AGUINALDO TO FLAY CZAR

He Has Dissolved the Philippine Congress.

PROCLAIMS HIM- SELF DICTATOR

Meanwhile His People Continue to Desert Him—Even the Insurgent Leaders Ask Protection for Their Wives and Families.

LONDON, June 8.—A special dispatch from Manila today says it is reported that Aguinaldo has dissolved the Philippine congress and proclaimed himself dictator.

Troops are Well Fed.

WASHINGTON, June 8.—Among the reports which accompanied the report of General Otis regarding operations about Manila, are those relating to the subsistence of the army. It appears from these that the subsistence corps was prompt in every way in supplying the troops with food.

Under date of March 20, Major Robert Fitzhugh, commissioner of subsistence, says that on the evening of February 5, after hard fighting and general advance all along the division line, that the troops were given their supper promptly at the regular hour, and during all the subsequent movements, while the troops have been constantly confronting the enemy either in line or in the trenches, the continuous supply of rations had been maintained and at all times a reserve of at least two days' travel rations had been kept on hand.

Otis Outlines Situation.

WASHINGTON, June 8.—The situation in the Philippines is described by General Otis in the following cable:

"Manila, June 8.—Adjutant-General, Washington: The result of the movements in Morong province was to drive the insurgents into the mountains, capturing Antipoli and other towns in that section. They retreated and scattered before our advance, leaving twenty-five dead on the field. Our loss was four killed and a few wounded, mostly slight. The city of Morong is garrisoned. All other troops are withdrawn. The inhabitants of the provinces profess friendship and ask protection.

"Large numbers wish to enter Manila, but are refused, as the city's population is increasing too rapidly. Leading natives about the island, including active insurgent leaders, seek permission to send their families to Manila. It is considered the only place of personal security."

The conclusions drawn by the way department officials concerning the condition in the Philippines, given in the dispatch of General Otis, are that the insurgents are little more than a marauding band which will continually decrease when the men find there is life and liberty under the American government. The people who are coming into the American lines asking protection are considered like those who sought protection in the forts during the early stages of American development in the West.

Nothing is said as to the intention of Otis to continue active hostilities, but this matter is left wholly to his discretion. He will no doubt fight or rest, as the circumstances determine.

End of War a Long Way Off.

New York, June 8.—A special to the World from Washington says: "The end of the war is a long way off," writes Brigadier-General Hall, now on duty in the Philippines, in a letter to a friend in this city. The letter is dated early in May, about the time Aguinaldo was making his overtures for peace, and show that our army officers had little

faith in the sincerity of their request for peace negotiations.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

Dreyfus Will Sail For France.

CAYENNE, French Guiana, June 8.—The dispatch boat Goland will leave here this afternoon for Devil's island in order to take Dreyfus on board the cruiser Stax, which will anchor this afternoon off the island. The Stax will probably leave for Benest tomorrow morning.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BABCOCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

WITHHOLDS MESSAGES

Even the Casualty List Is Held Up Several Days Before Being Posted.

WASHINGTON, June 8.—The war department declines to make public any dispatch from General Otis regarding the situation. He has been instructed to strictly censor all news and to be consistent. The war department since the departure of Secretary Alger, has declined to make public anything received from the Philippines. Even casualty lists are held up a day or two before being posted on the bulletin board. The department is pursuing the same policy as that for the month or six weeks prior to the attack of the Filipinos upon the Americans.

Acting Secretary of War Meiklejohn stated that while some advices had been received from General Otis he was not at liberty to make them public. The same reticence is displayed by Adjutant-General Corbin. No dispatch has been posted from General Otis detailing the situation for more than a week. The indications are that the department will now endeavor to conceal everything. No credence is attached to the London report that Aguinaldo defeated Generals MacArthur and Lawton.

AUGUSTIN DALY IS DEAD

Famed Theatrical Manager, Dramatist and Adapter of Plays.

HIS DEATH CAME SUDDENLY

Believed to Have Only a Slight Attack of Pneumonia and Appeared Better Two Hours Before He Died.

June 7.—Augustin Daly died suddenly this afternoon.

NEW YORK, June 8.—A dispatch to the World from Paris says: Mrs. Daly and Ada Rehan were with Augustin Daly when he died. Mr. Daly had been ill in London two weeks with a severe attack of the grip, and a complete rest had been ordered, but he wanted to come to Paris on urgent business. His physicians strongly advised against the trip, nevertheless Mr. and Mrs. Daly and Miss Rehan crossed over last Saturday. On arrival here Mr. Daly immediately took to his bed and never left it.

He would see nobody except an old friend, Eugene Grivase, a celebrated water-color artist. Mr. Daly jestingly put him in charge of the ladies. Mr. Daly was treated for a slight attack of pneumonia, and his condition caused no fear of a fatal issue. M. Grivase accompanied the ladies through their shopping. Tuesday Mr. Daly was worse and a trained nurse was called in, but Tuesday night the patient was better and talked cheerfully until late. He talked again Wednesday morning, but was silent from noon until 2 o'clock, when he had a slight spasm and died. Death was painless, sudden and very unexpected. Nobody had been notified that there was any fear.

Both Mrs. Daly and Miss Rehan are distracted with grief. Mrs. Daly will not leave the room. The body will be shipped to America as soon as possible. Mr. Daly's mother is there. The ladies will go in the same ship. Mr. Daly had been seriously affected by worry over a London lawsuit through which he was trying to recover possession of his English theater, which is in the hands of Mr. Edwards.
