### ANOTHER BLOW TO THE FLAG FURLERS.

Calamity is hitting the poor copperheads on all sides. Even the treasury's expenditure account is going back on them. The Globe-Democrat says: It was the hope of all the "anti-imperialists" that the government's out-go on account of the naval and military establishment would be up to such high figures before this time that the gold reserve would have to be heavily drawn upon, as was the case in meeting the ordinary expenditures in Cleveland's second administration, and that a sale of \$100,000,000 or \$200,000,000 of bonds would have to be resorted to long before congress meets in December this year. This would make the whole band of renegades, from Atkinson and Garrison down to Gorman, Bryan and Billy Mason, whoop with delight.

But the hoped-for is not happening. The present indications are that this month will show a surplus of about \$7,000,000 in treasury receipts over expenditures. There was a deficit in July, of course. July is a month of heavy expenditures on account of the payments of interest on the public debt—the debt which the government has carried from the civil war days—but the treasury transactions since then will offset this shortage and show a balance on the right side of the ledger of about \$2,000,000 for the quarter which is near its end. This record is rendered all the more remarkable and encouraging by the circumstance that the secretary of the treasury has already paid out several millions of dollars for interest not due until next month on the public debt.

This is, indeed, a hard blow to the "anti-imperialists." In two years of Cleveland's second term there were sales of bonds amounting to over \$262,000,000, in a period of profound peace, in order to meet the demands of the government, and to prevent the country from dropping to the silver basis. At the present time, with the army and navy greatly enlarged, and with a war under way in one part of the national territory, there is no danger from silver, and the government is more than meeting all its demands from its regular income. The gold reserve, in fact, is \$154,000,000, on an average, higher than it was in Cleveland's second term, or a good deal more than twice as large as it was then, and the revenues are paying all the expenditures. The new regiments will increase the expenditures somewhat, but the revenue will undoubtedly be sufficient, on the whole, to meet them. This is a record which will give satisfaction to every lover of his country. The poor flag-furlers have no feelings which the present robustly Republican conditions in the United States think it worth while to respect.

The persons who are calling 1899 an "off-year" in politics forget that

exciting elections of national interest will take place in Ohio, Kentucky, Maryland and Nebraska this year, and contests of less general concern will occur in other states. This is a highly important year in politics, as everybody will realize by the crowds which will be around the bulletin boards of the principal newspaper offices all over the country on the night of November 7th.

### Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at Blakeley & Houghton's Drug Store.

### At a Sacrifice.

Land all good, and easily cleared. Five or six acres sediment, soil very rich. Sacrificed for \$250; worth \$500. Don't spend time writing, come and see it.  
J. K. Brown.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Blakeley & Houghton Druggists.
