Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.
 Miss Josie Owen, of Mansfield, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely. The dreadful disease was eradicated from my system, and I have had no return of it."
 Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S.S.S. For the Blood
 will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.

Mr. and Mrs. W. H. Hobson and family returned last night from Cascade, where they have spent some time in camp. With the family of C. E. Dawson they were the last to leave camp there, and 'tis said the anglers in that neighborhood are rejoicing over the departure of Admiral Hobson, who, like his namesake, caught all the "beauties," speckled and otherwise. One day when fishing in company with other Dallesties they noticed him pick up the trout by the tails and hit their heads against the rocks. Upon being questioned concerning it, he said they were too slick for him and he wanted to be dead sure that he got credit for all he caught.

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the undersigned has filed his final account as executor of the estate of Sarah McAtee with the clerk of the county court of the state of Oregon, for Wasco county, and that Thursday the 13th day of July, 1899, at the hour of 10 o'clock a. m. has been fixed as the time and the county court room in Dalles City as the place for the hearing of objections to said final account and settlement of said estate. THOS. NORVAL, Executor. Jun 14-

NOTICE.

Notice is hereby given that the city council of Dalles City has determined to establish a sewer system for all that portion of said city lying below the line of Lincoln street, and the route therefor determined that the cost of such sewer system shall be assessed against the property benefited thereby.

Said sewer system is to be terra cotta pipe, and its extent and location thereof to be as follows:

The main line of said sewer system shall extend from the low water line of the Columbia river, where the east margin of the mouth of Mill creek crosses said river, said sewer therefrom along the east bank of said Mill creek 650 feet to a stake under the north trestle of the Oregon Railroad & Navigation Company's main line of said river, at a deflection of 10 degrees and 30 minutes from the course last pursued, 187.5 feet to a stake 9.25-100 feet north of the northwest corner of the stone wall bounding the E. M. Wilson property; thence at a left deflection from the course just described, 76 degrees and 25 minutes 125 feet to a point on the west line of Union street, 125 feet north of second street; thence crossing Union street to the center of the alley between second and Main streets, thence along the center of said alley, thence crossing Main street, thence continuing in a straight line on the same course across Lawlign street, to a point on the east line of said street, 125 feet north of second street; thence continuing in a straight line on the same course, across block 8, Laughlin's addition to Dalles City, 200 feet to Jefferson street, on a line 125 feet from and parallel to second street; thence crossing said street, thence continuing in a straight line on the same course, 10 feet into Jefferson street to a point 10 feet east of the west line of Jefferson street, and 125 feet north of second street; thence at a right deflection from the line last described, 34 degrees and 25 minutes, 85-100 feet to a stake 2 feet west of the east line of Jefferson street, at a right deflection from the line last described, 23 degrees and 15 minutes, 116-100 feet to a stake; thence at a right deflection from the line last described, 27 degrees and 15 minutes, 175-100 feet to a stake; thence at a right deflection from the south line of the lawn fence west of the O. R. & N. Co.'s depot; thence at a left deflection from said line 14 degrees and 15 minutes, 255-536 feet to a point on the west line of Monroe street 125 feet north of second street and 7.100 feet north of the northwest corner of M. C. S. & O. G. warehouse; thence at a right deflection from the line last described, 130-7-100 feet to a stake 6 feet north of the north-east corner of Moody's wooden warehouse 125 feet north of second street; thence at a right deflection from the line last described, 299-6-100 feet to a stake 14 Taylor street, 29-6-100 feet north of second street and 75-100 feet west of the west end of the Wasco warehouse.

A branch of said sewer system shall connect with the main line in Union street, 20 feet from the west line of said street, at a point 125 feet north of second street, and shall run along said Union street, 20 feet east of the west line thereof, to a point 20 feet south of the north line of Ter. street.

Another branch line of said sewer system shall connect in the center of the alley between second and Third streets, 100 feet east of Federal street, and shall run along the east line of the east line of Lincoln street, and run thence along the center of said alley to a point 20 feet east of the west line of court street, connecting with the branch of said sewer system running up Union street heretofore described, from the east and west, by convenient curves of about 20-foot radius.

Also a branch of said sewer system commencing in the center of the alley between second and Third streets, on the east line of Washington street, and running thence easterly along the center of said alley, to a point where the center of said alley intersects with the present sewer of Max Velt & Co., where it crosses said alley; thence northerly and easterly along the line of said sewer, to a point where it intersects with the main line of the sewer heretofore described, at a point where the main line of said sewer crosses Federal street, between second and Third streets.

Also a branch line of said sewer system, commencing at a point in the center of said alley between second and Third streets, 100 feet east of Federal street, and running thence easterly along the center of said alley, to the west line of Lincoln street, and thence crossing with the branch of said sewer system running up Union street, by convenient curves of about 20-foot radius, in said Lincoln street.

Also a branch line of said sewer system, commencing at a point on the east line of Monroe street, 20 feet north of the south line of Third street, running thence westerly parallel to the west line of Third street, 20 feet east of the south line to a point 40 feet west of the east line of Madison street, thence curving to the right with a curve of about 20-foot radius, to a point 20 feet west of the east line of Madison street, thence northerly along said Madison street, to a line parallel with the west line of said street, to a point 20 feet from the west line of said street, and 20 feet south of the center line of the alley between second and Third streets, thence easterly to the left by a curve of about 20-foot radius, to a point where the west line of Madison street intersects the center line of said alley between second and Third streets, thence easterly along the center line of said alley to a point 20 feet west of the east line of Laughlin street, thence curving to the right with a curve of about 20-foot radius, to a point 20 feet west of the east line of Laughlin street, thence easterly along the center line of said alley between second and Third streets, to a point where the branch of said sewer system running up Lawlign street, in said Laughlin street.

Also a branch line of said sewer system, commencing at a point in the center of the alley between second and Third streets, 100 feet east of Federal street, and running thence easterly along the center of said alley, to the west line of Lincoln street, and thence crossing with the branch of said sewer system running up Union street, by convenient curves of about 20-foot radius, in said Lincoln street.

Also a branch line of said sewer system, commencing at a point in the center of the alley between second and Third streets, 100 feet east of Federal street, and running thence easterly along the center of said alley, to the west line of Lincoln street, and thence crossing with the branch of said sewer system running up Union street, by convenient curves of about 20-foot radius, in said Lincoln street.

Also a branch line of said sewer system, commencing at a point in the center of the alley between second and Third streets, 100 feet east of Federal street, and running thence easterly along the center of said alley, to the west line of Lincoln street, and thence crossing with the branch of said sewer system running up Union street, by convenient curves of about 20-foot radius, in said Lincoln street.

Also a branch line of said sewer system, commencing at a point in the center of the alley between second and Third streets, 100 feet east of Federal street, and running thence easterly along the center of said alley, to the west line of Lincoln street, and thence crossing with the branch of said sewer system running up Union street, by convenient curves of about 20-foot radius, in said Lincoln street.

Also a branch line of said sewer system, commencing at a point in the center of the alley between second and Third streets, 100 feet east of Federal street, and running thence easterly along the center of said alley, to the west line of Lincoln street, and thence crossing with the branch of said sewer system running up Union street, by convenient curves of about 20-foot radius, in said Lincoln street.

How About Your Title?

ARE YOU SURE it is all right? Remember it is the RECORD that governs. It is our business to search the records and show what they contain in relation to land titles. If you contemplate buying land or loaning money on real estate security, take no man's word, but insist upon knowing what the record shows regarding the title. An Abstract is as essential as a deed. Insist on having it. We have the only set of Abstract Books in the County. All work promptly executed and satisfaction guaranteed. If you have property to insure, give us a call. We are agents for four of the best fire insurance companies in the world. If you have property for sale, list it with us and we'll find a buyer.
