

## CIRCUMVENTION OF TIME'S WORK

Alleged Discovery That Will Resist Old Age's Approaches.

## SCHEME TO PERPETUATE YOUTH

Two Chicago Professors Claim That the Lymphatic Fluids of Animals, Particularly Goats. Will by Hypodermic Injection Renew the Elasticity of Youth.

CHICAGO, May 16.—The Tribune says: A discovery which, it is claimed, solves the problem of circumventing old age, has just been made public by Professors Joseph R. Hawley and Alex. C. Wiener, of the Chicago clinical school. The return to youth, it is asserted, is produced by hypodermic injections of lymphatic fluid of animals, particularly young goats. The discovery was made a year ago and subsequently a secret demonstration of its efficiency is asserted.

The general theory of the discovery is that, if the mineral deposits which accumulated in the bones in the process of life can be replaced with the life cells contained in the lymphatic glands of goats, deterioration of the bones will be prevented, and the elasticity of youth will be retained much longer.

In one of his experiments at the clinical school, Dr. Hawley administered hypodermic injections of the fluid from the lymphatic glands of a goat to a dog known to be 14 years. A diagnosis of a portion of the femur before the injection showed the bone contained large deposits of phosphate, carbonate and soda. The dog was watched carefully for two months, during which frequent injections of the lymph compound were made. At the end of that time another diagnosis showed that the larger part of the mineral deposits had been removed, and the animal was as lively as a puppy.

A number of human beings, it is said, have been experimented on in Chicago in the same way and with the same results.

The apostles of the discovery do not claim that a man or woman thus charged with goat's "life cell" will live forever, but they say life will be prolonged, perhaps doubled.

## AWFUL TRAGEDY AT LOSTINE

Hon. J. A. Hunter Killed by Mrs. C. R. Elliott, a Neighbor.

LOSTINE, Or., May 15.—Sunday evening about 9 o'clock, Hon. J. A. Hunter, an early settler and one of the most prominent men in Wallawa county, was shot and instantly killed by Mrs. C. R. Elliott, a near neighbor, who then committed suicide by taking poison.

There has been a feud of long standing over family affairs between the Hunters and Elliotts, whose families are intermarried, a son of the murdered man having married a daughter of Mrs. Elliott.

About 9 o'clock Sunday evening Mrs. Elliott knocked at the Hunter house and was answered by Mrs. Hunter, to whom she said:

"It is not you I want to see, it is Mr. Hunter."

Mrs. Hunter then called her husband, and he got up and dressed and came to

the door. On his opening it and without saying a word, Mrs. Elliott fired on him with a shotgun, the charge striking Hunter in the abdomen and ranging upward, death resulting almost instantly. Mrs. Elliott then left the house and hid by a foot bridge between the home of her son-in-law and the Hunters', evidently expecting an opportunity to kill young Hunter when he should go over to his father's home, but he was warned by his mother, and they roused the neighbors who began to search for Mrs. Elliott. They found her dead in a plowed field a short distance from the Hunter home. She evidently found that she could not get a chance to kill young Hunter and had taken poison.

## CATARRH OF THE STOMACH

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery rigings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing; headaches, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Haslanon the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., says: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have flesh, appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

## SITUATION BECOMES ALARMING

Appearance Indicate Cubans Will Make Armed Resistance.

## INCENSED AGAINST GENERAL BROOKE

Indignant at the Proposal to Pay Them Off With a Pittance—The Unenviable Position of General Brooke.

NEW YORK, May 16.—The Herald's Havana correspondent telegraphs as follows: The situation has become most alarming. To all appearances the Cubans are about to make armed manifestations against the United States and its mode of governing the island, although the conservative element still hopes for peaceful arrangements. This state of affairs, which was brought abruptly to a head last Saturday by a partial quarrel between General Gomez and General Brooke, has been forming for the last two months. The first move has been made by the army. It will probably be supported by many Cubans. The army, which is really represented (although many dispute his authority), by Gomez, is incensed against Brooke and his policy. The soldiers declare they have been miserably fooled and trapped by the Americans. They look upon the exchange of a gun for \$75 as an ignominious transaction for them, as they have not been defeated by Americans, and consequently they refuse to change. Some persons say the determination of the army not to surrender arms is an outcome of General Brooke's refusal to sanction Gomez' plan for a Cuban militia. At the Cuban headquarters this statement is indignantly denied, in particular by Gomez, who, however, refuses to discuss the present situation.

## No Alarm in Washington.

WASHINGTON, May 16.—General Brooke has not reported to the war department any serious situation in Cuba, and it is not believed in the department that any alarm need be felt regarding the condition of affairs. Communications General Brooke has made to the war department regarding the situation are not given to the public, but the officials understand the sources of the present trouble is that generals of the Cuban army are disappointed because they are not likely to realize as much out of the money appropriated for the army as they think they should. One thing is assured beyond all other considerations; the United States will remain for the present in absolute control of the island, and the orders of the officers in command will be sustained by the government at Washington.

## Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CUNNEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10 Hall's Family Pills are the best.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNCH, Dorr, W. Va. This remedy is sold by Blakeley & Houghton, never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain and this quick relief which it affords is alone worth many times its cost. For sale by Blakeley & Houghton.

If you have piles, CURE them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you. Snipes-Kinnersly Drug Co.
