NO 362

RECOMMENDS LIBERAL CONCESSIONS

President Believes Good Whipping is the Solution.

OREGON'S LOSS NOT SO GREAT

Private William McElwain Killed and Five Wounded, Among Them Surgeon Ellis—Rebels Have Krupp Guns—And Each Night Annoy the Camp of San Fernando With Them.

NEW YORK, June 6.—A special to the Herald from Washington says: President Schurman, of the Philippine commission, in a dispatch to Secretary Hay, has, it is believed, recommended more liberal concessions to the Filipinos, with a view of ending the insurrection at once. An official acquainted with the message said it reviewed the situation in the islands and was of an encouraging nature.

The dispatch was considered by the president and Secretary Hay and the president has sent a reply. The nature of the answer is not divulged. It is significant, however, that coincident with his message to Mr. Schurman, a cablegram was sent to General Otis with instructions in line with the president's belief that the restoration of peace can only be reached by the complete subjugation of the Filipinos. General Otis will continue his military operations throughout the rainy season.

It is apparent the president does not look for the close of the rebellion until the Filipinos are convinced of the superiority of the United States. The concessions already offered are liberal, the administration believes, and as far as the president can go without authority from congress, but it is doubtful if the new propositions made by the commission will receive their approval.

The war department is preparing plans to send 6000 men needed by General Otis to make up the 30,000 which he says he must have to control the situation. Regiments will probably be withdrawn from Cuba and Porto Rico, sufficient with other regulars to be taken from the United States to make up the number desired.

General Otis advises the war department that the Oregon regiment will leave for the United States this week. It will be sent direct to Portland, Or., for muster-out at Vancouver barracks.

Suffer In Their Country's Service.

The Oregon boys who suffered in the recent engagements, according to General Otis' report, are as follows:

Killed—Private William McElwain, company not mentioned.

Wounded—Major-Surgeon Ellis, leg ailing; Private Henry M. Wagner, company B, iliac region, severe; Private Auston J. Salisbury, company H, exillary region, severe; Private Elmer C. Doolittle, company C, arm moderate; Private William E. Smith, arm, severe.

Body of "Barefoot" Stolen.

SAN FRANCISCO, June 6.—The report comes from Honolulu that when the tomb of Lunalilo, the "barefoot king of Hawaii," was recently opened it was found that the remains had been removed and that the metal casket contained only portions of the grave clothes. It is surmised that the body may have been taken by natives to a heathen grave in the mountains, as a thunderstorm on the day of the burial had much affected his superstitious subjects.

Lunalilo was elected king in 1873, but thirteen months afterwards died of consumption. Although he possessed a large fortune he insisted on going about the streets barefooted at all times. By

his will, which was not opened until 1881, he left his entire fortune to found a home for aged Hawaiians.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

PLOWS WILL BE HIGHER

Unless the Trouble They are Having Prevents the Raise.

CHICAGO, June 5.—Farmers and retail dealers in agricultural implements will have to pay more for their plows, harrows, seeders and implements of a kindred nature in the future. At a meeting of twenty-five manufacturers of these implements of farm industry held today, it was decided to make a general rise in the price of all agricultural implements. A general rise in prices was advocated by those present, and committees were appointed to prepare a schedule for the various kinds of implements. These committees will attempt to make out their price list during the summer months, and will report to a meeting to be called this fall. It is thought a general increase of from 15 to 25 per cent will be made.

CHICAGO, June 6.—The Record says: Word has reached Chicago that negotiations for the proposed \$50,000,000 plow trust have all been abandoned. At a meeting of manufacturers to be held here tomorrow it is said that the big deal will be officially declared off. Promoters' hopes have not materialized within the expected period.

On heels of the report that the plow combination is trembling in the balance comes the information that the projected \$75,000,000 amalgamation of threshing machine manufacturers is having its trouble. Promoters have not obtained sufficient funds to pay cash for plants, and propositions to give half cash and half stock have not met with favor.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. Babcock, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

Band of Sheep Killed.

LONG CREEK, Or., June 5.—Persons arriving in this city last night brought the news that a band of trail sheep, belonging to Robert Foster, were shot into near the head of Slide creek last Monday. Full particulars of the affair were not obtained, further than the shooting resulted in the loss of 200 head of sheep.

A large number of sheep are being driven East this season from Morrow and Gilliam counties, and in the past ten days about 40,000 head have passed through this city.

A Card of Thanks.

Dorv, Des Moines, Iowa. For sale by Blakeley & Houghton, Druggists.
