## WANTS TEN REGIMENTS

State Organizations Will Not Be Taken.

## WILL BE RECRUITED

Little Probability That Formal Call Will Issue—Civil Government of Cuba Porto Rico and the Philippines Is Not Looked Upon As a Thing Very Far in the Future.

NEW YORK, June 23.—A special to the Herald from Washington says: President McKinley will authorize the enlistment of additional men for the Philippines when he returns to Washington. There is the understanding of well informed war department officials. The administration has at least come to recognize the necessity of reinforcing General Otis' command. It is apparent that some department officials are figuring on the advisability of enlisting sufficient men to form ten complete regiments.

Acting Secretary of War Meiklejohn said if the president authorized additional men, the number would be determined after a consultation with General Otis. It would not be surprising were the department to hear from General Otis before the return of the president, in order that the latter may be supplied with the necessary information in order to take immediate action.

"In any event," said Mr. Meiklejohn "there is little probability of a formal call for volunteers. State organizations will not be accepted, although there are many applications on file from them for muster in and be dispatched to the Philippines. The president, I think, authorized the department to direct its recruiting officers to make enlistments, and I am confident that men can be obtained in such numbers as to form a complete organization and be ready for service with General Otis during the fall months."

Should the president authorize the formation of ten regiments, recruiting officers who will have to obtain 15,700 men to fill them. At least 4000 men will be required for the three volunteers organizations which General Otis has authority to organize, making about 20,000 of the 35,000 men of the provisional army, the enlistment of which is authorized by law.

President McKinley's policy in regard to the future form of government for the Philippines and Cuba is still undefined, but regardless of what future developments may bring forth as to our attitude toward those islands, he and the members of the cabinet fully appreciate that the military governments in all of our dependencies must give way to civil government as speedily as possible. Preliminary to the establishment of civil government, the cabinet has concluded that there should be a new civil department with a cabinet at its head inaugurated and have control of the new governments which sooner or later will be formed.

representatives of labor organizations have been trying to induce the men not to come, and doubtless some have stopped off. Mr. Campbell doesn't know about the desertions. He says the appeals to the men not to come have been almost continuous. Permits will be issued to the men immediately on their arrival and the mine started up tomorrow.

## DEMOCRATS ARE STRUGGLING

Have Not Yet Passed the Temporary Organization Point—Will Indorse Bryan for President and Blackburn for Senator.

LOUISVILLE, Ky., June 23.—The third day of the Democratic state convention is still working under the temporary organization. The committee on credentials labored with the 357 contested seats until long after midnight and then left its task unfinished. The majority of the committee on resolutions has drawn up a platform endorsing Bryan for the presidential nomination in 1900 and Blackburn for Philippines. The fight between the three United States senators, making free silver again the prominent issue, reaffirming the Chicago platform in its entirety and containing a strong anti-trust plank.

In regard to the policy to be pursued in dealing with the new possessions, the majority is conservative. The war with Spain to secure the liberty of Cuba was sustained, but the administration is blamed for pushing the campaign in the candidates for the nomination for governor is being warmly waged with the advantage with the Goebel-Stone combination, which controls the organization. The convention was called to order at 9:30 a. m., and after the adoption of eulogistic resolutions in memory of the late Congressman Bland, took a recess until 4 this afternoon to await the report of the committee on credentials.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

## NEW EXECUTIVE BRANCH

Of the Government Is Necessary to Meet the Conditions—Now Gathering Information.

NEW YORK, June 25.—A special to the Herald from Washington says: A new executive branch of the government with the title, "Department of Colonial Affairs and Foreign Commerce," or something similar to it, is deemed by the administration absolutely necessary to meet new conditions which confront the United States as a result of the war with Spain.

The word "colonial" is repugnant for political reasons to some of the members of the cabinet, because it smacks of imperialism, and it is probable that some other title will be adopted. The meaning, however, will be the same. Preliminary to recommendations to congress on this subject, data is now being compiled concerning the control of the colonies by foreign powers and the extension of our commerce into foreign fields, and members of the cabinet and subordinate officials of the administration are giving much thought and time to the details of the proposed new department.

American consuls on duty in the colonies belonging to foreign powers, especially those of Great Britain, are to be called upon for full reports upon a list of questions now preparing for submission to them. Robert P. Porter, who is looked upon as the probable head of the proposed cabinet office when created, will be consulted in regard to the plans for extending foreign commerce, which is to become a feature of the new department.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BABCOCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.
