AGUINALDO RE- PORTED KILLED

Gen. Otis Confirms Reported Assassination of Luna.

DEATH REGARDED A GODSEND

The Principal Obstacle to Peace Is Now Believed to Be Removed—Tons of Powder Captured—The American Troops Are in Complete Possession of Imus.

CHICAGO, June 16.—The Tribune today prints the following:
"London, June 16.—An unconfirmed report is circulated here that Aguinaldo has met a fate similar to that meted out to General Luna two days ago. Details of the assassination are lacking. However, as the report was brought into Manila by a native, it finds some believers there, and the London papers have made every effort to verify it, but so far have been unsuccessful. It is supposed here that the murder was done by Luna's friends."

Otis Confirms Report.

WASHINGTON, June 15.—General Otis has cabled confirming the assassination of General Luna, which he regards as bound to have a good effect, as his large following will now undoubtedly be for peace.

NEW YORK, June 16.—In an interview at Brussels with a Herald correspondent, M. Andre, the Belgian consul-general at Manila, declared that Luna's death was a Godsend; that he was the soul of the rebellion and the most sanguinary man of all Aguinaldo's army, and one who tortured Spanish prisoners and lived by insurrection.

M. Andre says the assassination of Luna removes the principal obstacle to peace which the Americans have now a great chance of speedily securing, even by simple persuasion.

Imus Formally Surrendered.

NEW YORK, June 16.—A dispatch to the Herald from Las Pinas by way of Manila says: Spanish prisoners who fled into the American lines from Imus report that the enemy have retreated into the mountains. They brought to Imus the bodies of 100 killed and 300 wounded as the result of the recent fighting between Las Pinas and Bacoor.

The Spanish further say that the Filipino forces are demoralized and without ammunition, and that many rifles have been thrown into the river. The alcaldes of the town of Imus delivered the town up to General Lawton, declaring that the peace would now exist if it were not for Aguinaldo's cut-throat band. Cape Viejo is reported to have been deserted by the enemy. Thousands of non-combatants are entering the American lines. The official report shows that 121 bodies of insurgents have been buried since the recent engagements. The American soldiers are still finding bodies.

Aguinaldo a Lively Corpse.

WASHINGTON, June 16.—The war department today received a dispatch from General Otis announcing the repulse of the insurgents' attack upon our forces at San Fernando. The rebels were driven back with heavy losses. Fourteen of their men were wounded.

Report Denied.

LONDON, June 16.—The Filipino junta says there is no truth in the report circulated here and cabled to the United States that Aguinaldo has been assassinated.

Health of Troops Good.

NEW YORK, June 16.—The statements to the effect that men around Manila are dying like flies and that the war department has been compelled to suppress the regulation health report which

It was formerly customary to make public, turns out to be gratuitously false, but serve the good purpose of bringing out the fact that the health conditions in the American army under General Otis are not only astonishingly excellent, but have probably never been equaled in any army in tropical countries, says the Washington correspondent of the Tribune.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. Dory, Des Moines, Iowa. For sale by Blakeley & Houghton, Druggists.

Railroad Surveyors at Columbus.

GOLDENDALE, Wash., June 15.—The Columbia Valley railway surveyors arrived at Columbus ferry last evening, and are today driving stakes across the vineyard and orchard of the old J. W. Presby property of 210 acres. The line, as the course seems to follow, will cut squarely in two some of the principal building lots in the town of Columbus. The engineer in charge seems to be making the location regardless of expense.

Will Control Stoves.

CHICAGO, June 16.—A special to the Tribune from Cleveland, O., says: The stove manufacturers of Cleveland, who control about 80 per cent of all the gas, coal and gasoline stoves manufactured in the United States, have practically completed plans for the combination of their interests. The new company will be known as the Standard Gas Stove & Manufacturing Company, and will have a capitalization of \$5,500,000, which will include \$2,500,000 preferred stock and \$3,000,000 common stock.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley & Houghton, Druggists. Guaranteed.

SAD TRAGEDY NEAR SHERWOOD

Mrs. Emma Kusbob Commits Suicide While Insane.

POISON THE MEANS EMPLOYED

Unfortunate Woman Ate Wheat That Had Been Treated With Strychnine to be Used for Squirrel Poison.

SHERWOOD, Or., June 16.—A sad tragedy occurred at the home of Albert Kusbob, living about two miles south of town, near noon yesterday, when Mrs. Emma Kusbob committed suicide.

Mrs. Kusbob had returned home the evening before from the Oregon insane asylum at Salem on parole, after having been confined there during the past three months on account of a mild form of dementia, and on being left alone at home during her husband's hurried visit to a near neighbor's, found while wandering about the house, a can of poisoned wheat used for destroying squirrels and other small animals on the farm, and partook of the contents.

Rev. J. Eldrige and wife, near neighbors, called in soon after Mr. Kusbob had left and found Mrs. Kusbob eagerly eating some kind of preserves presumably to destroy the intense bitter taste remaining in the mouth, yet they did not discover what had occurred during their visit, no evidence of the tragedy being visible or suspected by them.

Directly after their departure Mr. Kusbob drove up to the gate near the house, when he heard a cry and splash at the well close to the kitchen door, and on investigating found that his wife had jumped in feet foremost, alighting in water some four feet deep.

She was rescued as quickly as possible, and apparently no visible damage had resulted from the leap except an abrasion of the skin on one finger. After consciousness had been restored, resulting from shock and particles of the poisoned grain found, she finally admitted she had tasted it, but would give no further particulars, only she had taken both methods of ridding herself of life.

Dr. A. L. Saylor was called in quickly as possible, and every effort was made to counteract the deadly poison, but without success, convulsion succeeding convulsion at intervals until about 10 o'clock, when death ended the woman's sufferings. Mrs. Kusbob was a very estimable Christian lady, aged 44 years, and had resided near here a long time. No family except her husband remain to mourn her unfortunate death.
