

# SPECIALS FOR SATURDAY,

MAY 20th:

## PIQUES AND WELTS.

The demand for these goods is ever on the increase from the fact that there is nothing produced that has the style, beauty and character that is depicted in a well fitting suit, skirt or waist of this fabric. A still greater redeeming feature is in the fact that these goods do not crush and can be laundered like a pocket handkerchief. They are found in our stock both in vertical and horizontal stripes, also where the two stripes are combined, making a decidedly novel and stylish fabric. For this day only we will quote you extremely low prices as a special inducement to purchase at once.

### TAKE NOTICE.

TO OUR ADVERTISERS: All Changes in Advertisements must be handed in before 10 o'clock A. M., as no changes will be accepted in the afternoon. This rule will be positive. CHRONICLE PUBLISHING CO. The Dalles, January 10, 1899.

### WAYSIDE GLEANINGS.

Someone is heard to remark that The Dalles is well posted. Yes, in zoology.

A marriage license was granted yesterday to M. J. Hendricson and Mable Gannon.

The members of the Degree of Honor are planning to give a social on next Wednesday evening.

In the summer at the seashore it is pop the question; but in the winter, when the breach of promise case comes up, it is question the pop.

The postoffice at Hood River, will be raised from fourth class to a presidential office July 1, with the compensation of the postmaster at \$1100 per annum.

Someone said it was going to blow tomorrow. We won't repeat the assertion, however, for fear the elements might get wind of it and set up a howl.

It was reported yesterday that a body had been found in the river at Tumwater on the Washington side. No particulars could be obtained regarding the matter other than the mere fact that it had been found.

The high school graduating exercise will take place one week from tonight at the Vogt, when fifteen students will be graduated. The exercises by the public school pupils will be held on Friday evening at the same place.

Rev. Gentry Rushing, who was to assume the pastorate of the Christian church this week writes that he is unavoidably detained at La Grande until next week, hence he will not fill the pulpit here before Sunday, May 28th.

Wool is beginning to look up and next week it is expected the town will have many buyers looking up wool. It is likely that within at least six weeks most of the wool now stored in our warehouses will change hands, and at a fairly good price, too.

On next Monday evening Geo. H. Himes, of Portland, will speak in the Congregational church on "The History of the Literature of Oregon." The Taine class invite their friends and all interested to be present, to listen to what will surely be an interesting lecture.

The same team, consisting of Messrs. Bradshaw, Mays and DeHuff, which won the medal a week ago in the Friday evening tournament, won last night. On account of the contest with the Astoria team next Friday, the regular tournament will take place Thursday night.

P. G. Daut has returned from his trip to Prineville and is rushing around at a lively rate preparing to move into his new store on June 1st. It will be one of the prettiest jewelry stores imaginable, and Mr. Daut is anxious to get settled in it, as are also his patrons to have him do so.

Professor Lyman will preach in the Congregational church tomorrow morning, and his subject will partake somewhat of a historic nature, speaking in part of the past, present and future of Whitman College. In the evening the pastor, Rev. Poling, will take as his subject "The Light That Failed."

The school at Boyd, of which C. M. Sisson was principal, closed Thursday afternoon with appropriate exercises, after a most successful year, during which time among other things a good library has been started. Mr. Sisson has accepted the school at Mt. Hood, which will commence Monday, and today moved his family to that vicinity.

For the past forty-eight hours the river has stood at the twenty-foot mark. The reports say that there will be no rise in the upper rivers before Monday, and none west of Pasco before Wednesday. The maximum temperature in the mountains has been from 50 to 60 degrees, and the minimum about 40, which is ten degrees below normal and too low to melt the snow.

Tomorrow is the date set for the visit of the Germans to our city, the excursion from Portland being given by the Sons of Herman. The train will leave that city at 8:30 o'clock and reach here at about noon. Returning, they will leave The Dalles between 5:30 and 6. As the round trip costs but \$1, it is expected the excursionists will number at least a thousand. The Baldwin has been engaged as a sort of headquarters for the visitors and committees appointed to entertain them. The band will also furnish music for the occasion.

The meeting of the Wool Growers' Association, which has been called by President Young to meet in this city next Wednesday, will be of the utmost importance to all interested in wool growing and matters in connection therewith. Many questions of vital interest to that industry have come up recently, and will be discussed on that occasion. Capt. Ormsby will be present and give much information regarding the much-talked-of subject of grazing, and, beside, other and, if possible, more far-reaching and important matters will be brought up and the wool men given an insight into what so thoroughly affects them.

Dr. and Mrs. F. J. Fluno, of Oakland, Calif., and Miss Aldrich, leading Scientist, arrived on yesterday afternoon's train, the former being the guests of Mrs. J. W. French and the latter of Mrs. W. Lord, until this afternoon, when they left on the train. Last evening Dr. Fluno lectured on Christian Science in the courthouse to a fairly good audience. He is spoken of as a very entertaining and convincing speaker. Many who had a faint idea of what Christian Science really means were given a good idea of its teachings and those of its adherents present were more than pleased with his lecture on the subject which is at present gaining such a foothold throughout the United States. In Chicago they now have three churches, and in Portland, nearer home, there are two, while most every community has a society of believers in the doctrine.

The lateness of the summer season having precluded even a thought of May day picnics this year, the officers and teachers of the Methodist Sunday school conceived the idea of giving the members of the school an indoor picnic, and so they were invited to meet in the basement of the church last evening for a general good time. The children were delighted and few places were vacant when the hour for their arrival was at hand. A short time was spent in singing the favorite songs and prayer was offered by the pastor. Then the classes were divided into sections, each teacher taking his or her place as captain. For an hour or so suitable games were played and the children were supremely happy, joining heartily in everything suggested. They were then treated to light refreshments and each concluded that an indoor picnic could be enjoyed almost as much as the outdoor one.

Appreciated. EDITOR CHRONICLE:—My visit in The Dalles has drawn to a close, and ere I depart I wish through the columns of your paper to thus publicly express to the members of "A Summer's Fancy" Company, the press, and especially to Judge G. C. Blakeley, my heartfelt thanks and sincere appreciation of the numerous courtesies and uniform kindness I have received at their hands. I trust at no distant day to renew acquaintances so pleasantly begun and to again have the pleasure of playing with The Dalles amateurs. Once more with assurances of my regard and appreciation, I am Very sincerely, PERCY H. LEVIN.

To Prepare for Decoration Day. All members of the Woman's Relief Corps are urged to attend their next regular meeting this evening, May 20th, at 7:30 sharp to make preparation for the memorial day exercises. By command of MRS. LEZZIE ULRICH, Secretary.

Wool Growers' Notice. There will be a meeting of the Oregon State Wool Growers' Association held in The Dalles on Wednesday, May 24th. GEO. A. YOUNG, President.

HELLO! How Is It? New Pianos Only \$150.

Well, I have been thinking of purchasing one for some time. Wife, don't let me forget to call tomorrow at JACOBSEN BOOK & MUSIC CO.'S, 170 Second Street, The Dalles.

## BENJAMIN FRANKLIN.

Prof. Lyman Speaks in Regard to His Life and Its Influence in America.

The Congregational church was filled last evening with a large and appreciative audience, the occasion being the lecture delivered by Professor W. D. Lyman, of Whitman College, upon "Benjamin Franklin."

The speaker was pleasingly introduced by Prof. Gavin, who made a few brief remarks upon the position Benjamin Franklin occupies in American history. Professor Lyman prefaced his remarks by some pleasant references to The Dalles, a place, he said, with which he associated some happy reminiscences of early days.

In treating of his theme the speaker dwelt briefly upon some phases of American national and individual life, and said that different individuals represented various types. In this connection Prof. Lyman mentioned Franklin, Alexander Hamilton, Daniel Webster, Abraham Lincoln and James Russell Lowell as each being the expressive type of a different phase of the life of the nation. The career of Franklin, through all its wonderful changes and experiences, the speaker traced in a vivid brilliant manner which held the very closest attention of the audience, and gave an indication to many, which they did not before possess, of what a mighty part Benjamin Franklin played in the formation of American institutions.

Mr. Lyman's address was replete with humorous touches, while the whole was couched in language simple and yet eloquent in its impressiveness.

The lecture was delivered under the auspices of the Taine class, and was in line with the university extension movement now carried on by many institutions of higher learning, and in which Whitman College is taking a prominent part. It was the expression of those who heard his address last evening that the people of The Dalles would hope to again listen to an address by Prof. Lyman at some future time.
