VOL. XII THE DALLES, OREGON, SATURDAY, JULY 15, 1899. NO 79

A HEART-FELT WELCOME

The Soldier Boys Land Mid Roar of Cannon and Cheer Upon Cheer.

GOVERNOR GEER IN THE LEAD

They Marched up Market Street Deluged With Flowers—Now in Camp at the Presidio—Began to Make Themselves Comfortably a Once.

SAN FRANCISCO, July 14.—Not since the departure of the California volunteers for the Philippines have the streets of San Francisco presented such a scene of animation as they did today nor have the steam whistles, cannons and bells created such a rumpus, and all this in honor of the returned regiment of Oregon volunteers and the California signal corps who have returned from foreign shores after over fourteen months of hardships and fighting, some gaunt and sick, broken in health and spirit, some bearing the marks of Filipino bullets, others returning to their native country full of vigor and life and even bettered by the trying experiences in the tropical climate and vigorous campaign against the followers of Aguinaldo. Early in the day great crowds of people commenced gathering along the line of march. As the waiting crowds became fully aware that the men were actually in sight the din and roar and mechanical noises mingled with the cheers of thousands made it seem as if Bedlam had really broken loose.

The first in line of march was Major Noble, General Shafter's aid, followed by the band of the Third artillery. Then came Governor Geer, of Oregon and staff, followed by the Californians who shared the cheers with the Oregonians.

Then came the Oregon regiment headed by Brigadier Generals Sumner and Bang. As the men marched up the street they made a splendid appearance. The ambulances bearing the sick and wounded followed, then a battery of the Third artillery. All along the line of march the men were cheered to the echo. As the soldiers passed the Palace hotel they were deluged with flowers thrown from the windows by the guests. General Sumner and staff, and many noted army officers reviewed the parade as it passed up Van Ness avenue.

At the Presidio they will rest under military discipline for two or three weeks when the final mustering out will take place and they will be sent to their homes by train.

MURDER AND ANNIHILATION

Such Was the Plan of Aguinaldo on the Night of the Outbreak.

SAN FRANCISCO, July 14.—The officers of the Second Oregon regiment, while very guarded in their statements, admit that the condition of the American troops at Manila at the outbreak of hostilities between Aguinaldo and the United States was very critical.

The capture of a letter sent from inside our lines in Manila to an embassy of Aguinaldo is probably all that saved our army from a terrible disaster, and possible annihilation. The letter was taken to General Otis, who found in it the plans of a plot to open the gates of Manila, sack the city, murder the guards, and allow the insurgent army to pour into the American camps and surprise the men. The United States troops were under arms all night to meet the expected attempt, but spies had learned of the cap-

ture of the letter, and the only part of the plot that was carried out was the burning of a portion of the city.

Another Authority.
CINCINNATI, July 14.—Bishop J. M. Thoburn, of the Methodist Episcopal church, who has spent forty years as a missionary, mostly in India is here with his family, some of whom are in ill health. The Bishop spent some time in Manila in March last, and was an intelligent observer of events. He says there is no doubt that the outbreak between the Americans and Filipinos was intended by Filipino leaders to include a general massacre in the city of Manila.

Robbed the Grave.
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

CAUGHT IN THE BREAKERS

Boat With Three Men Upset on Yaquina Bar—One Drowned.

NEWPORT, Or., July 13.—This morning about 7 o'clock, George Burch, Frank Priest and a man known as "Sea Lion Charley" went out over the bar for deep sea fishing. When about half way out to the bar they saw a breaker coming and stopped fishing. Priest got the boat's bow around to meet the breaker, and the craft passed over it in safety. Another sea struck them before they could regain control of their boat and capsized it. Priest and Sea Lion Charley succeeded in catching hold of the boat and clinging to it, but Burch was not seen again.

The lookout from the life-saving station, who was on the beach opposite to the scene of the accident, saw the boat capsized and hastened to the station for assistance. The crew promptly responded, and in less than half an hour reached the scene with their life boat and rescued the two men clinging to the overturned craft. They were nearly exhausted, and could not have held on many minutes more.

Burch was a single man.

A Thousand Tongues
Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

Grasshoppers in Grain Fields.
MINNEAPOLIS, July 13.—Reports were received here this morning by grainmen that clouds of grasshoppers alighted on the fields in the vicinity of Rolla, N. D., from the Turtle mountain region.

High School Professor Shot.

DALLAS, Tex., July 13.—Professor William Lipscombe, of the Dallas high school, died today from the effects of a wound received from John T. Carlisle, former janitor of the school, who shot him during revival services at the First Christian church. Carlisle, who is a cousin of ex-Secretary of the Treasury John G. Carlisle, professes not to remember anything about the shooting. He is in jail, and the defense will be emotional insanity. Carlisle lost his position as janitor at the high school and blamed Lipscombe for it.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.
It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy was kept on hand and administered at the inception of an attack, much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Blakeley & Houghton, Druggists.

Dewey Will Cut His Trip Short.

NEW YORK, July 14.—A dispatch to the Herald from Port said: The cruiser Olympia arrived here this afternoon. Dewey, who is looking very well, has been reluctantly obliged to decline the invitation of Minister Strause at Constantinople to stay with him on the Bosphorus. He is anxious to get to New York as soon as possible, and has decided to proceed in the Olympia to Trieste, where he will make a short stay for the change of air, proceeding thence to America.

REFUSES TO GIVE INDORSEMENT

To Any Special American Enterprise, or Any Guarantee of Company's Financial Standing.

NEW YORK, July 14.—A special to the Herald from Washington says: While President McKinley will take all necessary steps for the protection of Americans and their interests in China, there is no likelihood that he will join with Great Britain in coercing the Pekin government to give extraordinary concessions to Americans and British citizens. A high official said regarding the mission of W. H. Parsons, of Washington, that the administration had no intention of combining with Great Britain or any other government in the interest of its citizens.

Naturally, the president stood ready, he said, to afford all reasonable and lawful protection to Americans in foreign countries, and Mr. Parsons would undoubtedly receive this assurance. It has been the policy of the administration not to advocate any special American industry to the Chinese government. Instructions sent to the American minister in Pekin some time ago said:

"In the advancement of American enterprises in China and the efforts made in behalf of the Chinese foreign office, you should be cautious in giving what might be understood as the government's indorsement of the financial standing of the persons seeking contracts with that of China. Briefly speaking, you should employ all proper methods for the extension of American commercial interests in China, while refraining from advocating the projects of any one firm to the exclusion of others."

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used.
