THE DALLES, OREGON, TUESDAY, JUNE 27, 1899

NO 64

AGUINALDO EXPECTS RECOGNITION

After the Election—Has Proclaimed the Present Administration Will Meet Defeat.

INDEPENDENCE WILL FOLLOW

Insurgents Have One Well Organized Force—Four Thousand in Tarlac Province—All Other Organizations Are Scattered.

WASHINGTON, June 26.—General Otis, in reply to a cable from the war department asking for information regarding the situation and conditions in the Philippines, today cabled a long reply as follows:

"Manila, June 26.—Adjutant-General, Washington: It is the rainy season, and there is little inland campaigning in Luzon. We occupy the larger portion of the Tagalog country, our lines stretching from Imus, south to San Fernando, north, nearly sixty miles, and eastward into Laguna province. The insurgent armies have suffered great losses, and are scattered. The only large force together is about 4000 in Tarlac province and Northern Pampanga.

"Their scattered forces are in bands of fifty to five-hundred. In other portions of Luzon—in Cavite and Batangas provinces—they could assemble possibly 2000, though demoralized from recent defeats.

"The mass of the people, terrorized by the insurgent soldiers, desire peace and American protection, and no longer flee on the approach of our troops, unless forced by the insurgents, but gladly welcome them. There has been no recent burning of towns. The population within our lines is becoming dense, and the inhabitants are taking up land cultivation extensively, being kept out of Manila as much as possible, as the city population is becoming too great to be cared for.

"The natives of southeast Luzon are combining to drive out the insurgents. The only hope of the insurgent leaders is United States aid. They proclaim the near overthrow of the present administration is to be followed by their independence and recognition by the United States. This is the influence which enables them to hold out. Much contention prevails among them, and no civil government remains. Trade with ports not in our possession, the former source of insurgent revenue, is now interdicted. Am not certain of the wisdom of this policy, as the people in those parts are without a supply of food, and the merchants are suffering losses. The courts are in successful operation, under the direction of able Filipinos.

"Affairs in the other islands are comparatively quiet, awaiting the results in Luzon. They are anxious for trade, and repeated calls for American troops are received. At giving attention to the Jolo and Palawan islands. The American troops have worked to the limit of endurance. The volunteer organizations have been called in and replaced by regulars, who now occupy salient positions. Nebraska, Pennsylvania and Utah are now taking transports, and the Sixth infantry will be sent to Negros to relieve the Californians. These troops are in good physical condition.

"Sickness among the troops has increased lately, due mostly to arduous service and climatic influence. There is nothing alarming, however. Of the 12 per cent of the command reported sick, nearly 6 per cent are in the general hospital, of whom 3 per cent have typhoid and 17 malarial fever; 12 per cent

have intestine trouble, and the remaining 55 per cent have various ailments, fourteen of which are due to wound injuries. Many of the officers and men who served in Cuba break down under a recurrence of the Cuban fever, and the regular regiments lately received are inadequately officered. OTIS."

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Care—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

TO EXPLORE OUR RIVERS

Expedition From Stanford University Coming Here.

PALO ALTO, June 26.—An expedition under the United States fish commission will start from Stanford university July 1 to explore the rivers of Western Oregon. Dr. C. N. Gilbert, professor of zoology, has entire charge of the work, and will have as his assistants J. O. Snyder, instructor in the zoological department; W. F. Allen, '00; F. W. Anderson, '02, and E. C. Robinson, '02. The purpose of the expedition is to examine the streams in order to find out what fishes live in them and under what conditions they live and to determine the character of the streams.

This work is part of a complete survey which is to be made of the rivers of the western coast of the United States. For the last four years Dr. Gilbert has been working along this line, and has explored the streams of California to the southern boundary of Oregon. The exploring party this summer will be out two months.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. Dory, Des Moines, Iowa. For sale by Blakeley & Houghton, Druggists.

Body Found in the Columbia.

STEVENSON, Wash., June 25.—The body of a man was found floating in the Columbia near Stevenson Friday. Coroner Kirkman examined the remains, but deemed it unnecessary to hold an inquest. The body had been in the water some time. The clothing consisted of a blue woolen shirt, black trousers, red woolen undershirt and cotton flannel underclothes. The body was buried near where it was found.

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing. Snipes-Kinnersly Drug Co.

Ohio Paper's Hazardous Undertaking

TOLEDO, O., June 26.—The Toledo Press Club has issued a letter to the newspapers of Ohio asking them to assist in determining the most beautiful woman in Ohio, the judges to be eminent artists of Cleveland, Cincinnati, Dayton and Columbus. It is proposed by the Ohio centennial committee to determine by competitive balloting the most beautiful woman in the state and she is to be heralded in all the designs to be used by the Ohio exposition.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

Dropped Dead.

TACOMA, June 26.—W. F. Sargent, a prominent mining man, formerly a banker of this city, dropped dead from heart failure this morning while in the office of Dr. H. W. Dewey, where he had gone for treatment.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

Railroad Survey

STEVENSON, Wash., June 25.—Skamania county is just now taking considerable interest in railroad prospects, caused by the presence of a surveying party, which is running a line down the north bank of the Columbia river. This party, which started about two weeks ago, opposite The Dalles, is now camped just west of Wind mountain, five miles above Stevenson. The line, so far as it runs, follows the high water mark of the Columbia very closely, and the engineers report the location and grade very favorable. The survey is in the interest of the Columbia Valley Railroad Company.

The building of this line would prove of great benefit in developing the many natural resources of this country, which at present lie dormant on account of lack of transportation facilities. E. M. Bands, of Vancouver, accompanies the party, securing the right of way.

Gun-shot wounds and powder-burns, cuts, bruises, sprains, wounds from rusty nails, insect stings and Ivy poisoning—quickly healed by DeWitt's Witch Hazel Salve. Positively prevents blood poisoning. Beware of counterfeits. DeWitt's is safe and sure. Snipes-Kinnersly Drug Co.

For the Fourth of July the O. R. & N. Co. will sell excursion tickets to any rail station within 300 miles from selling station at one fare for the round trip. Tickets on sale July 2nd, 3rd and 4th and will be good for return passage up to and including July 6th, 1899.

SAILS FASTER THAN DEFENDER

American Yacht Columbia Truly a Gem of the Ocean.

HER TRIAL TRIP TAKEN

Met the Old Champion and Vanquished Her With Ease—Lightning on Tacks—Canvas Not Yet Well Set.

NEWPORT, R. I., June 25.—The first trial trip of the new American cup defender Columbia which took place in Narragansett bay today was more successful than either her builders or her owners had reason to hope. Not only did the new boat show herself to be seaworthy in every particular, but she met the old racer, Defender, in a friendly brush of a mile to the windward and vanquished her with the greatest ease. The race between the flyers, which was over in five minutes, was sailed in an eight-knot breeze under the same conditions, each boat carrying three lower sails, with sheet well flattened. It took the Columbia about three minutes, sailing from the Defender's weather quarter, to blanket her, and in five minutes she was 100 yards ahead, going past the old cup defender as if the latter was anchored. Under these circumstances it would seem as if the Columbia were from fifteen to twenty seconds a mile faster than the Defender, and if she can make the same gain in a hard blow, the fear for the safety of the American cup will be considerably allayed.

The trip today was the builder's trial, and although the managing owner, C. Oliver Iselin, and a number of his yacht-club friends were on board, still the Columbia's designer, Nat Herreshoff, was in charge, and after the sail down the bay the boat was towed back to Bristol for a few minor repairs. It is expected that the boat will have another trial Thursday, and by the end of the week she will be formerly turned over to Mr. Iselin. In the meantime her interior fittings will be finished and her bowsprit, which apparently started in the socket in today's brush with the Defender, probably will need some attention. Before the Columbia left for Bristol Mr. Iselin expressed himself as more than satisfied with her, and it was a happy lot of yachtsmen that watched her performance and went to Bristol with her tonight.

You can't cure dyspepsia by dieting. Eat good, wholesome food, and plenty of it—Kodol Dyspepsia Cure digests food without aid from the stomach, and is made to cure. Snipes-Kinnersly Drug Co.

Ask your grocer for Clarke & Falk's pure concentrated flavoring extracts. If
