

FOUR REGIMENTS OFF FOR MANILA

Will Soon Start From New York Via Suez Canal.

THREE TRANSPORTS READY

The Thomas, Meade and Logan Will Be Permanently Transferred From the Atlantic to the Pacific Fleet.

NEW YORK, May 11.—A special to the Tribune from Washington says: The war department is preparing to send four regiments of regulars to Manila by way of New York city and the Suez canal, utilizing for the purpose the transports Thomas, Meade and Logan, which are to be permanently transferred from the Atlantic to the Pacific fleet. These vessels will be prepared for their new duty as speedily as possible, and work has already begun under urgency orders on the Thomas, which is the largest and finest transport owned by the government, and which should be ready to depart with one complete regiment and an additional battalion before the end of the present month. The Thomas reached New York last Sunday from Guantanamo. She has a capacity for carrying 2000 men in addition to large quantities of stores and regimental baggage. The Logan, which will quickly follow the Thomas, is practically a sister ship of the Grant, the Sherman and the Sheridan. She will carry 1700 men. She is at Galveston and should report at New York in about two weeks. The Meade, which has a capacity of about 1300 men, left New York for San Juan on May 1, on her last trip before being made ready for the Philippines. These ships will be docked in order that they may attain their highest speed on the outward voyage, and their accommodations for troops will be thoroughly renovated, to guard against possible infection after their West Indian voyages.

THEY INDORSE GOVERNOR GEER

Veterans Sustain His Attitude on the Recall Subject.

SALEM, Or., May 10.—The following resolution, signed by John M. Parry, post commander, and B. F. Pike, post adjutant, was received by Governor Geer this morning from W. T. Sherman post, No. 4, department of Oregon, G. A. R., of Wasco:

"Resolved, That this post most heartily indorses the action of Hon. T. T. Geer, governor of Oregon, for his action in refusing to demand the return of our volunteers from the Philippines, believing that the demand for their recall at this time, when their services are needed by the national government, would be a foul blot on the record of our brave and patriotic regiment, who have shown themselves to be the equals in patriotism and gallantry in camp and field of any body of men who ever faced their country's foes. And by said action the name of Hon. T. T. Geer will be enrolled with the names of our other war governors, who so nobly sustained the national government in the days of the civil war."

PRESIDENT WILL VISIT THE COAST

Report that He Will Come West to San Francisco, and Return by the Northern Pacific.

CHICAGO, May 11.—A special to the Times-Herald from Washington says: President McKinley proposes to make a tour of the west during his summer vacation. Arrangements for the trip have not yet been perfected, but it is understood he will go to San Francisco by the Southern Pacific route, and return to this city on board a special train on the Northern Pacific, stopping en route at the Yellowstone Park and other points of interest. He will leave about the middle of July and be gone probably six weeks.

Sales of Sheep.
WASHINGTON, May 10.—Rear-Admiral Van Reypen, surgeon-general of the navy, has received a letter from Surgeon Stevenson, of the Oregon, at Manila, stating that the health of the ship's company is excellent, notwithstanding the trying heat of the tropics. Surgeon Stevenson added: "The admiral (Dewey) is looking well and feeling well."

Cold Reception to Mrs. George.
COLUMBUS, O., May 10.—A State Journal special from Steubenville, O., says: Miss Anna E. George delivered her first lecture at the Olympia theater in this city tonight. The house seated 1200, but there were only fourteen people who paid the admission fee to hear her. She delivered, however, the lecture, which was practically a sketch of her life.

Overflowing Its Banks.
LA GRANDE, May 10.—As a result of one day's rain followed by two warm days, the Grand Ronde river is booming and is now the highest it has been this season. All the low lands in the Grand Ronde valley are submerged and great damage is being done to fall-sown grain. Should the mild weather continue, great anxiety is felt for the safety of a portion of La Grande.

OTIS CABLES INFORMATION

It Does Not Yet Clearly Appear When The Volunteers Will Start.

WILLING TO MAKE SACRIFICE

The Transports Now Returning Carry Only the Sick and Wounded—The Volunteers First Scheduled to Return Are Now at the Front, 45 Miles From Manila.

WASHINGTON, May 11.—In reply to the cable of Adjutant-General Corbin last night in regard to the return of volunteers, General Otis cabled this morning:

"Manila, May 11.—Adjutant-General, Washington: The volunteers first to return are now at Negros, and forty-five miles from Manila, at the front. It is expected that transports now arriving will take the returning volunteers."

"The volunteers understood that they will begin to leave for the United States the latter part of this month, but they know the importance of their presence here at this time, and accept the sacrifice, which the United States' interests make imperative. The Hancock is now entering the harbor. Transports returning this week carry sick and wounded men. The Pennsylvania and St. Paul are not longer needed in southern waters, where they have been retained, hence I dispatch transports. The Nelson and Cleveland brought freight and return without cargo. OTIS."

The Hancock, which General Otis reports as entering the harbor, sailed from San Francisco April 18, carrying the Twenty-first infantry, and light battery E, First artillery, in all 34 officers and 1431 enlisted men, Colonel Jacob Cline, Twenty-first infantry, commanding.

Later dispatches from General Otis say:

"Manila, May 11.—Adjutant-General, Washington: The health conditions of the troops that arrived on the Hancock are excellent, there being but two deaths en route, those of Private Dio E. Jones and Elmer H. Chevalier, companies L and B, Twenty-first infantry, April 24 and 26. OTIS."

Progress Being Made.

Still another cablegram was received, as follows:

"Manila, May 11.—Adjutant-General, Washington: The situation is as follows: We have succeeded in passing army gunboats to Calumpit for use in the Rio Grande. Railway connections with that point were secured this week. The passage of the gunboats through the Macabebe country was hailed with joyful demonstrations by the inhabitants. In the country passed over by the troops, temporary civil administration was inaugurated, and protection to inhabitants against insurgents' abuses given as far as possible.

"Signs of the insurgents' disintegration are daily manifested. The obstacles which the natural features of the country present can be overcome. OTIS."

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10 Hall's Family Pills are the best.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.
