

A SATISFACTORY CONCLUSION

Of Philippine Affairs Expected by the Administration.

AGUINALDO ASKS FOR PEACE

It is Thought His Agents Will Agree to the Conditions Proposed by American Commissioners—Present Disposition of Our Troops.

NEW YORK, May 15.—A special to the Herald from Washington says: A satisfactory conclusion is expected by the administration of affairs from the conference which will be held by the American Philippine commissioners which Aguinaldo proposes to send to Manila.

In his dispatch to the war department today, General Otis announced that Aguinaldo had sent a messenger to him expressing a wish to send a commission to "arrange terms of peace."

It is probably apparent to the Filipinos that there is nothing to be gained by conducting negotiations for the purpose of obtaining a temporary cessation of hostilities.

Aguinaldo's Absurd Boasting.

LONDON, May 15.—The Filipino junta here has received the following message from Aguinaldo, cabled from Hong Kong under date of May 12: "The Filipino government, in accordance with the general feeling of the country, has decided to continue the war at all costs until independence is secured."

"The heat and rains are causing many casualties in the American army. All hospitals are crowded with the sick and wounded. Four hundred of the Cincinnati regiment have been imprisoned by General Otis for insubordination in refusing to fight."

Cold in Nebraska.

OMAHA, May 14.—The past twenty-four hours have been characterized by unreasonable cold weather, heavy rains and severe hail storms throughout Nebraska.

ROYAL BAKING POWDER ABSOLUTELY PURE Makes the food more delicious and wholesome

panied by hail, occurred. The hail fell steadily for ten minutes and broke many windows, and did other damage.

CATARRH OF THE STOMACH

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery rigings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing;

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach.

According to Dr. Haselanson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., says: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

Frost at Helix.

PENDLETON, Or., May 14.—A belated frost came to the Helix neighborhood last night, and did damage to the grain interests. Grain was leveled to the ground. Even water pipes in houses burst. What amount of injury was done the grain cannot now be told, but it is believed by the farmers that it will be by no means inconsiderable.

Notice.

Have you a farm for sale or for rent, or do you know of any person holding farming lands that they wish to dispose of? If so, please write to any agent of the O. R. & N. Co., and he will send you a circular which will interest you.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine;

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us.

Notice.

Notice is hereby given that there will be an annual meeting of the stockholders of the Golden Eagle Mining Co., at the office of French & Co., bankers, Wednesday, May 31, 1899, at 7 o'clock p. m. for the purpose of electing seven directors and transacting such other business as may properly come before said meeting.

Working Night and Day

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fog into mental power.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N. Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year.

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured."

UNION MEN ARE SULLEN

Irritated for Being Shut Out of the Coeur d'Alenes.

PERMITS MUST BE HAD THURSDAY

New York Federated Labor Associations Denounce General Merriam's Order.

WARDNER, Idaho, May 14.—The crisis in the labor troubles here will begin on Thursday of this week. Should the period pass over quietly, no more outbreaks of lawlessness need be looked for during the continuance of martial law.

Thursday is the last day allowed under the recent proclamation for working miners to apply for permits to remain in underground employment. On that day the inspection of the mines all over the Coeur d'Alenes will begin.

Up Canyon creek, where none but union miners are employed, they sullenly refuse to make application for the cards. In order to secure a permit, the miners must renounce membership in the society "which has fostered or encouraged" the recent lawlessness in the district.

The steamer Spokane has been placed in service on the Snake river between Sparta and Lewiston with double daily service and will be operated as a through mail, express and passenger steamer, making round trips daily except Saturday.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used."

THE TROUBLE AT BUFFALO

Shovelers Refuse to Go to Work, and "Monthly" Men Determined to Strike—All Elevators Tied Up.

BUFFALO, May 15.—The grain shovelers whose troubles were believed to have been satisfactorily settled have refused to go to work in the elevators with the men who have been working and whom the contractors refuse to discharge.

Situation More Serious Than Ever.

BUFFALO, May 15.—Business is at a standstill at the coal and ore docks, but the railroads have men at work on their docks handling freight. Thirty-five levee negroes from Cincinnati were put to work from the Central docks today. The "monthly" men from the elevators held a meeting and determined to order out all the men who manipulate the elevator machinery, including the steam shovelers.
