## DEATH DEAL- ING CYCLONES

Herman, Nebraska, Totally Demolished  
Tuesday Night—Ten Killed.

## NOT A HOUSE IS STANDING

Homeless People Stood Out in a Driving  
Storm All Night—Now Provided  
For.

OMAHA, June 14.—The town of Her-  
man, Neb., is totally destroyed. Train  
No. 2, on the Omaha road, pulled into  
Herman just after the storm, and its  
crew began the work of rescue; nearly  
100 persons were brought back to Blair.  
This morning relief and assistance were  
sent to the homeless people, many of  
whom had been out in the rain all night.  
A larger number whose names are not  
reported are severely injured, while half  
of those reported have received possibly  
fatal injuries.

### Story of an Eye Witness.

BLAIR, Neb., June 14.—One of the  
best descriptions of the storm was re-  
ceived from J. A. Kelley, a Council  
Bluffs traveling man.

"When it reached a point to the north-  
west we were terrified to see it suddenly  
change its course and make directly for  
the town. We all hurried into the cellar  
and saw no more of the tornado, but we  
knew by the frightful din that it was  
working havoc in the town. When it  
had passed, we emerged from the cellar  
and found that the house had been  
wrecked and that every building in town  
had been blown down with the exception  
of an isolated few on the outskirts. The  
tornado swept right down the main  
street, crushing the buildings as though  
they were eggshells. The only brick  
building of importance in the town was  
the bank.

"After the storm I do not recall seeing  
it and I presume it, too, was destroyed.  
The town was a pile of debris soaking  
with water. In front of us we could see  
horses, pigs, and frame buildings all  
heaped together. I could not say how  
many persons were killed or how many  
were injured. I saw several dead and  
many wounded. Of course there were  
many still alive after the storm and they  
did all they could to assist in the work  
of rescue. When the first train left I  
came back.

### Report From Herman.

HERMAN, Neb., June 14.—Ten were  
killed and about twenty injured in last  
night's tornado. It is thought all are  
now accounted for, unless the storm has  
been more disastrous in the country than  
anticipated. Not a single building in  
the town is left whole.

### The Dead at New Richmond.

NEW RICHMOND, Wis., June 14.—No  
bodies were recovered from the tornado  
ruins last night. The work is being  
abandoned on account of a heavy rain  
and exhaustion of the working parties.  
It is expected the task of looking for the  
dead will proceed with greater success  
than yesterday. The number still in the  
ruins is variously estimated from 50 to  
100.

All morning long funerals were passing  
through the town. There were no hearses  
and the dead were carried to the graves  
in grocery wagons. No more bodies have  
been recovered up to noon.

### Deafness Cannot be Cured.

by local applications, as they cannot  
reach the diseased portion of the ear  
There is only one way to cure deafness  
and that is by constitutional remedies  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian Tube. When this tube is in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed, Deafness is the result, and  
unless the inflammation can be taken

out and this tube restored to its normal  
condition, hearing will be destroyed for-  
ever; nine cases out of ten are caused  
by catarrh, which is nothing but an in-  
flamed condition of the mucous sur-  
faces.

## BODY OF A WOMAN FOUND

Dead Body of An Unknown Found in  
the River Near Sprague Landing.

STEVENSON, WASH., June 13.—Nicholas  
Gregorius discovered the body of an  
unknown woman floating in the Colum-  
bia river, near Sprague landing Sunday.  
The body bears evidence of foul play.  
The face had been beaten fearfully, and  
the arms were bruised. There was little  
clothing on the body. In one stocking  
was a half-pint flask of whiskey. On  
the middle finger of the right hand was  
a gold ring with blue setting. The  
woman had dark hair, about eight in-  
ches long. She was about 26 years old.  
The body had been in the water several  
days. J. M. Center, justice of the peace,  
held an inquest, but nothing was  
brought out as to the identity of the  
drowned person.

Would Not Suffer So Again for Fifty  
Times Its Price.

I awoke last night with severe pains  
in my stomach. I never felt so badly in  
all my life. When I came down to work  
this morning I felt so weak I could hardly  
work. I went to Miller & McCurdy's  
drug store and they recommended  
Chamberlain's Colic, Cholera and Diar-  
rhea Remedy. It worked like magic  
and one dose fixed me all right. It  
certainly is the finest thing I ever used  
for stomach trouble. I shall not be  
without it in my home hereafter, for  
I should not care to endure the sufferings  
of last night again for fifty times its  
price.—G. H. Wilson, Liveryman, Bur-  
getstown, Washington Co., Pa. This  
remedy is for sale by Blakeley & Hough-  
ton, Druggists.

### Hard Lines for Colorado.

DENVER, Colo., June 14.—Three thou-  
sand employees of the trust smelters in  
Denver, Pueblo and Leadville, walked  
out at noon today, having extinguished  
the fires in the big furnaces and put  
everything in perfect order for the  
season of idleness. All shipments of ore and  
fuel to the smelters have been ordered  
stopped. As a result many coal mines  
are preparing to reduce their production,  
and some will close. Almost every in-  
dustry in the state will be affected.

### Glorious News.

Comes from Dr. D. B. Cargile, of  
Washita, I. T. He writes:  
"Four bottles of Electric Bitters has  
cured Mrs. Brewer of scrofula, which had  
caused her great suffering for years.  
Terrible sores would break out on her  
head and face, and the best doctors  
could give no help; but her cure is com-  
plete and her health is excellent." This  
shows what thousands have proved,—  
that Electric Bitters is the best blood  
purifier known. It's the supreme  
remedy for eczema, tetter, salt rheum,  
ulcers, boils and running sores. It  
stimulates liver, kidneys and bowels,  
expels poisons, helps digestion and  
builds up the strength. Only 50 cents.  
Sold by Blakeley & Houghton, Druggists.

"Be It Ever So Humble."  
LONDON, June 14.—The correspondent  
of the Daily Telegraph at Cheyenne,  
French Guiana, says: "Last Friday  
when Dreyfus was embarking, he cast a  
long, tearful look upon the prison and  
said: 'Excuse my natural emotion. I  
have long been accustomed to that little  
piece of land, and I have very much  
loved its good and affable population.'"

## SUGAR KING EXAMINED

Havemeyer Comes Before the Industrial  
Commission.

## SPEAKS FOR THE TRUST

Says Tariff Injures—Claims if Tariff  
Were off Cuban Sugar, Refined  
Sugar Would Be Three Cents a  
Pound.

WASHINGTON, June 14.—Henry O.  
Havemeyer, president of the American  
Sugar Refining Company, was examined  
by the industrial commission today in  
connection with the investigation of  
trusts. His testimony related almost  
wholly to the sugar industry, and he  
opened with a vigorous attack upon the  
customs tariff, which he declared was  
the "mother of all trusts," becoming  
such, by providing "an inordinate pro-  
tection to manufactured articles."

The attack was made in a written  
statement, which he read. Havemeyer  
asserted that a tariff of 10 per cent was  
as high as any tariff should be. He con-  
tended that sugar is discriminated  
against in the tariff in the interest of  
Louisiana cane growers, beet-sugar-  
makers and the sugar-makers of the  
Hawaiian islands. To these interests,  
he contended, the United States con-  
tributed \$24,000,000, which was taken out  
of the pockets of the people.

Replying to questions by Professor  
Jenks, after he had concluded reading  
his paper, Havemeyer said the American  
company was capitalized for much less  
than it was worth. "But for the clamor  
against trusts," he said, "it could be  
sold for three times its capitalization."  
Yet the refineries could be duplicated  
\$35,000,000 to \$40,000,000. "The present  
capacity of the trust is," he said, "45,-  
000 barrels a day and the output 30,000."
