**SYSTEMATIC AID FOR TEXAS.**

Few catastrophes in this country have been as widespread as the floods in Texas that are sweeping the great area of 32,500 square miles. That is four times the size of Massachusetts. It is nearly as large as Indiana, and larger than South Carolina or West Virginia. Houses are gone, present substance swept away, and, most threatening of all, the crops to supply food for the coming year have been destroyed. A great deal of sickness, caused by exposure and hardships, is certain to be added to the general destitution. Only one way exists to meet this calamity, and that is by organization, generous and general aid, and measures continued as long as may be necessary. Prompt assistance will tide over the present emergency, as far as human effort can be made effective, but standing relief boards should be formed at once and the sufferers helped to struggle to their feet again. They have lost not only their houses and all their possessions, but their hold upon nature's bounty itself for a long period. They will raise this year no wheat to eat nor cotton to sell. Their labor for the season up to this time is wasted.

It is an industrious population that finds itself in this strait from a disaster that is seen to be phenomenal. Another like it might not occur in a century. As the waters recede the hungry must be fed and sheltered and the sick cared for. Those able to work should be supplied with the implements to make a beginning and to get into shape to apply their labor to advantage. Texas is a prosperous and spirited state and will do its share. Its neighboring states will stand by it, and so will the country at large, which now realizes the extraordinary extent of the damage. The important thing is to look after the most urgent duties with all possible energy and to form committees that will follow up the work perseveringly throughout the whole devastated region. History teaches that floods are more destructive than fire, and this example is one of the worst recorded.

An artful boomer in the Klondike asserts that the cold of Alaska puts a crop of hair upon the balddest head. It is hardly worth while to go so far away for a hair tonic when liquid air can be produced for 3 cents a quart and of a temperature several hundred degrees below zero.

Nearly fifty naval vessels are under construction in this country, including a number for foreign powers. Our big ship-yards are certain to be kept busy for a long period of years.

It will not take the primary classes in Manila long to learn that the American dollar is worth twice as much as the Mexican coin to which the Filipinos have long been accustomed.

**Lost.**  
Three horses June 25, 1898, described as follows: two weighing about 1400 each. One a light chestnut branded B on left shoulder. Black horse branded C on left shoulder. One bald faced sorrel weighing about 1200; rounded mane. A liberal reward for information of the whereabouts, or the return of same. A. MASON, J. BARR, Contractors, Viento, Or., or E. V. STEWART, Mosier, Or. (38-1m)

Thomas Rhoads, Centerfield, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until DeWitt's Witch Hazel Salve, less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits. Butler Drug Co.

**Found.**  
In East End Feed Yard Wednesday morning, July 23, a bay horse, about fourteen hands high between 20 or 22 years old, white star on forehead, black points, saddle marks and brand B L on left shoulder with running B underneath, and weighing about 900 pounds. Owner can have same by proving property and paying all charges. J. B. B.

**Deafness Cannot be Cured.**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; the mucus out of the ear is caused by mucus, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by mucus that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CANNON & Co., Toledo, O. Sold by Druggists. Tel. 4-10. Hall's Family Pills are the best.
