

OPERATIONS ARE SUSPENDED

Campaign Will Cease Until Bad Weather is Ended.

THE FILIPINOS GET A REST

Meanwhile, Otis' Force Will Be Increased to 40,000 Men Before Fighting is Resumed.

WASHINGTON, June 28.—Secretary Alger, Adjutant Corbin and Colonel Bird, assistant quartermaster-general in charge of transportation, had an hour's consultation with the president today relating to the question of reinforcements for General Otis. A definite decision was reached to continue recruiting men at all the recruiting stations, and Secretary Alger said after the conference that General Otis would have 40,000 men when the rainy season closed for resumption of active operations.

The enlistment are to be for service in the regular army and recruits are to be organized into regiments or assigned to regiments already formed after enlistment. No organizations are to be accepted if sufficient recruits can be obtained by regular enlistment. General Corbin said the enlistments would be for three years. Arrangements are to be made at once for increasing the transportation necessary to get these additional troops to the Philippines.

The decision to reinforce General Otis by the end of the rainy season is interpreted to mean that active campaigning will cease until the bad weather ends. By remaining quiescent under good shelter during the rainy season it is hoped that the health of our troops will be conserved and the danger from climatic fevers reduced to a minimum. General Otis has cabled to the war department that he has the skeleton organizations of two of three regiments which he proposes to raise in the Philippines.

At the war department this is said to mean that General Otis has the officers for these regiments selected and that they are now to be filled with enlisted men. The war department says that the recruits now being enlisted cannot be used for the volunteer army, although it would be an easy matter to transfer these men with their own consent to the volunteer service if it should be determined to raise additional troops.

Mad Woman's Fortune.

St. Louis, June 28.—In a dingy, stuffy little room in the rear of No. 1221 South Third street, Officer Hanrahan found concealed in a dirty trunk and a valise a sum of money exceeding \$15,000 in government bonds, gold and bills of large denominations. The police think that this small fortune is the property of Mrs. Walbonger Wackerle, an aged German woman who is now a patient at the insane asylum.

But little is known by the neighbors of Mrs. Wackerle. They say that for years past she has been living in that neighborhood; always reticent, eccentric and demur.

ABANDONS WESTERN TRIP

He Will Not Be Able to Come Even as Far as Minnesota on Account of Mrs. McKinley's Health.

NEW YORK, June 28.—A special to the Herald from Washington says: The state of Mrs. McKinley's health at this

time is decidedly worse than since she has been in the White House, and the president will remain in Washington probably all summer, and will take very little vacation out of the city.

President McKinley's projected trip to the Pacific coast, which had been looked forward to in anticipation of enjoyment to himself and improvement in Mrs. McKinley's condition, has been abandoned. His trip to Minnesota has also been abandoned.

The unfavorable turn in Mrs. McKinley's condition is attributed to a cold, which she contracted just before she left Washington. She is never strong and this cold seemed to weaken her to such an extent as to make it advisable to avoid the exertion which would have been necessary had she remained away as long as it had been intended.

THE OLD WAY

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken; in other words the starvation plan is supposed by many to be the first essential.

The almost certain failure of the starvation cure has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting to a man suffering from dyspepsia, because indigestion itself starves every organ, every nerve and every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome well-cooked food, and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia; in other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digests it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50 cents for full sized package at all drug stores.

Dreyfus Looks Old.

NEW YORK, June 28.—A despatch to the Herald from Paris says: La Martin has interviewed the mate of an American steamer which passed the Sfax at Cape Verde islands on June 19. He saw Captain Dreyfus on deck and he says he looked broken down, and like a man of sixty. The captain of the Sfax ordered them to keep off. Captain Dreyfus saluted the flags when the salutes were exchanged.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilcox, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodoi Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing. NO ROOM FOR ALGER

Administration Disturbed Over the Pingree Alliance.

IS NOT LIKELY TO RESIGN

Politicians Have Advised the President to Put Him Out of the Cabinet.

WASHINGTON, June 27.—The administration is thoroughly disturbed over the Alger-Pingree affair. Alger was down to meet the president as soon as he arrived today, with the intention of showing his utmost concern and friendliness to the chief executive. Other members of the cabinet saw the president and gave him to understand that the latest developments ought to create a vacancy in the war department. Several politicians have been in the city, and they, too, have given strong intimation that a Republican administration has little room for Alger after his alliance with Pingree, who is an evident anti-administration man.

Alger is considerable of a bulldog, however, and he never struck a job that he liked any better than secretary of war. He also must realize it is probably the last position he will have, and he wants to hang on to it as long as he can. There is no doubt that McKinley is in a tighter place than he has been during the administration, and Alger does not intend to leave him by voluntary getting out. It will take all his effrontery to remain when he sees that every man with whom he associates thinks he ought to get out and relieve the president of the embarrassment which is caused by his political alliance. Alger will probably find himself more and more ignored as secretary of war and snubbed by every member of the cabinet; but he won't resign unless kicked out.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
