PESTILENCE AND FAMINE FEARED

Authorities Turn Back Thousands of Refugees Attempting to Come to Manila.

HUNGRY, BUT NOT STARVING

Officials are Selling Rice for Immediate Needs of Sufferers—Insurgents to Wear White Uniform to Deceive Our Troops.

NEW YORK, June 7.—A dispatch to the Herald from Manila says: Thousands of refugees who are attempting to come to Manila are being turned back by the authorities, who are fearful of the city becoming overpopulated, causing a pestilence and famine. There are frequent sights on the country roads of men, women and children staggering along under loads of household effects.

The refugees are hungry, but not starving. The American officials are issuing rice to them for their present needs. Many of the refugees tell of being forced to give up their supplies to the insurgent army. They are afraid to return to the enemy's lines on account of possible attacks. The insurgent government is to issue an order for all the military forces to discard their uniforms and wear ordinary white in order to deceive our army.

Communist societies have been formed in northern Luzon for the equal division of property.

Killed Himself in Manila.

WASHINGTON, June 7.—Fred A. Pearce who committed suicide in Manila, was appointed a cadet from Osage Mills, Ark., June, 1893, and graduated in 1897. He was assigned to the Sixth artillery in March, 1898, as second lieutenant. His father was N. P. Pearce, who was a graduate from the military academy in 1846, but resigned from the army in 1858. He became a brigadier-general in the confederacy during the civil war.

FITZSIMMONS-JEFFRIES FIGHT

New Yorkers Are Much Interested in the Coming Contest.

NEW YORK, June 7.—The greatest interest taken in the Fitzsimmons-Jeffries fight is shown by the sale of seats. At a recent auction sale of boxes every box was sold, bringing \$21.00. One box sold afterward by a speculator to a party of Wall-street men for \$350. Last night the directors of the Coney Island Sporting Club met and added thirty-five new boxes, nearly all of which have already sold for a good round sum.

The \$15 seats have been liberally purchased while hardly any of the \$10 seats are left, at least six rows having been sold. The demand exceeds that for even the Sharkey-Maher, Corbett-Sharkey or McCoy-Sharkey fight. At a rough estimate the Coney Island Club has sold \$45,000 worth of seats.

to erect a \$2,000,000 hotel, eleven stories in height, on the site of the old Baldwin. It states that \$1,000,000 has already been subscribed and that including the purchase of the land, the total amount to be invested will be about \$4,500,000. The names of the capitalists interested are not disclosed.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

Europe is Hot, Too.

LONDON, June 7.—A hot wave similar to the one affecting New York prevails over Europe. Hot weather as early in June almost breaks all records. Thermometers in this city have been registering 88 in the shade for five days past. There have been several deaths from heat. A commercial traveler committed suicide yesterday, saying: "I must get out of the world; I will suffocate."

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BARCOCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

MORO, Or., June 6.—The Columbia Southern railway has surveyed its line sixteen miles south of Moro, via Grass Valley. Construction work will begin in about two weeks.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. DORX, Des Moines, Iowa. For sale by Blakeley & Houghton, Druggists.

MINISTERIAL HYPNOTIST

Dahike in Jail at Colfax, Charged With Drugging and Abducting Wife of a Kansas Man.

COLFAX, Wash., June 7.—G. J. Dahike, a Baptist minister, has been lodged in jail here to be held until the officers arrive to take him back to Kansas for trial. He is accused of having hypnotized Mrs. C. W. Funk, wife of a prominent Hillsboro, Kan., grain dealer. He is accused also of having drugged her and then abducted her. The minister was arrested while holding revival services at Soltice Junction, near here. Mr. Funk, who came from his Kansas home to recover his wife and punish the minister, interrupted the revival services by seizing Rev. Dahike and slipping a pair of handcuffs over his wrists.

After a hearing before the justice of the peace at Oakesdale, Dahike was ordered committed to the county jail in default of \$1000 bail.

WORK AT THE LOCKS

Project For Final Improvement Submitted.

APPROPRIATION HAS BEEN MADE

Object Is to Prevent any Further Damage by Freshet in the River.

WASHINGTON, June 3.—Captain W. W. Harts has submitted to the secretary of war a project for expending the \$75,000 appropriated by the last river and harbor act for the improvement of the canal and locks at the cascades of the Columbia river, and the project has been approved. It is more in the nature of continuing the work already begun and nearly completed, but, more explicitly, the money will be expended in rebuilding and protecting the wing on the north side of the lower entrance to the canal, repairing and completing the slope wall on the south bank of the lower entrance, and constructing and placing a movable dam above the upper gates of the upper lock. This is considered the most urgent work remaining to be done to prevent further damage by floods. The work will be done by contract, according to specifications which are now being prepared.
