Second Oregon Regiment Will Land in Portland.

THE DESIRE OF THE MAJORITY

Soldiers of the Washington Regiment Decide to Come First to San Francisco.

WASHINGTON, May 29.—Secretary Alger has received a cable-gram from General Otis in response to his inquiry, announcing that a majority of the Oregon regiment of volunteers at Manila have decided to return by steamer direct to Portland. The Washington regiment decided to come first to San Francisco.

It has been determined to allow the volunteers serving in the Philippines to decide whether they shall be mustered out at San Francisco or return to their respective states as organizations, and be mustered out there. Secretary Alger is preparing a dispatch to General Otis, giving in detail the allowances for travel pay and rations to the respective states, and this information is to be submitted by him to the regiments, in order that they can decide, with all the facts before them, whether they prefer to be mustered out at San Francisco or to go to their homes as organizations. In either event each soldier will be entitled to two months' extra pay on muster out.

The president has been anxious to meet all the troops who served in the Philippines, if this were practicable, and he has agreed to go to Minneapolis and St. Paul to greet the Minnesota volunteers. With the possibility that the president might be unable to continue his trip further west, the twin cities have undertaken to arrange for mobilization of all the volunteers as their guests. The first troops are expected to arrive in San Francisco the middle of June, and the last by August 1. The jubilee, therefore, probably will occur early in August. The president's acceptance of this invitation does not necessarily mean that he has abandoned his contemplated trip to the coast.

TREATMENT OF OUR DEAD

Ears and Noses Cut Off and Bodies Otherwise Mutilated.

NEW YORK, May 29.—A special to the Herald from Washington says: Information received here in private letters from officers serving in the Philippines state the Filipinos show no respect to the American dead. In one instance an officer who was on the firing line says he was shocked to see three bodies of American soldiers who had been killed in an advance and were brought within the American lines, badly mutilated. The ears of each of the corpses had been removed, the noses cut off and the hearts torn out.

Such mutilation disproves Aguinaldo's claim that the insurgents are conducting a civilized warfare. The American troops give the Filipino dead a decent burial, and provide every comfort and medical treatment possible for the wounded.

IT CAN'T BE DONE

No One Can Remain Well, No Chronic Disease Can be Cured Unless the Stomach is First Made Strong and Vigorous.

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use.

How useless to treat disease with this, that and the other remedy and neglect the most important of all, the stomach.

The earliest symptoms of indigestion are sour risings, bad taste in the mouth, gas in stomach and bowels, palpitation, all-gone feeling, faintness, headaches, constipation; later comes loss of flesh, consumption, liver and heart troubles, kidney diseases, nervous prostration, all of which are the indirect result of poor nutrition.

Any person suffering from indigestion should make it a practice to take after each meal one of Stuart's Dyspepsia Tablets, allowing it to dissolve in the mouth and thus mingle with the saliva and enter the stomach in the most natural way. These Tablets are highly recommended by Dr. Jennison because they are composed of the natural digestive acids and fruit essences which assist the stomach in digesting all wholesome food before it has time to ferment and sour.

Stuart's Dyspepsia Tablets are sold by druggists, full sized packages at 50 cents. They are also excellent for invalids and children. A book on stomach diseases and thousand of testimonials of genuine cures sent free by addressing F. A. Stuart Co., Marshall, Mich.

Shooting at Albany.

ALBANY, Or., May 30.—Henry Williams, a saloonkeeper of this city, shot and probably fatally wounded Charles Farrell, a young man, this (Tuesday) morning, shortly after midnight. The bullet entered his head just back of the right ear and came out above the right eye. Farrell had been raising a disturbance in the saloon, and was leaving when shot. Williams is under arrest.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ANOTHER CALL FOR TROOPS

Question May Come Before the Cabinet Yet.

SEVERAL SUGGESTIONS OFFERED

Orders Issued Re-establishing the Courts in the Philippines—Spanish is the Official Language.

WASHINGTON, May 29.—The question of calling out additional volunteers for continuing the war in the Philippines is expected to come up again at tomorrow's session of the cabinet.

Those opposed to organizing a provisional army favor sending more regulars to the Philippines, and also enlisting some of the peaceful Filipinos. But another element in the war department is opposed to half-way measures in dealing with the situation. They are urging the president to issue at once a call for at least 20,000 men of the provisional army, so that it may be organized, trained and sent to the Philippines in time to begin an aggressive campaign in the early autumn.

It is expected that the president will discuss all the phrases of the situation with the cabinet tomorrow, and reach an early decision.

To Pass on Claims.

MANILA, May 29.—Major C. U. Gantenbein, Second Oregon volunteers; Lieutenant-Colonel E. H. Crowder, judge-advocate, and Captain H. A. Greene, Twentieth infantry, have been appointed by General Otis a board to pass on all claims against the United States. This board is also to meet a commission representing the Spanish government, to expedite the settlement of the claims of Spain in the Philippines. It is expected that the joint commission will consider the question of the compensation for the armament and fortifications around Manila that should be allowed to Spain under the terms of the treaty of peace.

We Don't Like

The game. We thought we did, but that was day before yesterday. Funny how suddenly you can take a dislike to a thing.

Now, when we first gambled around that field at the beginning of the game, feeling like so many young colts, enjoying the free and easy fit of our tailor-made suits, and watching the soft summer air lifting and floating our pretty ribbons, giving vent to an occasional burst of enthusiasm when the other side made a hit, but modestly remaining quiet and looking very unconcerned when our boys made a play, we thought there was no place like "the diamond"—no game like that of base ball.

But, then, that was during the first half of the game. The other half doesn't interest us. We would rather let bygones be bygones, and once again turn our thoughts to the selling of Dry Goods; and to prove to you that we don't "feel sore," we offer, commencing tomorrow morning, a line of
