SOLDIERS' PERSONAL BRAVERY

As Many Instances in the Philippines as in Cuba.

MANY HEROIC ACTS UNNOTICED

How a Kentucky Clay Received and Bore a Wound.—The Remarkable Coolness and Courage of Captain Gregg, of the Fourth Infantry.

MANILA, April 2, via San Francisco, May 9.—Instances of personal bravery have been quite as numerous in the American army in the Philippines as during the Cuban campaign, but the correspondents have not had the same opportunity to chronicle these deeds of daring in the Orient, because owing to the thickness of the country penetrated, many heroic acts were unseen and unheard of for days after their occurrence.

One soldier who has well illustrated the quality of the American army is Captain Charles Clay, of the Seventeenth infantry. Captain Clay is a native of Lexington, Ky., and a grandson of Henry Clay. He brought new honors to the family name in Cuba, where during the hottest action of the Santiago field, when his men were lying behind cover for a shelter from a shower of bullets, he marched back and forth in front of his company as erect and cool as though on dress parade, nor would he yield to the appeals of the men that he find shelter. "The captain never forgot for a second that he was a Clay," one of them expiated.

When Captain Hale was assigned to a brigade in the Philippines he appointed Clay to the position of adjutant. On the first day of MacArthur's advance, Captain Clay, riding erect, as usual, received a bullet through his neck. He lay six hours in the jungle before he was discovered, and as the wound was a dangerous one at best, his life was despaired of. His only thought when he was brought into the hospital was that his family should be informed that he was but slightly injured. He is now, however, well on the road to complete recovery.

Among those officers who have fallen no one will be longer or more loyally remembered by his comrades than Lieutenant Gregg, of the Fourth infantry. No man in the army had more than he to make life worth living, for he had friends, success in his profession, and a vitality and physical strength that made him the impersonation of the athlete and soldier. His fearlessness and confidence in his powers contributed to his death. In the beginning of the hot fight at Mariquina, which General Hall conducted with such skill and success that it was worthy of more attention than the overshadowing importance of MacArthur's advance permitted, Gregg was near his chief. The horse he rode had just been shot under him. He was taking off the saddle when a man warned him that the shot had been fired by a sharpshooter in a tree near by. Refusing to take cover, as most of the men were doing, the lieutenant stepped forward, and standing erect, uncased his field glasses to look at the tree. Just as he raised them to his eyes a puff of smoke was seen in the tree, Gregg put his hand to his breast and fell forward, killed instantly.

Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10. Hall's Family Pills are the best.

POLITICS AND BAD LUCK

Caused the Suicide of W. E. Goodin at Walla Walla.

WALLA WALLA, May 8.—W. E. Goodin, a well-known railroad man and for several years editor of the Minneapolis Times, committed suicide here today by shooting himself in the head. The body was found lying in an outhouse back of his lodging house. Goodin came to this city last Thursday to take a position as traveling freight agent of the W. & C. R. R. Owing to ill health, he was unable to go to work and was under the care of a physician. He left a letter to the coroner, and one to his friend, General Manager McCabe, of the W. & C. R. R. The letter to the coroner stated that an inquest was unnecessary and it was simply a case of "too much politics and bad luck." The letter to McCabe was a lengthy one and among other things said:

"I don't know why I am going to do it; I must be crazy, but it is the only way out of it." He enclosed a roll of greenbacks which he requested be sent to his wife.

Goodin was a man of temperate habits, well educated and of refined tastes. He leaves a wife and three children in Minneapolis; also a brother in business in Minneapolis or St. Paul. The body will be shipped to the family for interment.

An Epidemic of Whooping Cough. Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—JOHN E. CLIFFORD, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by Blakeley & Houghton, druggists.

NO UNION MINERS CAN BE EMPLOYED

Martial Law Will Deal Severely With Both Them and Their Late Employers.

WARDNER, Idaho, May 9.—The proclamation given to the press last night was formally issued today with some modifications by Governor Steunenberg's representative, State Auditor Sinclair, with the approval of General Merriam. This is the most radical blow yet aimed at the criminal organizations of this region, and all loyal citizens are hopeful that it will prove an absolute remedy. It is directed to the mineowners of this county, and denies their employment of men belonging to organizations proven to be criminal during the continuance of martial law.

All miners applying for work will be required to get a permit from the state, first denying their participation in the recent riots, and secondly denouncing membership of any society which has approved of said riots. Mineowners refusing to comply with those conditions will be required to close down their mines.

The state is building a pen 150 by 120 feet in size, with four rows of bunks around it.

The inquest is still progressing, and may last several weeks yet.

Discovered by a Woman. Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

RECONNOITERING PARTY ADVANCES

Two Companies of the Oregon Regiment Are in the Expedition—Major Diggles, the Commander, Wounded.

MANILA, May 9.—6:35 p. m.—A reconnoitering party from Lawton's command, consisting of two companies of the Minnesota regiment and two companies of the Oregon regiment, under command of Major Diggles, of the Minnesota regiment, advanced yesterday to a point near San Miguel, twelve miles north of Baling. The Americans were met with a volley from a force of rebels behind a trench. Major Diggles was wounded in the head, and a private, together with ten typhoid patients, were brought by special train to Manila today.

The San Joe, the last of the missing steamers under the American flag which were detained by the insurgents since the beginning of the war, was found by the gunboat Manila at Batangas, and arrived here today.

BIG RAILROAD TRUST ON

Consolidation of Lines Between Boston and Chicago.

DETAILS BEING WORKED OUT

Roads Will Be Apportioned Among the Vanderbilts, Pennsylvania Co. and the B. & O.

CLEVELAND, May 8.—The Leader will say tomorrow:

"According to a high official of the Vanderbilt lines in this city, the details of a big railroad trust, which is to include all the lines between Boston and Chicago, are now being worked out and the consolidation may be completed within the next few weeks. The recent purchase of short lines in New York, Pennsylvania, Ohio, Indiana and Illinois was in line with the plans for the consolidation which has been in contemplation. It is not the purpose to have all the lines under one management exactly, but to apportion them among the Pennsylvania company, the Vanderbilt interests and the Baltimore & Ohio Company, when it shall have been reorganized, giving to each system the lines it can use to the best advantage.

Those who have been watching the changes in the railroad world do not doubt that it will be carried through successfully. The purpose of the consolidation is said to be to prevent rate-cutting and to accomplish practically what the Joint Traffic Association was organized to do."

The Best in the World. We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used." Snipes-Kinerey Drug Co.

PAYING OFF OLD SCORES.

The Unique Means Taken by Six Young Men to Even Up with a Coquette.

There is a young coed at the University of Chicago who has been doing a lot of thinking lately. Ever since her debut in the Midway school she has been one of the most popular girls at the institution, but unfortunately for herself and several ardent admirers, she contracted a coquettish manner, which caused untold jealousy on the campus. Several of the boys got together one cold afternoon a few days ago and before long the conversation turned to the charming young woman in question. Then and there a scheme of revenge was decided upon by the six. It was in effect that all go and call on the lady the same evening, entering 15 minutes apart, and to regard one another as perfect strangers as well as interlopers. One of the six described the event as follows:

"It was a villainous thing to do, but the girl is somewhat of a joker herself, and we all had an old score to pay off. We carried out the idea to perfection. I was the first to call and the girl said she was glad to see me. Before she had time to say anything else another young man was ushered in. She was glad to see him, too. But when the third young man arrived she was somewhat confused and stammered a little over her welcome.

Queer Names for Women.

The wives of some of the Indian braves have names as odd and often as droll as their husbands. They seem to have cognomens of their own, too, and not to take those of their spouses only. Some of the actual names given in a census of the families of the scouts at one place include Mrs. Short Nose, who was before her marriage Miss Piping Woman; Mrs. Big Head, formerly Miss Short Face; Mrs. Nibbs, formerly Miss Young Bear; Mrs. White Crow, formerly Miss Crook Pipe; Mrs. Howling Water, formerly Miss Crow Woman; also Mrs. Sweet Water, Miss Walk High, daughter of Mr. White Calf, and Miss Osage, daughter of Mr. Hard Case.
