Almost An Accident.

As Roy Brock and the Misses Laura and Helen Lytle were returning from a drive Sunday afternoon they had what might have been a serious accident, but fortunately no one was hurt. Just as they were approaching the railroad crossing below the mill one of the horses caught the line with his tail and jerked the lines out of Helen's hands, who was driving. The horses began to run, and as Roy was endeavoring to regain the lines he was thrown from the buggy. Helen then jumped out and Laura remained alone to take a wild ride behind a guideless team. The horses ran into town, keeping the road faithfully, and as they came into the street in front of W. S. Barzee's residence, Laura got

down in the rig and succeeded in regaining one of the lines and circled the horses around in the square by Mrs. Lealie's place till they stopped, when she dismounted, turned the team over to some men that had arrived and started back to find Roy and Helen. Save slightly bruised shoulders, on which both the young people lighted, no one was hurt and all were happy with so fortunate an ending.—Wasco News.

A GORGEOUS SPECTACLE.

Ringling Bros.' New Military Display Creates a Sensation.

A new patriotic military spectacle is the latest colossal novelty introduced by the famous Ringling Brothers as a prelude to their unrivalled World's Greatest Shows. There is something in human nature that demands beauty and light and color, and which finds its highest gratification in the glories of spectacular display. None knew this better than Caesar Augustus, Alexander the Great and even Napoleon Bonaparte, and these great leaders of men and nations controlled the hearts and won the loyalty of the people as much by the magnificence of their public spectacles as by the power of their legions. While partaking in a large measure of the military character of the times, the Roman and Greek spectacles artistically modified the glare and panoply of war with the sumptuous arts of peace, the sentiment of a classically poetic age, the love of luxury and the delight of the populace for glittering display. In their new patriotic spectacle Ringling Bros. have conceived and brought to realization a display that dazzles while it delights, that mingles startled wonder with gratified astonishment, that awakens all that is noblest and best in human nature through the threefold intelligence of the eye, the ear, and the intellect. The comprehensive and striking title of Ringling Brothers' new spectacle is "The Last Days of the Century, or the Light of Liberty," but this does little more than suggest the scope of the display or the possibilities of gorgeous ornamentation and brilliancy of apparel. The display is a magnificent reflex of the regal splendor of the ancients, combined with a vivid portraiture, upon a scale of unequalled magnitude, of the stirring events of the hour. Liberty is typified by a series of allegorical tableaux, in which are thrillingly pictured the genius of American institutions and the glorious triumphs of American arms on land and sea. In the varied scenes of the spectacle there are utilized over a thousand characters, representing with marvellous fidelity in deportment and costume the military powers of the world; whole troops of American cavalry and entire battalions of jolly jack tars; Her Majesty's 7th regiment of Hussars, the swiftest of England's crack military organizations, led by their famous mounted military band; squadrons of German Uhlans and French Cuirassiers; platoons of Russian Cossacks from the Steppes; the Imperial Bashibazouks of the Sultan's body guard; a detachment of Japanese soldiery, and other military organizations, all appearing in a tremendous spectacular drama, in which the American Goddess of Lib-

erty rises, under the hallowed folds of the stars and stripes, triumphant over the military powers of the world. This great spectacle will be seen in all its magnificent completeness when Ringling Brothers' world famous circus exhibits in this city Saturday, June 10th.

RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

—is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetters, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place.

Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
