

### PRISONERS ARE BADLY TREATED

Hair Pulled Out, Kicked and Scourged by Their Captors.

### PRAY FOR DELIVERANCE

Lawton Resting at Candaba—Will Advance on Talarac When Reinforced—Has Destroyed Many Crops.

New York, May 24.—A dispatch to the Journal and Advertiser from Manila says: General Lawton is resting with 6000 men at Candaba after thirty days of successful campaigning. He said to the Journal correspondent:

"It pained me when we got into San Isidro to see on the walls of the prison the names of the fifteen Americans from the Yorktown. From Colonel Ray, the Spanish officer whom we rescued, I learned that one of the American prisoners escaped from his captors. His liberty was short lived, for he was recaptured. He was stretched on the ground before his fellow-prisoners and twenty lashes were given to him.

"We found a letter near San Isidro, written by one of the Yorktown's crew, saying that they were being kicked, that their hair was being pulled out and that they were cruelly treated in various other ways, and praying their fellow-country-men to hurry to their release. The insurgents make a practice of murdering the Chinamen who fall into their hands, and our men, I suppose, should consider themselves fortunate that they have not been similarly treated, though the cruelties and indignities heaped on them must be hard to bear. I would have advanced to Talarac, but was informed that I was north of the insurgents' main forces. Hence I asked for Kobbe's brigade. I can advance and reach Talarac in six days unless the negotiations between the Filipinos and our commission accomplish peace. The whole country is nothing but intrenchments.

"I have had during the last month twenty-two engagements. Six of my men have been killed in the field, two have died from wounds, and thirty-five have been wounded. The losses of the insurgents were over 400 killed, while we have taken 1000 prisoners. I released Spanish prisoners, established civil government in San Miguel, Baling and San Isidro and safely conducted 540 Chinese refugees who were in fear for their lives. In the section traversed, I have destroyed 200,000 bushels of rice, 165 tons of sugar and 10,000 bushels of corn.

They Fell Easy Victims.

MANILA, May 24.—General MacArthur and Funston, with the Kansas and Montana regiments and the Utah battery, have dispersed 300 insurgents, who were entrenched on the railroad near San Arita. The American scouts were fired upon from the trenches unexpectedly, and withdrew. The firing was heard at San Fernando, and MacArthur assembled his troops and marched quickly after the scouts. The Montana regiment flanked the trenches on the enemy's right flank,

Funston leading the charge at the double quick. The insurgent loss was large, many prisoners were captured. It is reported that twenty Americans were wounded.

**Discovered by a Woman.**  
Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

**Rich Ore in Golconda.**  
BAKER CITY, Or., May 22.—A wonderful strike was made yesterday in the Golconda mine. At a depth of 200 feet miners broke through a strong vein, opening up a three-foot pay streak. The ore assays \$743.20 per ton in gold and eighty-five ounces in silver. In the same lead was exposed a three-inch stringer of high-grade ore, containing visible free gold, some of which is deposited in crystals. The value on this stringer, showing plainly across the pay shoot, is \$20,146 in free gold, and 600 ounces in silver per ton.

**Deafness Cannot be Cured.**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

**Confession of Branton.**  
EUGENE, Or., May 23.—Two days before he was hanged, Claude Branton wrote a confession and delivered it to Rev. E. M. Patterson, sealed, with instructions not to make it public until ten days after his death. It was made public today. Branton confesses to firing the shot that killed John Linn. At the trial he maintained that Courtland Green, his accomplice, fired the shot. Green is serving a life sentence in the penitentiary.

### DEWEY DESIRES NO OVATION

Seeks Rest and Quiet—Olympia Will Sail Leisurely.

### MEN ALSO NEED REST

May Feel More Like Being Entertained When He Gets Rested—Says the Philippines are the Key to Oriental Commerce and Civilization.

New York, May 24.—A dispatch to the Journal and Advertiser from Hong Kong quotes Admiral Dewey as saying, on board the Olympia:

"The courtesy of these visitors I warmly appreciate, but I am too much worn out and sick to receive them. I am not sorry to leave Manila at this time; I could not stand the care and responsibility much longer. It is vastly easier to be under orders than issue them.

"It is responsibility that kills. During the year that has elapsed since we came to Manila, I have not had one sick day until now. A year is long enough in this climate for an old man, and I am glad to be permitted a rest. On this account, I expect to remain in Hong Kong two weeks. That ought to recuperate me. My intention is to spend the time at Victoria peak, where I hope to be absolutely free from worry. Nobody is more sensible of the kindness of the people who have extended me invitations, but I do not wish for entertainment. My health will not stand it at present. Two weeks of perfect quiet at the peak ought to make a new man of me.

"I have the greatest enthusiasm in the future of the Philippines. I hope to see America possess the key to Oriental commerce and civilization. The brains of our great country will develop the untold agricultural and mineral resources of the islands. We must never sell them. Such an action would bring on another great war. We will never part with the Philippines I am sure, and in future years the idea that anybody should have seriously suggested it will be one of the curiosities of history. "The Olympia will go home leisurely. I want all of my officers and men to get the greatest benefit of all the stops we can. We will pick our places with this in mind. They have earned a rest by a year of steady duty without respite. While I am glad to be going home, I cannot say good-bye to Manila without regrets. There have been many pleasant occurrences among the months of harassing responsibilities and we will not forget them."

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. LYNCH, Dorr, W. Va. This remedy is sold by Blakeley & Houghton, never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain and this quick relief which it affords is alone worth many times its cost. For sale by Blakeley & Houghton.
