Pease & Mays

Not Only Our Way But Our Suits

That's what makes this special sale of Men's suits of so much importance. You know before you see them that every suit is a **Wonderful Bargain**—must be to be in our stock—must be a popular style to be in the sale now for it is a clearance sale of odd sizes. It isn't fair to the values to class these with anybody else's. They were better than any when at the regular prices. It's a chance you never get anywhere but here. Just think, in mid-season only, all winter before you to have the good of 'em.

Single and double breasted, plain blue and black serges and cheviots, fancy worsted, tweeds, whipcords.

There are none worth less than \$12.00, some worth up to \$18.00. The choice

\$8.95

FOR ONE WEEK.

We carry the largest stock of Overcoats and Top-coats in Eastern Oregon. Ask to see our Warmback Ulster. See Window.

THE GENUINE Wilson Air-Tight Heater OUTSIDE DRAFT LIKE THIS:

There are other AIR-TIGHTS, but none that equal the WILSON.

served in every style by
A. KELLER.

WAYSIDE GLEANINGS.

Roslyn coal, \$6.50 a ton, delivered. Stadelman Commission Co., 'phone 255. 14-2w

There will be an adjourned meeting of the council tonight at the recorder's office, and a special meeting of the board of fire delegates at the city hall.

Sir Henry Irving and Miss Ellen Terry, with their full company, sailed for the United States Sunday morning and are due in New York on the 25th or 27th.

William Wallace Thayer, ex-governor of Oregon and ex-chief justice of the state supreme court, died at his home at Woodstock at 8 o'clock Sunday morning of cerebral congestion.

Yesterday noon he was sleeping as quietly as a child on a sidewalk on Third street when Marshal Hughes came along. Today he saw wood in the jail yard, all because he had money for whiskey, but not to pay his fine.

The agent for "A Breezy Time" must have been in the city last night, as the bills which now cover the bill boards indicate. If it is as lively as its forerunner it must be a good one, but we'll find out Monday night at the Vogt.

Dr. Rues, one of Portland's prominent dentists, has bought Dr. Tackman's office, in the Vogt building. His work is first-class and prices reasonable. Gold tooth crowns and bridge work a specialty. Teeth filled and extracted painless. 12

Mrs. S. French will entertain the ladies of the Good Intent Society tomorrow afternoon at her home on the corner of Fourth and Union streets. All members of the society and ladies of the Methodist congregation are cordially invited to be present.

October promises to keep up its record in Wasco county of having the most marriages of any month in the year, having made a good start. A young man's fancy may turn to thoughts of love in the spring, but it takes until October to get enough money to launch out upon the sea of matrimony.

The Shamrock by this time has surely changed its color from green to blue. In the race today she had the misfortune to break down and at last accounts the Columbia was playing Hail Columbia with her. As accidents, to use a slang phrase, cut no ice, the race will again be agin' the Shamrock.

Tomorrow at the home of her parents in Seattle, Laura Dell (better known to her Dalles friends as "Dot") McFarland

will be married to Mr. T. A. Tripp, a highly respected Seattle young man. "Dot" was brought up in The Dalles, and her friends here who are interested in her future welfare extend their best wishes.

On Thursday evening at 7:30 Temple Lodge A. O. U. W. will have work in both degrees. The new screen work will be used and all members are invited to attend. Visiting brethren welcome.

Have you smoked a clear Filipino cigar made from the finest selected tobacco which I captured on the Isle of Luzon? If not, you are behind the times, as I have only a few High-Life cigars left going at 15 cents apiece, 2 for 25 cents, or \$2.50 for a box of 25. Remember that the High-Life cigar is made from the very best Filipino tobacco. Factory No. 105, next to Baldwin saloon on Union St. Ben Ulrich, Manf. 14 wk

Mrs. Morgan's studio is a favorite resort for the ladies these days. She has so many beautiful designs in fancy work and art and they are all the latest fad. This morning she received a number of sofa pillows, which will take every lady's eye, particularly the "daisy" design. The colored photographs, which are decidedly new, are another thing that is causing a sensation now. Mrs. Morgan has learned the process and they will make beautiful present.

All transcontinental lines have advanced west-bound freight rates on Asiatic traffic via Pacific coast ports. The advance amounts to 25 per cent. East-bound rates from the Pacific coast on Asiatic freight will doubtless be advanced in like proportion by agreement of the steamship companies, which have east-bound shipments in charge. The Northern Pacific, Great Northern, Atchafalpa, Topeka & Sante Fe, Canadian Pacific and Southern Pacific are parties to this agreement.

Those who desire to take instructions in dancing will now have an opportunity. Messrs. A. Sandvig and H. P. McCord, who have had a successful class in Baker City, are now in the city for the purpose of organizing a class. They will engage the Baldwin and give instruction Tuesday nights and soirees on Friday nights. They are very gentlemanly appearing and will no doubt secure a large class, as Dalles people who formerly resided in Baker City are willing to vouch for their excellency as teachers.

Mr. John Busiek returned from the Lewiston country the first of the week, where he had been to look after a new sheep range. He found a regular paradise for sheep and cattle along the Snake, Salmon and Clear Water rivers. It is the finest range on earth, but has not been extensively utilized as yet owing to the fact that the millions of acres of unsurveyed land which comprise it are hemmed in on all sides by the high mountains, over which all supplies must be carried by pack mules.—Heppner Times.

Earl Sanders returned this morning from Arlington, where he delivered his lecture on his experience in the Philippines. Earl reports splendid success at

every place which he has visited, and very flattering reports are found in the various newspapers of those towns. We are pleased that success has attended his efforts, for his object is a commendable one, and as a result of his lectures he will be able to enter the university at Eugene. He will leave tomorrow or Thursday, and we wish him that success in his pursuit of a good education which his energy surely betokens.

It always seems natural to have John Cradlebaugh step into the CHRONICLE office with his ready wit and jest, and a line of poetry which fits every little occurrence. So yesterday afternoon the force was glad to greet him fresh from the Greenhorn country, but with no trace of the Greenhorn about him, save perhaps a rougher hand than penned the well written articles for this family journal, and as he says, informed the unsuspecting people that "Sarah Maria Evely is visiting friends in Pumpkinnville." He tells us winter set in in the mining region some time since and they had fifteen inches of snow when he left and it was still snowing.

The meeting at the club parlors last night resulted in the dancing club being a sure go. To prove that it is to outdistance any previous social move it was named "Columbia Dancing Club." With over sixty members its prospects are certainly bright. The first party will be given Thursday evening at the Baldwin, and two parties a month will follow, continuing until April, making a series of twelve dances. Prof. Birgfeld and Miss Schmidt will furnish music, which assures those who attend satisfaction in that line. An executive committee, consisting of Mr. J. C. Hostetter, A. L. Gude and Grant Mays, will have charge of all business connected with the club. These parties will assure lovers of dancing, who are so fortunate as to belong, a good time during the long winter months.

The League of American Sportsmen will hold a meeting tonight in Schanno's hall, commencing at 9 o'clock. Few understand the purpose of this organization, which to us seems a worthy one and should receive the cooperation of all sportsmen. Its object is the protection of game and game fishes; the song, insectivorous and other innocent birds, not classed as game birds. Its prime object is to enforce game laws, and to foster in the minds of the people a love of nature and nature's works. It is opposed to excessive slaughter of game and fish under the name of sport. They pledge themselves to work for the education of the public, and especially the boys, along the lines indicated. So we say an organization with such object in view is a good one in a community. Would there were more such.

Talk about a breezy time! Well, we had it last evening for a few hours. One of the fiercest storms The Dalles has ever experienced this time of the year kept things on the move for a time and almost lifted people off of their feet. It moved with a velocity of fifty miles an

hour for a time, and forty miles an hour for about an hour and a half. The tall poplars bowed their heads condescendingly and looked as if they might snap.

When the Dalles City came in at 6 all feared she would have difficulty landing, but at the second attempt she was all right. The wind was terrific all day on the river. Out in the country it was even worse than in the city. Telephone wires every place were out of gear this morning and kept a force busy most of the day repairing crossed wires in town. But the storm didn't last long and today it has been fairly quiet. No doubt No. 1 has encountered some sand, however, as she is four hours late.

Our energetic school superintendent, C. J. Gilbert, left yesterday for the Antelope section, where he goes to look after the interests of the schools in the county. Now that he is absent from the city, we can say what we please behind his back and he can't object. What the CHRONICLE wishes to say is that the county is to be congratulated on the splendid manner in which Mr. Gilbert is filling this very important office. In spite of misfortune in the way of sickness, he has kept every department of his work up to the top notch, and the schools of the county were never in so flourishing a condition. One result of his labors is seen in the school libraries which are being placed in every district school. The influence of a good library in a country school cannot be over estimated. While city boys and girls are running here and there at night, the country lads and lasses are devouring every word in every book in the library. And this is but one of the many good results from his excellent work among the schools.

Don't Hug the 'Phone.

It is peculiar how many different ways there are that infectious diseases are nourished. Receiving contagion in letters or by direct communication is a common occurrence, but it seems almost ridiculous that microbes can be bred in telephones. Of course the microbes are not transmitted through the wires, as, for instance, an individual afflicted with smallpox at one end of the 'phone could inoculate a perfectly well friend at the other end. The process may be thus explained: The aperture through which a man speaks when using the wire is so small that one's involuntary habit is to get as close as possible to the instrument, and to almost touch the lips to the transmitter. Then, according to the doctors, people who have throat and lung diseases are likely to deposit their own particular breed of microbes within the delicate instrument, there to lie in wait for whoever comes afterward, and to spread their noisome tribe among healthy folks. It may be well that some consideration be given this matter by those who everlastingly hug the 'phone. At any rate, sanitation in 'phones would not be a bad thing.

Clarke & Falk have a full and complete line of house, carriage, wagon and barn paints manufactured by James E. Patton, of Milwaukee, Wisconsin.

PEOPLE YOU ALL KNOW.

C. H. Southern and wife are in from Boyd today.

J. W. Osborne and family came down yesterday from Arlington.

Simeon Bolton left on this morning's stage bound for Goldendale.

W. J. Harris, a prominent mining man from Spokane, is registered at the Umatilla.

Mrs. H. F. Woodcock and son, of Wauna, left on this morning's boat for Portland.

Mr. and Mrs. W. H. Crawford, of Centerville, left this morning for the metropolis.

Miss Clara Nickelsen, who has been visiting in Portland, returned on the Dalles City last evening.

Mr. and Mrs. Marshall Hill, of Dry Hollow, were passengers on the boat this morning bound for Portland.

Mrs. Carrie Johnston, whose home is now in San Francisco, came up on last night's train, and is visiting friends here.

Rev. G. Rasing returned home this morning, having been called to Garfield, Wash., on account of the illness and death of his brother.

Elder and Mrs. W. R. Clifton and Elder C. P. Bailey and wife left on this morning's boat to attend the Baptist convention in Portland.

Mr. and Mrs. F. M. Coate and Mr. and Mrs. R. A. Byrket came over from the Trout Lake country yesterday and are visitors in our city today.

Miss Nellie McInnis, who has spent a week in Portland, returned home last night and has again resumed her duties in the office of the Wasco Warehouse.

H. Dichtenmuller came up from his place at Mosier yesterday and spent the day in town. He is always in good humor and ready for a joke, and his visits to our office are always welcome.

Mrs. Leslie Butler, who came down from Skagway last Wednesday and has been visiting in Centralia and Portland, came up on last night's train and is the guest of her son, Truman.

Mr. and Mrs. MacAllister arrived home on last night's train. Mrs. MacAllister has been absent for three weeks visiting in Minnesota, where she says they are having winter; but not they alone, for she encountered snow after she reached Oregon, and at Helena, Mont., they are sleighing.

Vard McFarland and wife were passengers on the Dalles City last evening, returning to Portland today. Vard is now in the drug business at Juneau, Alaska, and having had a siege of typhoid fever, made the trip to Portland to recuperate. With his wife, he has spent ten days at White Salmon and came up last evening to see his grandmother, Mrs. Eliza McFarland, and other relatives.

Use Clarke & Falk's Rosafom for the teeth.

A Frightful Blunder

Will often cause a horrible burn, scald, cut or bruise. Eucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, corns, felons and all skin eruptions. Best pile cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by Blakeley & Houghton, druggists. 1

Experience is the best teacher. Use Acker's English Remedy in any case of coughs, cold or croup. Should it fail to give immediate relief money refunded. 25 cts. and 50 cts. Blakeley & Houghton Druggists.

Kodol Dyspepsia Cure is a scientific compound having the endorsement of eminent physicians and the medical press. It "digests what you eat" and positively cures dyspepsia. M. A. Ketrone, Bloomingdale, Tenn., says it cured him of indigestion of ten years' standing. Butler Drug Co.

Trilby

For wood, chips, knots, shavings, corn cobs, hay or peat.

Construction—This is an air tight heater of the oval sheet steel type. It has CAST IRON LININGS, making it durable; also has front feed door, cast top and bottom and ornamental swing top, with griddle cover underneath.

Nickeling—It has nickeled turn, name plate and foot rails. We have a complete stock of them on hand, call and see our stock before buying elsewhere.
