

EFFORTS TO DELAY PEACE

Seat of Government Again Removed This Time 30 Miles Away.

AMERICANS WILL CONTROL

Generally Conceded That Further Opposition to Americans is Useless—Filipino Leaders Have Been Ready for Several Days to Surrender.

MANILA, May 19.—6:40 p.m.—General Luna is reported to be making desperate efforts to restrain educated Filipinos within the limits of his self-appointed jurisdiction from communicating with the Americans, even to arresting Encamino and Herrera, two of the most influential officials coming via San Isidro today.

This and the removal of the seat of government to Taric, thirty miles north of San Fernando, may lead to complications and delay in pacification, but it is generally conceded that further opposition to American sovereignty is useless and ridiculous. Neither General Luna nor Rio del Pilar has sufficient force to resist or compel submission.

NEW YORK, May 19. A dispatch to the Herald from Manila says: Definite peace propositions from the Filipino government are imminent. The Americans positively have entire control of the situation if the rainy season does not set in within ten days and make further military operations impossible, should the insurgents still prove intractable.

The purpose of the Filipino leaders to give up the struggle against American authority was made known by two delegates of the Filipino peace commission who remained in San Isidro when it was captured and surrendered to Lawton's advance guard. In conversation with American officers they state that the Filipino forces have been for the last four days willing to secure peace on any terms that General Otis might see fit to offer. They declare that General Lawton, by his rapid and energetic advance from Balirag, has not allowed their forces a moment's cessation from fighting.

The delegates add, as their most important piece of information, that Aguinaldo himself will sue for peace through the peace commission within two days. If he does not so act, the Filipino government will repudiate him, as four-fifths of the natives are weary of the war and desire an early ending of hostilities.

DEWEY WILL START TODAY

A Halt at Hong Kong, Where the Olympia Will Be Thoroughly Overhauled and Put in Trim.

NEW YORK, May 19.—A dispatch to the Journal and Advertiser from Hong Kong says: Admiral Dewey will leave Manila on Saturday morning, the 20 inst. If all goes well, he will arrive here next Monday morning. Arrangements have been made here to put the Olympia, the admiral's flagship, in drydock as soon as she arrives. Her long sojourn in tropical waters has fouled her bottom so badly that she will need a thorough scraping in order to fit her for her trip across the Indian ocean.

There are other matters, too, that will need to be looked after. Her machinery will be completely overhauled. New "trim" will be added and the "ginger-bread" work which was dispensed with at the time she was put in war rig will be replaced. She will be coaled and pro-

visioned here, and when she steams out of the harbor about two weeks hence she will be in shape to make another record-breaking voyage with her record-breaking admiral.

CATARRH OF THE STOMACH

A Pleasant, Simple but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied with sour or watery rigings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Haslanson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., says: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. THEY ARE GOOD PILLS. RETURN OF THE VOLUNTEERS

Arrangements Being Made by the War Department.

WASHINGTON, May 18.—Secretary Alger had a long conference today with the heads of the staff bureaus of the department regarding arrangements for the return of the volunteers. Nearly every state has requested that the regiments be returned to the states whence they came, as the people want to see them as organizations instead of as individuals. If this be decided upon, while awaiting muster out, they will be held in camp either at San Francisco or at state camps, where these exist.

It is expected that the Minnesota regiment will be sent to Fort Snelling; the Oregon regiment to Vancouver barracks and the Washington troops to the post near Seattle. It is asserted, however, that the soldiers prefer to be mustered out at San Francisco, as they then will receive travel pay to their home, and can make transportation rates, that will give them some extra money.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNN, Dorr, W. Va. This remedy is sold by Blakeley & Houghton. Never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain and this quick relief which it affords is alone worth many times its cost. For sale by Blakeley & Houghton.

Mines Closed Down.

WARDNER, Idaho, May 18.—The Bunker Hill is now the only mine running in the Coeur d'Alenes. The mill is being rebuilt, working night and day shifts. All other mines are closed under General Merriam's orders. A company of troops went to the canyon today to guard the property. The new prison is nearly completed, and will be occupied Saturday. There are 395 prisoners. The request is progressing, and may last two weeks longer.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

NICARAGUA CANAL IS SETTLED

Commissioners Settle Their Disagreements.

READY FOR THE PRESIDENT

It Will Recommend the Lull Route as the More Desirable.

WASHINGTON, May 18.—The Nicaragua canal commissioners, Admiral Walker, Colonel Haines and Mr. Haupt, are understood at last to have settled the serious disagreements which have so long delayed the report of the commission, and which for a time threatened to make necessary the appointment by the president of another commission under the authority conferred by the last session of congress.

The compromise effected among the commissioners results in their fixing the cost of the proposed waterway, which is pronounced entirely feasible, at \$125,000,000. It is believed the report will be signed and delivered to the president immediately upon his return from Hot Springs to Washington.

The members of the commission having agreed after the elaborate and thorough consideration they have given to the subject, it is believed that the last objection to the beginning of the interoceanic waterway has been swept aside, and that congress may be relied upon promptly to authorize the canal's construction.

A modified route is recommended. It was the opinion of the commission that of the two routes estimated for, the Lull route was the more desirable, because it is easier of construction, presents no problems not well within good engineering precedents, and will be a safer and more reliable canal when completed. It is also the expressed conviction that the dimensions and form of construction preferred by the commission were better than the cheaper form with smaller dimensions, which would undoubtedly call for extensive improvements within a short time after its completion.
