

TERRIBLE ACCIDENT IN MISSOURI

Sufferings of a Wrecked Train of Dying and Injured Humans.

TRAIN DERAILED IN MISSOURI

Carrying Death and Destruction to Fifty Men, Women and Children—Heroic Work Done by the Train Crew and a Porter Credited With Especial Presence of Mind.

KANSAS CITY, June 9.—Forty-eight passengers were more or less seriously, three perhaps fatally, injured by the derailment of train No. 4 south bound on the Kansas City, Pittsburg & Gulf railroad, two miles south of Granview, Mo., at 9:30 last night. The injured were brought to this city this morning and the seriously hurt were taken to St. Joseph's hospital and others to the Savoy hotel.

The wrecked train left Kansas City last night at 8 o'clock. Two miles beyond Granview, a small station thirty miles south of Kansas City, the train was derailed by spreading rails, the track having been damaged by recent severe rains. The smoker which contained most of the injured, and the chair car immediately following, were turned on their side into a ditch. The Pullman left the track, but remained upright. The engine and combination baggage and mail car remained on the track.

The accident occurred during a heavy downpour of rain. The crew went to work with a will to rescue passengers. Women and children were dragged from the windows of the car and attended to as well as possible under the circumstances. Before all had been taken out fire started from the fire in a stove in the rear car. The porter of this car earned great praise by his presence of mind in cutting a whole through the roof, quenching the fire and rescuing several women in imminent danger.

In the smoker, which was well filled, the passengers were compelled to crawl cautiously the full length to the rear door to escape, exit through the broken windows was dangerous, the darkness making it impossible to see a foot ahead. The scene of the wreck was in the woods, and there was no house near to which the injured could be taken. For the immediate care of the injured fires were built along the track.

As soon as possible the news of the wreck was sent to Granview and a relief train was started from Kansas City. The train moved at 3 a.m., and took back to Kansas City all of the injured.

DEATH AT WHITE PASS

One Man Killed Outright and Two May Die From Broken Spines—Other Slides Feared.

NANAIMO, B. C., June 9.—The steamer Amur, Captain Le Blanc, arrived here this morning from Skagway and reports that on Sunday morning, June 4, men were at work clearing snow from the White Pass & Yukon Railway, just over the summit, when a terrible slide of rocks and snow came down the mountain side, killing one man instantly, and seriously, if not fatally, injuring others.

At the time the Amur left, the names of the men were not obtainable. The slide came down with practically no warning, and before the men could get out of its course the rocks and snow were upon them. Another gang of men were working a short distance away, and hearing the noise of the slide and the

cries of the injured men for help, at once rushed to their assistance and with other willing assistance, soon had the men extricated, but one was found to be dead and the other two, it is feared, cannot live, for Dr. Whiting, the railway surgeon, who was soon in attendance, is afraid their backs are broken. Everything is being done that is possible for the relief of the injured men.

More slides are hourly expected, and men have been set to watch the line for several miles beyond the summit so as to give warning.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Date of Sailing.
MANILA, June 8.—The Second Oregon volunteers, preparing to leave for home, will start, according to present plans, Tuesday. Under the recent order of the war department, the regiment will bring back with it the bodies of its dead. Since the Morong campaign ended the men under General Summers have been busy preparing to embark. The regiment is in good health, aside from the results of wounds in battle. The men are all anxious to get away, and naturally are glad they are going direct to Portland.

Notice to Agents.
Agents are informed that James Caruthers, ex-agent at Elgin, is a fugitive from justice; account defalcation. He was in Walla Walla June 4th and is thought to have passed through Pendleton on the night of the 4th west-bound. Description is as follows: Five feet eleven inches in height, weight about 145, hair dark with streaks of gray, smooth shaven, thin features; when last seen wore dark coat and vest, dark blue sweater over vest, and corduroy pants. National Surety Company will pay \$100 on production of Caruthers in Union County. Agents will give this message all publicity possible communicating to this office and sheriff of Union county any knowledge received regarding his whereabouts. E. S. BENSON. 6-1w

Richard P. Bland Dying.
LEBANON, Mo., June 8.—At 10 p. m., Mr. Bland appeared somewhat brighter, and will probably live through the night. He has been speechless for twenty-four hours. The physicians regard the case as hopeless, and have so informed the family. All of the family are at the dying man's bedside tonight, except his brother, Judge C. C. Bland, of the St. Louis court of appeals, who has been telegraphed for.

The Dalles Boat Railway.

WASHINGTON, June 8.—The war department is informed that the negotiations for the remainder of the right-of-way at the Dalles are progressing very favorably. There is still a hope that congress may authorize a canal instead of a boat railway to overcome the obstructions.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BANCROCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

OFFICERS TO RE-MAIN IN MANILA

They May Have Privilege of Commanding New Recruits.

PLAN FOR EN-LISTING RECRUITS

Skeletons of the New Regiments May Be Formed From Volunteers Who Wish to Remain.

WASHINGTON, June 9.—The cabinet, in connection with the possible necessity of enlisting an additional force of volunteers, today discussed a plan for enlisting several skeleton regiments in Manila from among the volunteers who desire to remain in the service, and subsequently filling out the regiment with recruits enlisted in this country. General Otis, according to this plan, will be given authority to select the officers of these regiments from the volunteer officers who are to be mustered out.

The plan which commends itself to the favor of members of the cabinet generally, would form a nucleus of veteran officers and men seasoned to the climate and familiar with the work to be done. Such a force leavened with veterans doubtless would be immeasurably superior to a force of raw recruits, undisciplined and unaccustomed. The plan was only discussed in connection with future contingencies, and did not reach the stage of action.

The attorney-general announced his opinion that the army reorganization bill, fixing the maximum strength at 65,000, did not enlist a hospital corps, about 2600 men, so that the enlisted force can be increased that number.
