

STRIKERS ARE USING DYNAMITE

Attempted to Blow Up the Elevated Railway Structure.

EMPLOYEES HAVE GONE OUT

Despite the Refusal of Master Workman Parsons to Sanction Such Actions—Cars Stopped at Midnight.

New York, July 19.—Strike began this morning on the Second-avenue line of the Metropolitan Street Railway Company, on the Manhattan side of the river. About half of the men quit work. The strike was not authorized by the leaders. Disturbances have occurred at various points and several men have been arrested. Strikers claim to have induced men to quit work on various other lines of the company, but cars were running on all these lines. Commissioner DeLombay, of the state board of mediation and arbitration, said the board would meet today and try to arbitrate the difficulties.

President Veeland, of the Metropolitan Street Railway said: "There is no strike and I defy them to stir our line up. You can look on the streets and see for yourself that all our cars are running. Every line is in good shape except the Second-avenue line, where there were some slight disturbance this morning."

General Master Workman Parsons said today that while he had advised against the strike today in New York, he would stand by the men to the last. "I advised delay for a day or two," he said, "but now the strike is on, I will make the fight of my life to sustain the men in compelling observance of the 10-hour law and redress of other grievances."

Dynamiters on Hand.

New York, July 19.—Just before 2 o'clock this morning there were two terrific explosions in South Brooklyn, at Fifth avenue and Thirty-fifth street. It was found that dynamite or some other high explosive had been placed against the base of the pillars of the Fifth-avenue road at that point.

The dynamite had been put beside the pillars on the opposite sides of the street and the explosions were almost simultaneous. The force of the explosions was such that windows in near by houses were blown in. On one side of the avenue at that point is the pumping station of the waterworks, and on the other, Greenwood cemetery. Underneath the railroad is a tunnel leading to the cemetery.

Word was immediately sent from the powder-house at Thirty-sixth street to Brooklyn police headquarters. The reserves were called out and a few minutes later a hundred policemen were on their way to the scene. The spot where the explosion occurred is a dark and lone one.

WAS OFFERED TO MOHLER

May Have the Presidency of the Big Four System.

St. Paul, Minn., July 19.—A special to the Pioneer-Press says: President Mohler, of the Oregon Railroad & Navigation Company, has been offered the presidency of the Big Four line, succeeding M. E. Ingalls. Mohler is W. K. Vanderbilt's selection.

T. B. Lynch, assistant general passenger agent of the Great Northern, has been appointed general passenger agent of the Cotton Belt.

land, so he could not be seen relative to the news that he had been offered the presidency of the Big Four system, which is the Cincinnati, Cleveland, Chicago & St. Louis. President Ingalls has given it out that he will resign the office and will accept a new position in the traffic world—that of arbitrator and mediator for the Vanderbilt and Morgan lines. Mr. Mohler's conceded strength as a railroad executive gives reasonable color to the news from the East. How he will regard the tender is purely a matter of conjecture.

ALGER TENDERS HIS RESIGNATION

WASHINGTON, July 19.—Secretary of War Alger has tendered his resignation, to take effect at the pleasure of the president.

Story of a Slave.
To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6

Hot Wave Hurts Grain.

PENDLETON, Or., July 18.—There is no doubt that the crop of 1899 has been badly injured throughout this entire section of country. The temperature has ranged from 103 to 107 for nearly a week past, the actual average, according to the government observer's report for last week, being 100.4 above zero.

While some of the fall-sown grain had matured sufficiently so that it was beyond danger from the hot wave, the spring grain was late, and has been generally damaged. This constitutes 60 to 70 per cent of the total crop of the county, and will not only be small in yield, but of low grade as well. Harvesting is in progress quite generally all over the county.

Remarkable Rescue.

Mrs. Michael Certain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

Four Prisoners Escape.

WALLA WALLA, July 18.—Four prisoners escaped from the city jail last night by sawing out an iron bar. They were James Kelly, on trial for sodomy; Hong Git, a Chinaman, charged with robbery, and two highwaymen, who had been arrested for holding up a Swede two hours before. All made good their escape. Two prisoners in the jail refused to leave.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy was kept on hand and administered at the inception of an attack, much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Blakeley & Houghton, Druggists.

Eruption of Mt. Etna.

Rome, July 19.—There was an eruption of Mount Etna this morning. After loud subterranean noises the crater vomited forth dense columns of smoke, followed by enormous masses of sand. A strong earthquake shock occurred here at 2:20 this morning and was followed during the ensuing fifteen minutes by a number of other severe shocks.

Bismarck's Iron Nerve

Wheeler Accepts.

SAN FRANCISCO, July 19.—Benjamin De Wheeler, professor of Greek in Cornell university, has accepted the presidency of the University of California. At a meeting of the regents of the University of California, that body accepted the conditions imposed by Professor Wheeler and the former Cornell professor accepted the position offered him.

"We have sold many different cough remedies, but none gave better satisfaction than Chamberlain's," says Mr. Charles Holzhauser, Druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness." Sold by Blakeley & Houghton Druggists.

WANTS MILES IN OTIS' PLACE

The Minnesota Senator Strikes a Popular Chord.

THE PRESIDENT NOT BLAMED

It is Believed Otis Should Have Asked for More Troops—There is Confidence in Miles.

WASHINGTON, July 19.—A private letter was received at the navy department from an officer on board the cruiser Petrel, and states that she is cruising around Lingayan bay, about 200 miles from Manila.

The writer says the work is excessively tedious, as those on board "are not on speaking terms with the natives." As a result the ship's crew is unable to get any fresh food or fruit from shore and is compelled to subsist on the regular ship's rations.

New York, July 19.—A special to the World from Washington, says: Senator Nelson, of Minnesota, in an interview today, said:

"There seems to be a strong feeling among the people that Major-General Otis has not pushed the campaign in the Philippines as vigorously as he should, and it might be well for the president to put another general in authority."

"I believe the people would like to see General Miles sent to the Philippines and placed in command. There is a general confidence in his ability, as a soldier and campaigner. I do not think the president or the war department has been to blame. Otis should have asked for more men and should have seen to it that when he took an insurgent village or stronghold he had strength enough to hold it."
