INSURGENT MURDERERS CHASTISED

Tilly's Death Avenged—Eastern Coast Under American Flag.

VOLUNTEER CALL IS PROBABLE

Will Be for Ten Thousand Men—Regulars Now on the Way Will Give Otis 25,000, and He Thinks 30,000 Will Be Enough.

WASHINGTON, June 1.—The war department received the following today: "Manila, June 1.—Smith reports from Negros that he has punished the insurgents who murdered Captain Tilly; that the eastern coast of the island is now under the American flag, and the inhabitants ask protection against robber bands. The bands pursued into the mountains by the United States and native troops were severely punished. "OTIS."

Call for Ten Thousand. WASHINGTON, June 1.—Replying to inquiries of the secretary of war, General Otis telegraphed he is still of the opinion that 30,000 troops will be necessary for the effective control of the Philippines.

Secretary Alger in an interview today said the regulars now on their way to the Philippines will give 25,000 troops after the withdrawal of the volunteers. "Where will the additional 5000 or 6000 men for whom Otis asks come from?" the secretary was asked. "That's not definitely determined as yet." "In case it is decided to call for volunteers, will the call only be made for 5000 or 6000 men?" "If volunteers are called for," replied the secretary, "the call will probably be for 10,000 men."

Traveling Pay Schedule. WASHINGTON, June 1.—Secretary Alger has caused the quartermaster-general to make a careful compilation of mileage the Philippine volunteers from each state would be entitled to, should they be mustered out at San Francisco. This information was embodied in a message which was cabled to General Otis. Travel pay, exclusive of two months' extra pay which each shall receive upon muster out, approximates for Western states as follows: Oregon, \$32 to \$51; Washington, \$39 to \$62; Idaho, \$51 to \$81; Montana, \$53 to \$84; Wyoming, \$55 to \$87. Each regiment is to determine by vote whether they shall muster out in San Francisco or in their home state.

Sold by Blakeley & Houghton, druggists.

Sugar Beets Doing Well. LA GRANDE, Or., May 31.—D. Eccles, president of the Oregon Sugar Company, and a party of Utah sugar-beet experts, have been in La Grande several days examining the beet fields. They say the

beets are doing well and the prospect is as good here as in Utah. The beet-growers are thinning the beets and are employing larger forces of laborers. The sugar company has imported about seventy-five field-laborers from Utah, and two parties have contracted for the cultivation of the beets by Japs.

Relief From the Drouth. SAN FRANCISCO, June 1.—Reports received by the Associated Press from all parts of California show that rain has fallen in nearly all sections. The northern counties received the heaviest precipitation but the downpour extended over the greater portion of the San Joaquin valley and as far south as Los Angeles. The amount of rain which has fallen is variously reported at from a trace to one and one-half inches. A large crop of sugar beets in Monterey and Santa Cruz counties is assured, and the refineries there will be taxed to their full capacity.

IT CAN'T BE DONE

No One Can Remain Well, No Chronic Disease Can Be Cured Unless the Stomach is First Made Strong and Vigorous.

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use. How useless to treat disease with this, that and the other remedy and neglect the most important of all, the stomach. The earliest symptoms of indigestion are sour risings, bad taste in the mouth, gas in stomach and bowels, palpitation, all-gone feeling, faintness, headaches, constipation; later comes loss of flesh, consumption, liver and heart troubles, kidney diseases, nervous prostration, all of which are the indirect result of poor nutrition.

Any person suffering from indigestion should make it a practice to take after each meal one of Stuart's Dyspepsia Tablets, allowing it to dissolve in the mouth and thus mingle with the saliva and enter the stomach in the most natural way. These Tablets are highly recommended by Dr. Jennison because they are composed of the natural digestive acids and fruit essences which assist the stomach in digesting all wholesome food before it has time to ferment and sour. Stuart's Dyspepsia Tablets are sold by druggists, full sized packages at 50 cents. They are also excellent for invalids and children. A book on stomach diseases and thousand of testimonials of genuine cures sent free by addressing F. A. Stuart Co., Marshall, Mich.

May Have Been Suicide. UNION, Or., May 31.—W. J. Bennett, the well-known architect of La Grande, died at the home of Dr. Phy in this city this morning. Bennett was taken ill last night and called at the doctor's house to be treated. It was learned today that he bought some morphine last night, and it looks as if it might be a case of suicide. He has been on a spree for several days.

MAJOR MARCHAND AROUSES FRANCE

Unexpectedly Lashes the Government for Evacuating Fashoda.

GRAND RECEPTION COUNTERMANDED

"Peace is the Instant Question, but There Had Better Not Be Too Much of That Sort of Peace in France in the Same Century."

CHICAGO, June 1.—A special cable to the Chicago Tribune from Paris says: Major Marchand's speech at Toulon has fallen like a bomb. Marchand's previous attitude and his frequent reprobations of loyalty to the government gave no indication of his intention to lash the government for the evacuation of Fashoda. The speech is regarded as seditious.

Here is the incriminating phrase, spoken in reference to the evacuation of Fashoda: "Seeing what a state of division our country is in, over an affair of which I need not speak, we comprehend that France could not make the supreme effort. We felt that our country could not make a proud, energetic reply. Ten centuries of history have taught her that peace was the instant question. Happily, peace was maintained, but I believe I can say that of that sort of peace there had better not be too much in France in the same century."

As a result of Marchand's speech a group of city councilmen today asked that plans for the grand reception to Marchand at the Hotel de Ville be countermanded. The prefect of police has forbidden any one inside the station to meet the hero save government officials, who must be provided with special permits.

Discovered by a Woman. Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. O. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BABCOCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

DEWEY HAS A LIFE TITLE

Such is the Preference of the Originator of the Scheme—Would Go to Future Admirals.

NEW YORK, June 1.—In order that it may be clearly understood whether it was Admiral Upshur's intention, when he suggested a gift of a residence in Washington to Admiral Dewey, that the property purchased should become his personal property and pass to his heirs, or whether it was his intention that it should remain the permanent home of the ranking officer of the navy, to be occupied by Admiral Dewey as long as he remains at the head of the navy, and thereafter to pass to his successors as time goes on, the department of history of the United States wrote to Admiral Upshur, asking for his idea on the matter under date of May 29.

The Admiral replied as follows: "Your inference that it is my preference that a home be purchased by the free-will offerings of Americans for the admiral of the navy, should be occupied by Admiral Dewey as long as he remains at the head of the navy and then to pass to his successors, is entirely correct."

Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10 Hall's Family Pills are the best.
