PERSONA AND USONIAN

New Names for the United States and Its People.

WATERHOUSE'S SUGGESTION

Persuades the Press of the Country to Effect the Adoption of the Terms.

St. Louis, July 1.—The Republic tomorrow will publish, with favorable editorial comment, an article furnished by Professor Waterhouse, of Washington University, of this city, on the subject of proper name for this country. The Esthetic Post will also publish the article, with approving notice. The chief points of the article are as follows:

"At present there is no proper name that distinctively describes this country. Columbia and America apply to the whole western hemisphere. The people of Canada and Mexico, of Central and South America, are all Americans, and might justly resent the pretensions which claim that title exclusively for the inhabitants of the United States of North America. 'The United States' is an awkward expression. It is plural in form and singular in sense. It does not afford personal or adjective derivatives. United States men and United Statesian are inadmissibly harsh. United States of North America' is an exact designation of this country. The initial letters of these words form the word 'USA.' This term is agreeable to the plural, singular in number, and precise in definition. Its introduction will substitute for the incomplete United States a dress so full and exact that no foreigner could misunderstand it.

"Formerly, the press indicated that its general information was gathered from the four quarters of the globe by placing the heads of its columns 'North, East, West, South.' From the initials of these words 'news' was derived.

"It is facetiously said that 'U. S.' stands for 'Uncle Sam,' and this burlesque personification has found a permanent place in our language. The optimal names of Generals Grant and Jackson have been supplanted by the universally used names which act or color gave. Physicians have invested the utterly inexpressive watt, volt, ohm and ampere with technical meanings, and have introduced them into the terminology of electrical science. If fine we can create and popularize new terms, not the words 'Usona' and 'Usonian' fully subserve the needs of exact address and grammatical convenience as to serve a place in our language? The press can, if it will, effect the adoption of these new words."

ALGER MAKES A VERY BAD MOVE

He Will Give Up the Race Rather Than Allow His Loyalty to Be Questioned.

WASHINGTON, July 1.—Alger and his friends are just awakening to the fact that he made a very bad move in openly lying himself with Pingree. They see at the step will weaken Alger in Michigan, for they know that the president is stronger in Michigan than either McMillan or Alger, and that any one who opposes McKinley will surely fall from favor. More than that, they now see that if Alger remains in the cabinet, where he is not wanted, he will gain dispute at home and be the loser in the end.

In order to cover over Alger's blunder, his friends are now denouncing the state-

ments that Alger is antagonistic to the administration and are asserting that the secretary's relations with the president are very cordial. This is generally disbelieved, and all authoritative advices of late have been to the contrary. The Algerites are quite sore on Burrows, for his recent interview on the Alger-Pingree alliance, and are making assertions that McMillan men are acting maliciously toward Alger to give him a bad name at home. But the climax is capped when Alger's friends say, "rather than allow his loyalty to the president to be questioned, he would give up the senatorial race."

Alger himself says nothing publicly, but he is now trying to pose as a martyr and wrongly treated man. He, nevertheless, clings to his office, and it is asserted that he sees no reason for withdrawing from the cabinet. He will just as tenaciously hold on to his little chance for election to the senate.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

NOTICE.

UNITED STATES LAND OFFICE,
OREGON CITY, June 21, 1899.

Notice is hereby given that the approved fractional plat of Township 2 north range 8 east, has been received from the surveyor general of Oregon, and on August 1st, 1899, at 9 o'clock, a. m., of said date, said plat will be filed in this office, and the land therein embraced, will be subject to entry on and after said date. CHAS. B. MOORES, Register. WM. GALLOWAY, Receiver.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50 cent bottle cured me entirely. I now recommend it to all my friends.—F. A. BARCOCK, Erie, Pa. It is for sale by Blakeley & Houghton, Druggists.

Gun-shot wounds and powder-burns, cuts, bruises, sprains, wounds from rusty nails, insect stings and Ivy poisoning—quickly healed by DeWitt's Witch Hazel Salve. Positively prevents blood poisoning. Beware of counterfeits. DeWitt's is safe and sure. Snipes-Kinlerly Drug Co.

M'KINLEY'S WESTERN TRIP

Will Not Occur Before the Middle of August.

WASHINGTON, July 1.—Senator Carter, of Montana, called upon the president today to present him with formal invitations to visit Great Falls, Helena, Butte and Missoula when he goes West on his trip. The president said he has not abandoned his intention to make a Western trip, if conditions permit, but stated he would not be able to attempt the trip before the middle of August. He could not fix a date and could not say positively that he would go. He could only say that he desired to go. The president added that he would like to pass through Montana after the Montana regiment from the Philippines had come home. This is taken to indicate that the president will start on his Western trip late in the summer, and will try to go to a number of Western states which furnished volunteer troops in the Philippines. In this way he would be able to shake hands with the returned soldiers.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liveryman, Burgettstown, Wash. Co., Pa. This remedy is for sale by Blakeley & Houghton, Druggists.

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by Blakeley & Houghton Druggists.

A SKIRMISH AT NIGHT

Rebels Made a Sally Against Our Lines at San Fernando.

DID NOT PUSH THE ATTACK

Americans Lost One Man Killed and Four Wounded—Return of Volunteers.

MANILA, July 1.—2:55 p. m.—The rebels made a demonstration at San Fernando last evening. They took advantage of darkness and rain to make a sally against the north line for the purpose of annoying the Americans, but they failed to push their attack. The American loss was a private of the Seventeenth regiment killed and four men wounded.

The firing began at 10, and the rebels expended great quantities of ammunition. All the troops hastened to entrench, in expectation of a general attack. The Seventeenth, the Twelfth and the Iowa regiments participated in the engagement, but did not advance beyond the outpost.

After one hour, the Filipinos fired rockets, apparently as a signal to cease firing, but there were scattered shots all night long, which kept the Americans under arms. The enemy's loss was not discovered, but is probably small. The Americans were guided in their shooting only by the flashes of rebel rifles.

The transport Hancock sails for home tonight with 740 men of the Nebraska regiment and 250 men of the Utah artillery. About thirty of the Nebraskans and twenty-five of the Utahs remain here, a majority of them re-enlisting. The Nebraska troops have been living on shipboard in the harbor this week, awaiting the Utahs' readiness for departure. The soldiers enjoyed this immensely, after the month's stay in the trenches.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
