The Dalles, January 10, 1899.

WAYSIDE GLEANINGS.

Oregon will soon be changing its name to Klondike, so numerous are the gold strikes becoming. That's the only kind of a strike Oregon has.

The first huckleberries of the season were brought in today by the Indians. They say the crop is plentiful, but the cool weather and absence of sun prevents their ripening.

Brigadier Marshall, North Pacific chief divisional officer of the Salvation Army, will conduct a Hallelujah wedding at the Baldwin opera house Saturday, Aug. 25th. All are cordially invited to attend.

Judge Mays, who has been confined to his bed for the past three days, is improving slightly; but although he is anxious to be about his duties, he will be compelled to remain indoors for a few days yet.

There will be a stated communication of Wasco Lodge No. 15, A. F. & A. M., this Monday evening at 8 o'clock. Work in the first degree. All members and visiting brethren are requested to attend. By order of the W. M.

Mays & Crowe evidently think winter has come in earnest. This morning they unloaded two carloads of Wilson heaters. A heater is not out of place this weather; but no doubt we will yet have some days when they will not be needed.

The Degree of Honor are planning to give one of their pleasant socials Wednesday evening in Fraternity hall. This is good weather for dancing, and Prof. Birgfeld has been engaged to furnish music, so that will no doubt be the principal feature of the evening.

Mr. C. F. Baker, of The Dalles, representing the Union Mutual Life Insurance Co., who has been in La Grande for some time, just received notice from the East that his uncle, Mr. Fredrick Baker, of Stronghurst, Illinois, died and left an estate of \$150,000 which will be equally

divided between six children of the family of John H. Baker, of The Dalles, there being no other heirs to the estate. —La Grande Chronicle.

The New York Sons of the Revolution will make the one hundredth anniversary of the death of George Washington, December 14th next, a great national affair. It is said that President McKinley contemplates issuing a suitable proclamation for the observance of the day.

The directors of the Second Eastern Oregon District Agricultural Society (or words to that effect) have not as yet decided upon a place to hold the fair which has heretofore been held at this place. Pendleton will no doubt make an effort to secure it, as the question is being agitated there now.

A letter received today from Moro tells of an accident which befell Julius Wiley, who now lives there. A week ago he was walking rapidly along the street in the dark and running against a guy rope was thrown down and suffered a severe strain to the muscles of the back. He has since been unable to be about.

John Hunsucker has sold his mail route between Prineville and Fossil, via Mitchell, to Joe and W. H. Sumner. Joe will be missed as a driver on The Dalles line. He has been a driver for a number of years and the common saying was that if anyone could get through Joe could, and he generally did. We wish them success in their new undertaking.—Review.

In spite of the farmers' protests, the rainy weather continues and yesterday was a drizzly, fall day, .08 of an inch of rain having fallen and the maximum temperature being 63. About eight miles up Mill creek for a short time it hailed in earnest, but not long enough to cause any serious result. Today everyone has donned heavy coats and the skies look threatening, while it is certain that the section south and southeast has had an unwelcome shower. The grain can stand but little more of this kind of weather.

There was a hiru time Saturday evening at the Saltmarsh stock yards, where 316 head of cayuses had been brought from Yakima by the Indians to be taken to the cannery at Linnnton. These are a portion of the 2000 head which had been contracted for at \$2 a head from the reservation Indians. No doubt they are all right in their way, but they didn't look as though they'd weigh much. The men who work at the cannery claim they only use the hams for canning, and of course something is made off of the hides, hoofs, etc. Most of the canned horse meat is shipped to foreign countries. Oregon people are

not yet fond enough of the delicacy to care to keep it all to themselves.

Since the sale of their horses on Saturday evening the Indians are having a high time, and have been spending their money like millionaires. Like their white tillicums they put a good share by for "boose" and one of them fell by the wayside yesterday. He was so sleepy, however, that he didn't realize he was having a ride on new quarters till he woke up this morning and had to pay \$5 for his celebration.

While opening up a wince from the lower level to the upper works last Saturday the Golconda mine, seven miles from Sampter, uncovered a pocket of very rich ore. This was about 200 feet below the surface. The exterior of the mineral bearing quartz was in places literally covered with free gold. The ore is said to run about \$25,000 to the ton and something like two tons were found at this rich point. Messrs. J. T. and J. G. English, the owners, are justly elated and are receiving the congratulations of their friends. Fifty thousand dollars a day is not discouraging, even to veteran miners.—American.

Recruits for the Thirty-fifth infantry are passing through the city almost daily. This afternoon a crowd of them from different points in the East stopped at the Umatilla House for coffee. Saturday afternoon a car load came through and fairly took the East End by storm. They were hungry and didn't hesitate to make it known, but began as soon as the train stopped at the depot to skirnish around for something to eat. Evidently they had had plenty to drink, and were full of what we suppose they termed patriotism; but that isn't the name it goes by here, although both articles are liable to get their devotees "shot."

In a fire at Pendleton Saturday, which partially destroyed the residence of Mr. and Mrs. Limebaugh, their 3-year-old son was burned to death. He was playing upstairs and got hold of some matches and set fire to the room. When the mother rushed to the door she found it locked, and when she had given the alarm and returned it was too late to save him. A brave young man finally appeared and rushed in through a mass of flames to save the child, but it was too late and he returned carrying the lifeless body. In keeping with the CHRONICLE's article of a recent date on morbid curiosity is the following from the East Oregonian: "While her son, thus brought to death in so tragic a manner, was taken away, the mother, prostrated with her grief, was being resuscitated at the home of Dr. Limebaugh, next door to her own home,

desolate and in ruins. And all this time a morbidly curious crowd jammed close up to the window and stood watching the suffering woman, as she lay gasping for breath and trying to want to live again in the realization of her great loss. Deputy Sheriff Davis pushed them back, and was compelled to exercise his authority as an officer to compel these curious people to obey him."

The East Enders had a fire of their own yesterday morning about 3:45 and they showed that they could cope with the flames without assistance from the "Westerners." The old Gordon house on Fourth street caught fire from some hot ashes which had been thrown against the roof of a shed which projects on to the side of the hill. The East End bell was rung and the brewery whistle also gave warning. About a dozen of their company got out and did good work in extinguishing the fire. The damage is said to be about \$100. The house was occupied by Mrs. Baughman, who makes a living for herself and boys by keeping boarders. Now the East End firemen are joshing their West End brothers because they knew nothing about it until it was all over. But the latter say they have a faint recollection of some fires in that quarter they did know all about.

DID THEIR PART WELL.

What Chaplain Gilbert Says of the Second Oregon Boys.

Upon the disbanding of the Oregon regiment, Chaplain Wm. S. Gilbert wrote the following regarding the work of the organization, which had gone through two wars in the Philippine islands.

"The history of the Second Oregon regiment will always remain unchanged. It is complete and finished. Every member has had pride in making our record what it is, and will always feel a deep gratification in having had part in the event of this memorable year.

"There are some things in our history that cannot be expressed. The deep feeling of brotherhood that binds us is more sacred than words. Wherever we may meet in years to come, to have been in the Oregon regiment together will be a bond of friendship. Nor can words tell the feeling, that we remember so well and with aching sorrow, that came when a comrade was slain by our side in battle or lay for months in fever to be overcome at last by that worst foe. When we stood with uncovered head by the grave's side in the far away Luzon, we turned away in silence, for no words could express our sadness. Nor can history ever tell the test that comes to courage when men, led on by a sense of duty, face death. But all these things the soldier knows, and will never forget.

"The regiment separates. We have tried to do our duty well. We have endeavored to honor our country and our state and those whose sons we are."

The following table of statistics of the regiment is given out by some of the returning soldiers:

No. leaving San Francisco, May 25, 1898	1018
No. of recruits	313

Total	1331
No. leaving Manila June 14th	1082
Discharged during the year	101
Discharged at Manila June 12th	76
Died	59
Missing	3
Desertions	2
Sick, returning on the "Relief"	8

Total 1331
The two deserters are given as Frank Kenney, of company A, and Stephen J. Murphy, of company M.

Married at Eight-Mile.

Yesterday afternoon at 5:30 o'clock at the home of the bride's parents, Mr. and Mrs. W. H. Williams, on 8-Mile, a ceremony occurred which united in marriage Charles C. Creighton, second son of Samuel Creighton of 3-Mile, and Miss Hazel L. Williams. Rev. J. H. Wood, of the Methodist church, officiated.

The parlors of the pretty rural home were attractively decorated in evergreens, and the bridal party stood beneath an arch of beautiful white flowers. After congratulations had been extended all repaired to the dining room, where a bounteous lunch was spread.

Dalles people are nearly all acquainted with the groom, who has been brought up near this city, and is known to be a most worthy young man. Miss Williams is also well known and as well liked. She is one of 8-Mile's fairest girls, and the young man who has won her is to be congratulated.

To Cleanse the System

Effectually yet gently, when costive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or awakening them, to dispel headaches, colds or fevers, use Syrup of Figs, made by California Fig Syrup Co.

For the best results use the Vive Camera. For sale by the Postoffice pharmacy.

Kodol Dyspepsia Cure thoroughly digests food without aid from the stomach and at the same time heals and restores the diseased digestive organs. It is the only remedy that does both of these things and can be relied upon to permanently cure dyspepsia. Butler Drug Co.

Hamilton Clark, of Chaucey, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. Butler Drug Co.

Notice.

All outstanding warrants against School District No. 12, Wasco county, Oregon, will be paid by the clerk, C. L. Schmidt, upon presentation. Interest ceases from this date.

C. L. SCHMIDT,
Clerk School Dist. No. 12.
