CHASE STILL

Insurgents, After a Brief Resistance, Flee Into and From Their Latest Capital.

OREGON BOYS IN THE LEAD

Many Insurgents are Returning Home, and Take Off Their Hats to the Americans.

MANILA, May 17, 6:30 p. m.—Although the rebels still threaten San Fernando in considerable force, a large number of natives, the majority of them having families, with their household goods, are moving daily to the towns inside the American lines at Apalit. Many of the richer Filipinos are coming to Manila, and laborers are resuming work in the rice fields. The latter show their respect for American sovereignty by removing their hats to the passing trains.

At daylight today Lieutenant Hill, who, with 25 men of the Fourth infantry was concealed in the trenches near Pasig, was attacked by a force of rebels who evidently imagined they could capture one of the outposts because only a few shots had been fired by the American force. A few volleys put the enemy to flight, the rebels losing five men killed and a number wounded.

6:55 p. m.—Colonel Summers' command, consisting of the Twenty-second infantry, on the left, the Minnesota regiment in the center and the Oregon and North Dakota regiments on the right, preceded by scouts and accompanied by Shott's battery of artillery, advanced from Baluarte at daylight. The troops first encountered the enemy two miles from San Isidor, the rebels retiring when our artillery opened fire. Just outside the town, a rebel force estimated to number 2000 men, was entrenched. It made a slight resistance, and quit the town when our troops turned their right flank. The enemy's loss was fifteen killed and twenty wounded. Our troops also captured three prisoners and many rifles. On the American side, one soldier of the Oregon regiment and one of the Minnesota regiment were slightly wounded. After capturing the town, Col. Summers' troops continued their advance, pursuing the retreating rebels for several miles.

Lawton Captured Isidor.

WASHINGTON, May 17.—The following dispatch has been received at the war department:

"Manila, May 17.—To Adjutant-General, Washington: The situation is as follows: Lawton, with much tact and ability, has covered Culacan province with his column, and driven the insurgent troops northward into San Isidor, the second insurgent capital, which he captured this morning, and is now driving the enemy northward into the mountains. He has been constantly fighting, inflicting heavy losses and suffering few casualties. The appearance of his troops on the flanks of the enemy behind entrenchments thrown up at every strategic point and town, was very demoralizing to the insurgents, and has given them no opportunity to reconcentrate their scattered troops.

Sheep Still on Winter Range.

PENDLETON, May 15.—The promise of a few weeks ago that by this time all the sheep would be in the mountains and beginning on the summer range, has not been realized. Many bands which were started for the mountains have been brought back to the winter range. In many of the mountain regions, where

now there would ordinarily be good trails into the higher altitudes, the roads are impassable, and it is impossible to send the sheep through. E. T. Wade, a well-known sheepman, says that all his sheep have been returned to the winter range, and it looks as though they must be kept there for some time yet. Others repeat what Mr. Wade says.

CATARRH OF THE STOMACH

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery rigings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Haslamson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., says: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have fish, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing F. A. Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

Steam Saw Notice.

On account of the dull season now being at hand in the wood sawing line, Wm. Cates has decided to run the steam saw but two days in the week, Tuesdays and Fridays. Patrons will, therefore, govern themselves accordingly and prevent friction in the matter. Call upon Phone 201.

MORE TROOPS FOR COEUR D'ALENE

General Merriam Will be Given Two Troops of Cavalry.

WASHINGTON, May 17. Secretary Alger has received the following telegram from General Merriam in explanation of the situation in Coeur d'Alene country: "Wardner, Idaho: Adjutant General, Washington—The governor of Idaho has carefully reviewed the situation here, and deems it necessary to place troops at Burke and Mullan to avoid disorder. I request two troops of cavalry. Referring to the press criticisms, I have made no order. My action is limited strictly to the support of the state authorities. There are 359 prisoners still in custody under investigation."

MERRIAM, Brig.-Gen.

WASHINGTON, May 17.—The war department is satisfied with the dispatch of General Merriam, and the belief is expressed that he has only assisted the governor of Idaho and the military will not be used for any other purpose than that for which it was sent to the disturbed regions. The troops of cavalry requested by General Merriam will be sent from Fort Meade, South Dakota, and Fort Robinson, Nebraska.

THE SECOND OREGON'S RETURN

Troops May Yet be Mustered Out in Portland.

WASHINGTON, May 16.—Senator McBride has had further conferences with the war department regarding the return of the Oregon regiment to Portland. Colonel Summers has again cabled saying that the regiment prefers to go by way of San Francisco, and be mustered out at Portland. Secretary Alger said today that the camp tentage and other equipment at San Francisco made it more practicable to muster out the troops there. It is possible, if the ship is sent up the Columbia, it may be used for quarters until the muster out. Secretary Alger told Senator McBride that Oregon should have her share of the captured cannon. It is expected two will be obtained from the navy department and two from the war department for the soldiers' monument.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N. Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year. Cars are of the very latest pattern, in fact being the most improved up-to-date sleeping cars turned out by the Pullman Company. These new palaces will leave Portland on the evening fast train of the O. R. & N. arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 191f

BOAT RAILWAY WILL NOT GO

Ten Years Lost That Might Have Brought a Canal.

ENGINEERS OPPOSED PROJECT

Washington Delegation Also Fought Against Opening the River to Inland Empire.

WASHINGTON, May 10.—Evidence continues to accumulate indicating that the proposed boat railway at the dalles of the Columbia, known as Celilo falls, and Three-Mile rapids, of the Columbia river, will never be constructed. The boat-railway project for the improvement of the Columbia river is now nearly ten years old. When the 51st congress met, Senator Mitchell introduced a bill providing for the construction of a boat railway. It was referred to the committee on transportation routes to the seaboard, the committee of which Senator Mitchell was then chairman, and by his committee favorably reported to the senate. During one of the days in congress when there was little else to occupy the senate, Senator Mitchell called up the bill, made an elaborate speech upon it, and presented all its features in detail, and showed conclusively that the project was one which should be favorably considered by congress.

At the conclusion of his speech the bill was passed, as many such bills are in the senate. Senator Mitchell was an earnest advocate of this improvement, and believed it the solution of the of the problem of getting around the obstruction at the dalles.

Many bills are passed in the senate in much the same way as this. So far as the actual facts are concerned, everybody understood that no improvement at the dalles or any other river or harbor improvement was likely to become a law unless it became a part of the river and harbor bill.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNCH, Dorr, W. Va.
