AS LEE SEES CUBA'S NEEDS

He Recommends Independence With a Protectorate.

TROOPS SHOULD BE KEPT THERE

General's Report Is Very Gratifying, Showing, as It Does, a Great Improvement in Conditions.

CHICAGO, Sept. 1.—A special to the Times-Herald from Washington says: General Fitzhugh Lee has made an elaborate report on prevailing conditions in the territory in Cuba under his jurisdiction, and takes strong ground for an independent Cuban government under an American protectorate. The war department in March directed the commanders of departments in Cuba to make a report on the conditions in their several sections, and to accompany it with recommendations as to the treatment of the natives. General Lee is the only commander who has so far responded. General Lee begins his report by stating conditions in Havana and Pinar del Rio provinces are making rapid progress toward a state of peace, good order and prosperity. He goes into this in great detail, taking up the subject town by town, and showing a general improvement throughout the western end of the island. His report in this respect is very gratifying, indicating as it does that there is not so much suffering from want of food as is often asserted in unofficial reports.

Turning to recommendations, General Lee urges the taking of self-government. General Lee thinks that the next steps should be the careful consideration of the question of suffrages for the Cubans. He takes it for granted that there will be elections by the natives, and he points out the importance of wise action in determining the qualifications of voters.

He recommends an independent Republican government, with a president, vice-president and a congress. He would have this established soon, and advises the holding of a general election for the selection of those officers. He says nothing about a constitution, leaving it to be inferred that he either overlooked that step or would have it left to the Cuban congress to provide after its installation in office.

General Lee evidently foresees that while the United States might provide Cuba with a model system of government, the natives would be likely to spoil it in the administration and he has submitted suggestions for keeping the government machinery running along lines that commend themselves to the American mind.

Even after relieving the Cubans in part of American protection, he would have United States troops maintained in the island to protect Americans and other aliens in the enjoyment of their personal and property rights.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy was kept on hand and administered at the inception of an

attack, much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Blakeley & Houghton, Druggists.

World's Crops Short.

VIENNA, Aug. 31.—The Hungarian ministry of agriculture has just issued its annual estimates of the world's harvest. This points to a considerable deficiency. The wheat yield is 110,000,000 hectolitres below last year's yield, and about 34,000,000 short of the entire world's demand.

The estimated yield of rye is 5,000,000 less than that of last year; of barley, 23,000,000 less, and of oats, 35,000,000 less. The total deficiency in all cereals is about 97,000,000 hectolitres.

Catarrh Cannot be Cured with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

CAPE NOME A GODSEND

To Many Miners Who Had Exhausted Their Means in Prospecting Other Parts of Alaska—Many Disputes.

SEATTLE, Sept. 1.—The steamer Laurada, of Cuban filibustering fame, arrived this morning from St. Michael, Alaska, with 200 passengers from Dawson and Cape Nome and a small amount of gold dust. Purser Coup says he had \$50,000 worth in his custody.

Cape Nome passengers report that a few days before they left 300 miners were placed under arrest for trespassing. The arrest was made by Lieutenant Craigie, and a detachment of ten men on the complaint of a company which claims to own a strip on the beach between low and mean high tide. The miners were held under arrest but a few hours. Lieutenant Craigie saw that it would be impossible to provide for such a large number, and ordered their release, notifying the company to seek redress in court. The strip in dispute has never been officially surveyed.

S. R. Colvin, who sold his claim at Cape Nome for \$35,000, says men mining on the beach are taking out from \$4 to \$40 to the man. The district is a Godsend to the many who had spent all their substance prospecting in other parts of Alaska without result. The Laurada passed through a severe storm between St. Michael and Dutch harbor.

Your Face

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and Skin Eruptions. If you are feeling weak and worn out and do not have a healthy appearance you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparillas and so called purifiers fail; knowing this we sell every bottle on a positive guarantee. Blakeley & Houghton, druggists.

McLean's Ambition.

WASHINGTON, Aug. 31.—The action of the Ohio Democratic convention is cold comfort to the anti-Bryan men. McLean is one of the men of power who was depended upon to help down Bryan in the next convention. McLean would be willing, but he could not withstand the Bryan sentiment in his own state. McLean is using the governorship as a stepping-stone to the senate to succeed Foraker. He figures out that Ohio must go Democratic sooner or later, and if he keeps in line he will catch some of the big political plums.

Kodol Dyspepsia Cure thoroughly digests food without aid from the stomach and at the same time heals and restores the diseased digestive organs. It is the only remedy that does both of these things and can be relied upon to permanently cure dyspepsia. Butler Drug Co.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse, until we used One Minute Cough Cure,—it relieved at once and cured her in a few days." B. L. Nance, Co.

William F. Dixon Dead.

CORVALLIS, Or., Aug. 31.—William F. Dixon, who settled in 1845 where Corvallis now stands, and on whose homestead a portion of the city is located, died yesterday morning in his 89th year. He was buried at 3 o'clock this afternoon in the Henderson cemetery, seven miles southwest of Corvallis.

Red Hot From the Gun

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. JIMENES WILL BE PRESIDENT

Since Figueroa's Resignation, Peace and Tranquility Over the Island.

CHANGE SATISFIES THE PEOPLE

Fear of Another Hurricane—Forced to Leave the Port for Open Sea.

NEW YORK, Sept. 1.—A dispatch to the Herald from Santo Domingo says:

There is little doubt that Jimenes will succeed to the presidency as soon as he arrives. The peace and tranquility which pervade the city are in marked contrast with conditions that existed a few days ago and show how popular the revolution is with the masses. Apparently the entire island is satisfied that the change in government promises improved conditions. The newspapers all urge moderation on the part of the revolutionists and advise all citizens to refrain from disturbance.

Figueroa was permitted to reach home unmolested, and the revolutionists everywhere are behaving with the utmost moderation, even going so far as to pay for the property taken and supplies used. It is believed that all fighting is over and that with the arrival of the leaders of the revolution on Sunday to take charge of the government all causes for alarm will have been removed.

Yesterday was the climax to the government, which was powerless to retard the progress of the revolution. Word had come that all the principal towns in the interior on the north side had gone over. Added to this had come news that another hurricane was forming and that the United States cruiser New Orleans and the French cruiser would have to put to sea and that the foreign residents would be left to the mercy of the revolutionists.

Business was practically at a standstill and chaos reigned. People dared not stir from their homes at night. In this dilemma came Figueroa's announcement that he would resign in order to prevent bloodshed and at once the situation changed.
