RESPONSIBILITIES OF CIVILIZATION.

The United States is hearing these days, from all quarters of the world, something about the responsibilities which civilization, power and opportunity thrust upon a nation, says the Globe-Democrat. A newspaper published in Rome declares that the disturbances in Santo Domingo and one or two of the Central American republics impose a duty upon the United States of exercising a protectorate over Cuba until that island gets the knowledge of self-government sufficiently thorough to enable it to avoid the spectacles made by other peoples of its race on this continent. One of the London papers, the Speaker, says that "whether the American government is popular in the Philippine Islands or not, it is vastly superior to any Filipino administration."

This is the view of the world regarding America's duties and responsibilities at the present time. These duties cost some sacrifices in life and money, but they have to be performed in the interest of civilization. Upon the white races, and principally upon two or three families of these races, will devolve the government of all the barbarous or half-civilized peoples. Asia is partly parceled out among three or four of the powers of Europe already, and Africa is almost wholly divided up among them and among a few small independent or quasi-independent countries like the Congo Free State, the South African Republic and the Orange Free State, whose governments are run by white men. The islands of the sea are either all under the control of a few of the great nations or are likely to be in the near future. Japan is about the only nation of any of the inferior races which has a chance to endure.

A part, though only as yet a very small part, of the burden of giving peace, stable government and civilization to the inferior races falls to the United States. Upon this country is thrust the responsibility of giving to the inhabitants of the Philippines the only condition approximating to actual freedom which they ever had. This duty the country will promptly and cheerfully perform, the only condition which it asks from the inhabitants of the islands being the recognition of American sovereignty. The outside world looks to the United States for the protection of the citizens of the different nations in the Philippines, and protection can be given to them only after American control is fully established. Civilization demands that we shall preserve the peace among the warring tribes in the islands and abolish piracy in

them, which has been practiced ever since Europeans began to make their appearance in the waters of that region four centuries ago. All these reforms are dependent upon unrestricted American control.

The task of the Americans in the Philippines is to establish peace and diffuse civilization among the savage and barbarous peoples of the Philippine archipelago and then to gradually lead them into the ways of self-government. No great nation ever was confronted with a higher and at the same time more difficult duty in its dealings with inferior races, and the duty will be performed with courage, intelligence and tact.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

A Life And Death Fight.
Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00. Trial bottles free at Blakeley & Houghton's Drug Store.

He Fooled the Surgeons.
All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Sold by Blakeley & Houghton's Druggists.
