

PRESIDENT KRUGER HAS RESIGNED

His Action is in Consequence of His Not Having a Free Hand.

LORD SALISBURY MAY FOLLOW

Transvaal Must Comply With England's Every Demand or a Hot War Will Follow—Kruger's Resignation May Not Be Accepted.

CAPE TOWN, July 25.—Advices have been received here confirming the report that President Kruger has resigned.

News Kept Secret.

LONDON, July 25.—The Johannesburg correspondent at the Standard says: "President Kruger sent a letter to the veldkraad resigning the presidency in consequence of the refusal to give him a free hand as to the dynamite monopoly. He attended the meeting of the veldkraad this afternoon, during the consideration of his letter. It is not known yet whether his resignation was conditional. The news was kept secret at Pretoria."

Salisbury May Resign.

NEW YORK, July 25.—A dispatch to the Times from London says: The attention of all England is again turned to the veldkraad. The Times says Premier Schreiner, of Cape Colony, cannot induce Kruger to make further concessions. Much unrest is manifested here, and this is not likely to be lessened in the next few days. An authority of the highest character made the following statement today:

"Unless every demand of England be complied with, there will be war. This has been the intention of the government from the outset. Milner was sent to South Africa for the purpose of establishing suzerainty of England, not only in foreign, but in domestic affairs. The Uitlanders' desires were thoroughly considered and decided to be reasonable. If Milner's demands are granted, it will establish English rights to interfere in the domestic affairs of the Transvaal; if not, there will be war."

"Lord Salisbury's resignation may be expected within a few months. His wife's illness may be given as the cause. He is tired of the game and anxious to retire."

"Every little detail of the campaign has been mapped out. It will not be a repetition of former fights with the Boers. It will be rather a campaign on the lines of Kitchener's advance in the Sudan. In the coming conflict, the whole British empire will take part. The English volunteers have been sounded, and they are ready. Australia, New Zealand, Canada and India have been heard from and will be called upon."

Forty Bushels Per Acre.

WESTON, July 24.—Crop prospects are excellent in this locality. Forty bushels per acre will not be an unusual yield for fall-sown grain, and the cooler weather now prevailing will assist greatly in maturing spring-sown, which had suffered somewhat from the "hot spell," and drying winds. Some of the fall wheat is so plump and heavy that it has lodged.

Harvesting will generally commence within a few days. It is already in progress in the Walla Walla valley, beyond Milton, where grain is earlier and the damage appears to have been greater than in this section. Reports from there are that twenty-five to thirty bushels per acre is the usual yield from fields that promised a third more before the unfavorable weather came.

Dewey Will Be Located in Washington.

NEW YORK, July 25.—A special to the Herald from Washington says: There is much gossip in naval circles respecting the duty to which Admiral Dewey will be assigned upon his arrival in this coun-

try. Secretary Long positively declares the post has not yet been selected and that a decision will be made only when he has had an opportunity to consult with Admiral Dewey and has learned his wishes. There is apparently no doubt, however, that the admiral will be stationed in Washington at the head of a strong board, possibly the board of inspection and survey, whose duties will be enlarged so as to take in questions of policy relating to ship construction.

Should a board of admirals be the result of the organization of the mechanical bureaus of the department, as proposed by those who favor such a solution next to the retention of the present systems, there is little doubt that the admiral will be made the head of the board.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy was kept on hand and administered at the inception of an attack, much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Blakeley & Houghton, Druggists.

Death of Lloyd Tevis.

SAN FRANCISCO, July 24.—Lloyd Tevis, the well-known capitalist, died tonight at the residence in the city. The end was entirely unexpected, although he had been confined to his room with a severe cold for about a fortnight. He had not been robust for some time, and owing to advancing years he was unable to withstand the complications which followed his original indisposition.

Catarrah Cannot be Cured with local applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials, free.

Was Stepmother to Minnie Hawk.

FOREST GROVE, July 24.—Mrs. Andrew Hawk, of Cornelius, who died Friday evening from the effects of a strangulated hernia, aged 50 years, was buried today in the Catholic cemetery at Verboort. She had been a resident of Washington county fifteen years. She was stepmother of the prima donna, Minnie Hawk, the singer, who has a world-wide reputation.

Green-Eyed Monster.

LONG BEACH, Cal., July 25.—F. Thever, a cobbler 50 years old, shot and instantly killed Miss Dorothy McKee, aged 24. Thever was jealous of the attention paid the lady by a young man named

Caker. Thever attempted to shoot Baker also, but failing in this, turned the weapon upon himself. He is thought to be fatally wounded.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6

U. P. Will Double Track.

ST. PAUL, Minn., July 24.—A special from New York says it was announced today that the Union Pacific would at once begin double tracking its entire line, at the cost of \$15,000,000. New double steel bridges will supplant the present ones. The work will be done in 12 sections, and it is to be completed in two years.

Remarkable Rescue.

Mrs. Michael Certain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hepatic victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. LAST TIME ON DRESS PARADE

Second Oregon Reviewed by General Beebe and Staff.

THEY MADE A GOOD SHOWING

Some Thorough Efficiency Which Gave the Second Oregon the Reputation of Being the Best Drilled Regiment at Manila, Still Manifest.

PRESIDIO, Cal., July 22.—Yesterday afternoon the Second Oregon regiment gave what will probably be its last dress parade while in the service of the United States.

The parade was formed in line of battalions in close column. Although the regiment had not held a dress parade or battalion drill for five months, it acquitted itself splendidly and elicited highly favorable comments from army officers present. At Manila it was freely admitted that the Oregon regiment gave the best dress parades there, excelling even the fourteenth infantry, the best regular regiment there. There is probably not a regiment now in the service that can equal it in this respect. After the parade the regiment was reviewed by General Beebe and staff, and then it marched in review, twenty-four files front, preserving perfect alignment in every company.

Physical Examinations.

The work of physical examination of the men began yesterday, the first battalion being taken first. The surgeons finished with the band and hospital corps and companies A and D. Today companies H and L will be disposed of, and then the second battalion will be taken. The scratch rolls of some of the companies will be completed today and handed in for critical examination by the mustering officers. After these have been checked and corrected, five copies will be made, two for the paymaster, one for the adjutant-general of the army, one for the adjutant-general of Oregon, to be filed with the state records, and one for the company commander, with the company records. This work will consume all of two weeks longer.

Volcanic Eruptions.

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also old, running and fever sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains. Best Pile cure on earth. Drives out pains and aches. Only 25 cts. a box. Cure guaranteed. Sold by Blakeley & Houghton, druggists.

DISSOLUTION NOTICE.

Notice is hereby given that the partnership heretofore existing between C. J. Cathcart and J. D. Straus, under the firm name of Cathcart & Straus, is this day dissolved by mutual consent, C. J. Cathcart retiring. J. D. Straus will continue the business, and will collect all bills due said firm and pay all accounts against the same. Dated July 1, 1899.
