PROSPERITY IN THE WEST.

One of the facts which has a discouraging effect on the leaders of the Democratic party is the great increase in industrial activity in the West, says the Globe-Democrat. Everybody, Democrat as well as Republican, who tells anything nowadays about the social conditions in the western states mentions the prosperity which is diffused through all of them. Business is more active in all of them than was ever known before. The reports of the bank clearances from all quarters of the West show an immense increase in transactions since last year at this time. The earnings of the Western railroads are at the highest figures ever touched.

Assistant Secretary of the Treasury Vanderlip, who has just returned from a tour through several states in the Mississippi Valley, is eloquent about the evidences of industrial activity and prosperity which he saw on every hand. He remarks that this is killing the silver issue as a Democratic dogma. Democratic leaders in the West are saying the same thing. There is a strong disposition among the shrewder Democratic magnates of the Western states to take up some other issue, and let silver drop out altogether, or put it so far in the background that it will not figure with any prominence in the canvass. The Stones, Bryans, Joneses and Altgelds are apparently still anxious to stick to it, and they are likely to carry the convention with them, but the wiser men of their party, both politicians and editors, are urging their side to give up that issue and take up something else.

The defection of the West is a serious thing for the democracy. It was on the West that the Democratic bosses looked for a great part of their electoral votes next year. They knew that the number of states which they can carry in the South will not furnish them with more than half the number of votes which their party will need to give it the victory. The South has long since ceased to be solid for the Democracy. Many votes will have to come from the West to that party if it is to have any chance to win. The Democratic leaders know that they can get very few votes from the West under present conditions. It was the business depression resulting from the Democratic panic of 1893 which created the conditions in the West which gave the Democracy several states in the Mississippi Valley and on the Pacific slope in 1896. Republican prosperity has ensued since then, and the entire situation is changed. This is why the reports of business activity and general prosperity throughout the West, which come from Democrats and Republicans alike, have a disheartening effect on the Democratic leaders. It means a sweeping victory for the Republican party in 1900.

Secretary Wilson, who is visiting Oregon, is a member of the president's cabinet who is especially well

qualified for the position he holds. He is a practical agriculturist, a man of keen observation, and active in advancing the agricultural interests of the whole country. Mr. Wilson tells us some things that we knew before—that we import too many things that we can raise here almost to perfection—but this cannot be told too many times, nor by too many influential voices, and if Mr. Wilson's chiding does no good, it can do no harm. Oregon is in several localities one of the best agricultural states of the Union, and it welcomes Secretary Wilson and cordially invites his close inspection. —Telegram.

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing. Snipes-Kinersly Drug Co.

You can't cure dyspepsia by dieting. Eat good, wholesome food, and plenty of it—Kodol Dyspepsia Cure digests food without aid from the stomach, and is made to cure. Butler Drug Co.
