they started from that place on the morning of April 4th, for Atlin, over the White Pass and Yukon railroad. Reaching the summit at 1 o'clock they were compelled to remain there over night. Pitching their tent on about twenty feet of snow, they made good use of a feather bed which they had been in the warmest house in the land.

Log Cabin, where the custom house is situated, is fourteen miles from the Summit. As there is a rush continually, they were compelled to wait until the following day before the officer could inspect their freight. The rules here are very rigid, much more so than at the line between Washington and the British possessions. The remainder of the journey over the Fan Tail route, although much shorter than the route Mr. Butler took, must be made on foot, and is the route the footmen with hand sled all take. Regarding this portion of the journey, the letter says: "We made the trip in five days, and found good camping places every night with plenty of Alaskan feathers piled on the snow. All we had to do was to pitch our tent and get wood, which is plenty and dry. So it is not such a hard trip if a person uses good judgment and doesn't try to hurry through. The roads over the lake were fine. We had three portages to make where the snow was soft and melting and it was hard to pass over, but aside from that the road is good."

Speaking of Atlin, they said: "Atlin City is a wonder. There must be 3000 people here now, and all kinds of places of business. Several large hotels are going up, and the streets being all laid off makes it look quiet civilized."

The snow is melting very fast and they seem to think it will be all gone by the first of June. The day the letter was written, April 15th, they were putting up ice twenty-four inches thick.

Mr. Butler arrived at Atlin the day after Mr. Michell's party, and left for his claim on Spruce Creek.

Discovered by a Woman.  
Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.
