DEWEY'S TALK MOST FRANK

Would Like to See Violence Against
Filipinos Stopped.

HE NEVER FAVORED IT

Capable of Self-Government—But they
Must First Submit to Law—An
Interview Credited to the Admiral,
but Bearing Some Evidences of
Manufacture.

New York, Aug. 21.—A dispatch to the World from London gives at some length the London Daily News' reported interview with Admiral Dewey at Naples. According to the correspondent Admiral Dewey began by saying that he regarded Cavite as the battle which decisively turned the fortunes of war in favor of the Americans. He added:

"The Spanish ships were fought well, all the same."

The correspondent asked him if the Philippines were likely to be pacified soon. The admiral replied:

"I have the question of the Philippines more at heart than has any other American, because I know the Filipinos intimately and they know I am their friend. The recent insurrection is the fruit of the anarchy which has long reigned in the islands, but the insurgents will have to submit themselves to the law after being accustomed to no law at all. I believe and affirm, nevertheless, that the Philippine question will be very shortly solved."

"The Filipinos are capable of governing themselves; they have all qualifications for it. It is a question of time, but the only way to settle the insurrection and assure prosperity to the archipelago is to concede self-government to the inhabitants. That would be a solution of many questions and would satisfy all, especially the Filipinos, who believe themselves worthy of it and are so."

"I have never been in favor of violence toward the Filipinos. The islands are at this moment blockaded by a fleet and war reigns in the interior. This abnormal state of things should cease. I should like to see autonomy first conceded and then annexation might be talked about. This is my opinion."

"I should like to see violence at once put a stop to. According to my view, the concession of self-government ought to be the most just and logical solution."

The admiral spoke with an air of frank conviction.

Storm in Iowa.

DECAIR, Ia., Aug. 20.—Early this morning a severe wind and rain storm visited this section, and did much damage in both city and country. Trees were blown down and uprooted, numerous sheds and buildings blown over. A section of Steyer's opera house was lifted off and deposited in the street half a block away, tearing down a number of telephone wires as it descended. The new lodgeroom of the Elks and the clubrooms of the German Singing Society in the Steyer block were damaged considerably by water running in where the roof was blown off. Reports from the country indicate that a great many wind mills and stacks of hay and grain were blown over.

CANDY POISONER IS INSANE

Miss Horlocker Will Not Be Tried for
Attempting to Kill Mrs. Morey.

OMAHA, Aug. 20.—A special to the Bee from Hastings, Neb., says:
Word comes from Hastings that Miss Viola Horlocker, who is under a \$5000 bond, charged with having attempted to

take the life of Mrs. Charles F. Morey, by sending her a box of poisoned candy on April 10 last, is now in an insane asylum at Jacksonville, Ill. About two months ago Miss Horlocker went to New York city to visit her sister and recuperate, but it was generally thought at that time she would not return to Hastings to attend the continuance of her hearing, which was to come up in the equity term of the district court, September, after which she was to have been bound over to the jury term of the district court in December. It is the general feeling here that Miss Horlocker will be properly judged insane, and this celebrated case will thus be brought to a close.

IS IT RIGHT

For an Editor to Recommend Patent
Medicine?

From Sylvan Valley News, Brevard,
N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy was kept on hand and administered at the inception of an attack, much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Blakeley & Houghton, Druggists.

Russell Harrison Ill.

SANTIAGO DE CUBA, Aug. 20.—Major Russell Harrison, inspector-general, is critically ill with yellow fever. The disease has progressed for three days, although not pronounced yellow fever until this afternoon. The case is the first to occur at Cristo, where the headquarters was removed last month to escape infection. Of late the quarantine rules have been relaxed, owing to the fact that there have been no cases in the city and the officers from headquarters have been in the habit of coming to Santiago daily, returning to headquarters at night. Major Harrison has been isolated but not brought to the fever hospital.

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Two Officers Shot.

PARIS, Aug. 20.—Intelligence has been received from the French Sudan indicating that Lieutenant Klopp and Lieutenant Mounier, who were sent to take command of a column of troops there have both been assassinated. The assassinated officers were sent out to replace Captain Voulet and Captain Channonne, who were recalled for barbarous cruelties to the natives.

The Figaro prints a story, according to which the assassinated officers were

killed by a discharge of rifles ordered by Captain Voulet out of revenge, Lieutenant Klopp having been the means of his recall by undertaking an inquiry into the charges of barbarity.

Indians Kill and Scalp.

SAN FRANCISCO, Aug. 21.—A special from Winslow, Ariz., says: Two hundred Indians in Foreman Mink's grading gang at Navajo springs, Ariz., seventy-five miles east of here, are threatening to exterminate all the whites in that section. They were paid off on the 15th, and proceeded to gamble and drink heavily. A gambler named C. H. Landreth after a quarrel with some of them assaulted one, shooting and stabbing him seriously.

The tribe armed themselves with all the weapons in the camp, shot the gambler seven times, scalped him and mutilated his body beyond recognition. Troops from Ft. Wingate have been ordered to the scene and serious trouble is feared.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Blakeley & Houghton's drugstore.

"DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobs, of Thompson, Conn. Prompt, pleasant, never gripe,—they cure constipation, arouse the torpid liver to action and give you clean blood, steady nerves, a clear brain and a healthy appetite. Butler Drug Co.

THE WORLD'S WHEAT MARKET

Has Presented a General Tone of Dull-
ness During the Week.

ENGLAND'S CROP IS ALL RIGHT

That of Other Countries Will Reach the
Average—Russia's Hard to Com-
pute.

New York, Aug. 21.—A dispatch to the Herald from London says: The wheat market throughout the last week has presented a general tone of dullness. The attendance of buyers has been limited and the demand has been without revival. Operators in the face of favorable crop reports are restricting requirements as much as possible. From most parts of England, reports state that the wheat crop is being gathered in fine condition. It is considered the best crop in years past.

The following foreign reports are given in the Mark Lane Express: France—The Echo Agricole states that several estimates of the crop has already been given, varying from 110,000,000 to 130,000,000 hectolitres—38,000,000 to 44,700,000 quarters—but does not believe any accurate computation can as yet be arrived at, as the farmers themselves are often uncertain of the yield of the crop before threshing. In any event the crop, although not so large as last year's will nevertheless exceed the average.

Germany—Under more settled weather harvest work has made very considerable progress and the crop is satisfactory on the whole.

Russia—As is usual, it is impossible to arrive at even the approximate truth regarding the harvest in this vast country. Generally speaking, the yield in several governments other than Bessarabia and some other southern districts is fairly satisfactory, but low prices offer no inducement to forward grain to the seaboard. Shippers continue to act with extreme caution and will not buy from the producer until western markets have settled down to autumn business.

COLONEL JOUAUST WAS HISSSED

When He Favored the Anti-Dreyfusites
—Witnesses Against Dreyfus.

RENNES, Aug. 21.—The third week of the Dreyfus court martial began this morning. The possible reappearance of Labori attracted a large attendance but though he is progressing satisfactorily his physicians deemed it best for him to remain quiet.

All the witnesses today were hostile to Dreyfus, but none of their evidence was fresh.

The session wound up with a scene on account of the extraordinary conduct of Colonel Jouaust, who permitted himself to make an unwarrantable display of partiality. Colonel Picquart asked that he be allowed to refute some of Witness Junck's remarks. Jouaust shouted: "What, again?" An outburst of booing and hissing came from the audience at this display of unfairness. The judges and gendarmes quickly suppressed the noise but Jouaust understood well the rebuke that had been administered to him, turned red and adjourned the court ten minutes later.
