

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only.

RINGLING BROS.' GREAT SHOW.

This Stupendous Amusement Institution Shortly to Exhibit Here.

The appearance of Ringling Brothers' famous World's Greatest Shows in The Dalles, Saturday, June 10th, will be the biggest amusement event of the season.

Ringling Bros.' circus is the leading arenic institution in the world, and a visit from this great show is equivalent to bringing an international exposition to the doors of the people.

Since last season the show has been tremendously enlarged in every department, while the discriminating work of the show's army of foreign agents is evidenced by the assembling of the most remarkable company of high-salaried, sensational artists every seen with an arenic exhibition.

Among the world-famous aerialists are the wonderful Fisher family, the greatest of all great mid-air evolutionists; Mlle. Tarnour, the peerless equilibrist, and Alvo, Boise and Eickard, emperors of the aerial bars.

The marvelous Da Comas head the company of unequalled acrobats. Mme. Ada Castello and her wonderful trained horse, Jupiter, are striking features of the international display of high class horses.

In the riding section, which is remarkable for large number of equestrians of world-wide fame, Albert Crandall reaches the limit of novelty by a burlesque riding act upon a mule. The clowns are numerous, and what is better, they are funny.

The trained animal portion of the program is a complete show itself. Lockhart's elephant comedies, a company of animal actors which presents the most laughable plays and farces with the intelligence of human players, create a sensation everywhere.

Herr Souder's elephant brass band is equally as remarkable. Marchand's pugilistic elephants are also wonderful in their way. Sunlin's performing bull is an illustration of what can be done with this usually intractable domestic animal.

As an instance of trained animal intelligence, however, even the elephant comedians are surpassed by the intellectual qualities displayed by O'Brien's equestr-

ianism, a great company of sixty-one beautiful horses, which pose, pirouette, form living equine pictures, climb unassisted to lofty pyramids, and perform many other astonishing movements, all within the narrow area of a single ring, and all in unison, under the direction of one man.

The introductory spectacle, "The Last Days of the Century," is a beautiful patriotic divertissement; the hippodrome races are as thrillingly contested as were the sensational events of the ancient Roman arena; the menagerie is a superb collection of rare wild animals, and the parade which ushers in circus day is the most magnificent spectacle ever seen upon the streets of any city in the world.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home. There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large blotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity.
