Express Their Thanks.

Mr. Editor: Please allow us space to express our thanks to our friends and neighbors who gave us such a delightful surprise party on Saturday evening last. As a surprise, it was a complete and delicious success, and will linger with us as long as memory lasts as a reminder of the spontaneous goodness and hearty good will of our neighbors in The Dalles; also, for the token of esteem from our neighbors, presented by Mr. Gourlay in a very happily worded speech.
We hate to leave so many good friends behind, and while this expression of their esteem has made the parting more hard, still, "by the same token," it has been sweetened.
And to all those who took part in the program, musical and otherwise, our thanks are due; and especially to the ladies who so generously and bountifully provided and served the elements of the feast which followed the other numbers of the program, and in which all present took an active part. And, now, thanking you one and all for reasons, a few only of which are enumerated above, we bow ourselves out; and invite you, when we get settled in our new home in the Sunny South, to drop in on us there

at any time in the same informal and hearty manner.

Yours Sincerely,
MR. AND MRS. C. A. CAMPBELL.
The Dalles, Ore., Oct. 9, 1899.

But One Power to Prevent.

SAN FRANCISCO, Oct. 8.—Hugh Wallace, of Tacoma, a former Democratic national committeeman from the state of Washington, said today: "There is one power that can prevent Admiral Dewey from being the next president. That is himself. No man has ever declined the presidency, and Admiral Dewey is too patriotic to refuse to take orders from the American people. His nomination by the Democratic convention will remove all past differences and unify the forces. The tide in his favor will be so sweeping and overwhelming that it would not surprise me if the Republican convention ratified the nomination. No Democratic platform will be necessary, because the American people will abide by Dewey's judgment."

STYNER THE ELECTRIC DOCTOR.

Is Here And Will Remain Ten Days Only.

There is no better way to determine the true value of a new ism than to investigate it.
Styner The Electric Doctor, from The Electro Therapeutic Co., of Portland, arrived in this city yesterday, and will remain ten days (with offices at the Obar Hotel) in the interest of his firm. He will be pleased to explain to sick people his new Electro Therapeutic System of treatment for the cure of nervous and chronic diseases of men and women.

In this age of humbuggery and bogus advertising, the people want results, and that is just the object of the doctor's visit. To prove with proof positive that electricity applied properly is a permanent cure for diseases of a nervous or chronic nature. Styner has signed indorsements from grateful ones he has met in his travels who do not hesitate to sing praise and acknowledge what electricity has done for them.

The feature of the Electric Doctor's interview to suffering ones is that he reads disease by electricity whereby he tells you your true ailments describes defects and locates diseased organs without asking questions.

The doctor will make no charge for advice or Electrical Disease readings during the first part of his stay in The Dalles and invites all who suffer with disease caused from improper circulation of the blood, or of a nervous or chronic nature (if they have used medicine long enough to know the result) to call and investigate his new method of applying electricity.

Obar Hotel. Hours from 10 a. m. to 4 and 7 to 8 p. m. Advice and Electrical Disease reading free.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Blakeley & Houghton Druggists.

AGAIN PRICES HAVE ADVANCED

Highest Figure Ever Paid on Columbia For Silversides.

ASTORIA, Or., Oct. 8.—The price of fall fish was advanced again today by both the cannerymen and the cold-storage people. The original price fixed by all interests at the beginning of the fall season was two cents. The cannerymen paid a quarter of a cent in advance of this, and called it commission. When this was found out all the cold-storage interests raised the price to 2½ cents. This price has been met by the cannerymen, both the combine and other canneries, and today C. Alter has set the price at three cents, which the other cold-storage buyers will probably meet tomorrow.

The only fish now delivered are silversides, and three cents a pound for them is as high as has ever been paid for fall fish. This price about equals that now being paid on Puget sound, with an advantage locally, as the fish can be packed cheaper here. There is still a good margin, and the price may yet go higher unless the cannerymen and cold-storage men shall get together.

The run of fish is light, and there are very few caught except silversides.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by Blakeley & Houghton Druggists.
