Tomorrow the Regulator will make the trip to Portland, leaving about 6 o'clock in the morning, and the Dalles City will reach this city some time in evening.

Mrs. Runcie, who gave the lady minstrels in The Dalles last spring, is now in Corvallis, and the people of that city will enjoy the minstrels next Thursday and Friday.

There will soon be two Southern Pacific trains running out of Portland, one in the morning and the other in the evening. The Roseburg local will be changed to a through train.

About Tuesday of this week the sexton found a bunch of keys (mostly door keys) in Old Fellows cemetery. The owner can have the same by calling at this office and paying for this notice.

There will be no service at the Congregational church tomorrow, neither morning nor evening. Rev. Poling being absent in Walla Walla. Sunday School at 12:20 and Christian Endeavor at 6:30. Bishop Morse was in Sumpter last week, and as a result of his visit that lively little mining town is to have an Episcopal church soon. The townsites syndicate has offered to donate the lots.

According to Dame Rumor even Dewey has caught the matrimonial fever so prevalent now, and will continue his conquests on land. She says he is engaged to a Washington widow. A Dalles bachelor says he doesn't believe it, that Dewey is said never to make a mistake.

One week from this evening the "Crazy Time" Company will appear at the Vogt. On the 23d Gus Hill's "Vanity Fair," which has been playing in Portland, will be put on at the same place; while on the 30th of the month "My Friend from India" will be placed on the boards.

At a meeting of the members of the Epworth League last night the following officers were elected for the ensuing year: President, Louise Rich; first vice, Martha Wheelton; second vice, Mrs. E. J. Gold tooth crowns and bridge work a specialty. Teeth filled and extracted painless. Prices as reasonable as good work can be done for.

Miss Josie Jenkins will leave next week to remain some time in Portland, and in view of the fact her cousins, the Misses Bolton, entertained a few of her friends in a pleasant manner last evening with games, music, refreshments, etc. The expressions of encouragement and friendly good wishes which were given to Miss Josie will certainly abide with her as she pursues her studies in the business college, and school duties will be lightened thereby.

In speaking of Low Tillard, who was killed Wednesday night, the Heppner Times says: "Low was a man genial and kind in disposition, which held the appreciation and friendship of those who knew him best, and this sad end gave them all a shock. When business was successful he was liberal to a fault. Unmarried, he was devoted to his mother and sisters, and his earnings went to their support. In his death the mother loses a devoted son and his sisters a loving brother whose place will never be filled."

The CHRONICLE force has a new friend among the fruit men who never forgets them; but each season some substantial token of his friendship is forthcoming. Consequently, when a gentleman stepped into the office yesterday bearing a good sized box of the finest grapes we have seen this year, we knew our old friend, O. D. Taylor, was still loyal to us, and so it proved. And they taste especially good when, tired and hungry, the weary printer, forgetting his fingers are inky, makes the fruit disappear faster than the type reaches the stick.

The "Oregon Native Son" a magazine which has just been received, is published in Portland and is a journal which not only native sons, but all Oregonians especially should receive monthly. Such a publication, devoted to the history, industries and development of the original Oregon, comprising the states of Oregon, Washington, Idaho and a part of Montana, has long been needed. Our history is a peculiarly interesting one and every detail should be preserved and studied. We should not take up general history until we know a little bit about

our own state. Matters of immediate interest also occupy much space.

Through the kindness of Mrs. Smith French, a few of the young ladies who were intimate with Miss Emma Roscoe when she lived in The Dalles, were permitted to spend last evening in such a perfect manner that it will never be forgotten. Beside renewing acquaintance and talking over old times, Mrs. French had provided novel means of entertainment. Partners for lunch were obtained by slips of papers containing "pied" names of capital cities which were suited to their states by those holding them. In no state in the union, or city, however, could guests be sat down to a more tempting spread. The arrangement of the table decoration was beautiful and elaborate; but not excelling the choiceness and the flavor of the viands thereon. Adjourning to the parlor later a table was brought forth containing articles so arranged as to represent the names of well known books, which the guests were called upon to supply. A toothpick fastened to a wick which lay on a package of documents stood for "Pickwick Papers," and so on until twenty-eight books were represented. Miss Louise Rich guessing twenty-one was rewarded with a beautiful bouquet. Miss Roscoe and her friends present will review the evening with much pleasure long after she has returned to her Victoria home.

Kindergarten Birthday Party.

Whenever any of the kindergarten pupils have a birthday it is always the occasion for a good time among the little ones, and yesterday their pleasures were doubled as they celebrated the sixth birthday of Lloyd Wells and Allan Jones' fifth birthday. Each little one brought gifts of flowers until the table was resplendent with them, and the parents furnished "dood" things for the children to eat. They played games, sang and enjoyed themselves in their childish way, assisted by their teacher, Miss Taylor, the following little ones being present:

Lloyd Wells, Allan Jones, Bernice Moore, Winifred Douthitt, Noncarle Bolton, Jessie Hostetler, Jeanette Snipes, Jessie Jones, Wilma Donnell, Charlotte Geiger, Ross Geiger, Frederick Ross, Kenneth Farley, Linn Laughlin, George Hockman, Ralph Gifford, Gibson Hudson.

The Just Get the Worst of It.

Tommy—Pop, the rain falls alike upon the just and the unjust, doesn't it?
Tommy's Pop—Yes, yes. Don't ask silly questions.
Tommy—And it isn't just to steal another man's umbrella, is it?
Tommy's Pop—Certainly not. If you ask any more—
Tommy—But, pop, the rain doesn't fall upon the man that steals the umbrellas, but it does upon the man that had his stolen. Funny, ain't it pop?—Philadelphia Record.

IS BETTER ALL AROUND.

Changes Which Have Proven of Great Benefit to the County.

The CHRONICLE published a few days ago a summary of the assessment roll of Wasco county for the year 1899, which will be passed over to the county clerk by the county assessor next Monday.

The county board of equalization, composed of the county judge, county clerk and assessor sat for the past week for the purpose of equalizing assessments and correcting errors. While two or three changes in valuation have been made the total amount of assessable property remains about the same as reported, \$3,144,452, which is an excess over the 1898 roll of \$72,153.

The county clerk at its session in March last very wisely divided the county into seven districts for assessment purposes and appointed as many deputy assessors, each of whom was well acquainted with the real estate and personal property of his respective district. The same basis for the classification of tillable and non-tillable lands was used in 1898, and we are of the opinion that the following favorable comparison of the year's work in the field and in the office will hereafter justify the more careful work in this important office:

Cost of deputy hire for 1898.....	\$ 489
Cost of deputy hire for 1899.....	542

Increased expense.....	\$ 53
Cash collected for poll tax, 1898.....	114
No polls charged on roll of 1898.....	670

Total.....	\$ 784
Cash collected for polls in 1899.....	168
No polls charged on roll of 1899.....	916

Total.....	\$1084
The excess of polls of 1899 over 1898 is 300.	

The field work of the assessor begins on the first Monday in March and ends on the first Monday in September, a period of six months, which makes it impossible for one man to travel over so large a county as Wasco and do thorough assessment work. Not only is it less expensive to make the assessment of the county with the aid of deputies under the instructions of the assessor but it makes it possible for the assessor himself to make up his own roll with more exactness and attention to detail.

Dewey and His Yellow Shoes.

When russet shoes of a bright yellow hue were introduced, Dewey wore the first pair that was seen in Washington. They at once became the subject of jest of all the officers of the navy department. Early in the afternoon one of Dewey's feet began to swell and his suffering from his new shoes was acute. In an interval between the calls of friends who were still "running" him on his shoes the Commodore sought his chief clerk's room. He walked with a limp, and finally loosened the strings, to relieve his feet. "I suppose I can't take these things off now," he remarked with a bitter smile, "for those fellows'll think they have driven me to it." And for hours the Commodore sat at

his desk in perfect torture.—October Ladies' Home Journal.

Notice to Tax Payers.

The Board of Equalization is now in session, for the purpose of equalizing assessments. This is the proper time for all persons to see that their assessments are properly made and entered on the roll. The board will be in session until Saturday night, Oct. 7, 1899. After this if no application for a change is made, the tax roll will be placed in the hand of the sheriff for collection as returned by the assessor. ROBT. MAYS, County Judge.
