BOERS REPULSED AT MAFEKING

With Loss of Three Hundred—British Lost Eighteen.

BRITISH WON AT KIMBERLEY

Transvaal Forces Cannot Advance Toward Dundee Without Coming in Contact With British Cavalry.

LONDON, Oct. 17.—A special dispatch from Cape Town says 300 Boers and 18 British have been killed in battle at Mafeking.

LORENZO MARQUEZ, Oct. 17.—Refugees who have just arrived here from the Transvaal report that the Boers have been repulsed at Mafeking, sustaining heavy losses.

KIMBERLEY, Oct. 17.—An armored train, while reconnoitering near Spytfontein, engaged the Boers, killing five and wounding seven. The British had no losses.

From Coleridge come persistent reiterations of the report that the Boers have attacked Mafeking, being thrice repulsed with heavy losses. Smallpox has broken out here among natives from Johannesburg. Eight cases have been discovered.

CAPE TOWN, Oct. 17.—It is reported here that the Boers had an engagement with another armored train from Rhodesia.

LONDON, Oct. 17.—Belated dispatches from the scene of action in South Africa throw little fresh light upon the situation. The Boers appear to be strengthening their position in Natal and biding their own time for attack.

The Orange Free State burghers are threatening to invade Cape Colony by way of Norvalspont and Allwainorth, both of which are at their mercy, if they possess artillery. So far as is known, the only British force stationed at Allwainorth is a detachment of the Royal Berkshire regiment.

Today's news from the western border reduces the alleged heavy fighting at Mafeking to ordinary proportions. The earliest sensational story originated in skirmishes between the armored train and small detachments of Boers, al-

though since then much may have happened to the little garrison. It is difficult to understand how refugees arriving to Lorenzo Marquez have come into possession of news of serious Boer losses at Mafeking.

At the same time, it must be remembered that much news from the Transvaal is likely to come by way of Delagoa bay, as most other channels are strictly censored.

Situation at Dundee.

LADYSMITH, Natal, Oct. 17.—The threatened assault upon Glencoe is believed to be a feint in the hope of weakening the garrison here and exposing the towns on the westward. The Boers are resting, preparatory to completing their encircling movement for an attack upon Dundee. They cannot advance much farther without coming into contact with British cavalry, who screen the position. Nevertheless the situation is such that little fighting is expected in the near future in this section apart from desultory outpost skirmishes. All the women and children have left Dundee.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at Blakeley & Houghton's drug store.

Hospital Refused Indorsement.

WASHINGTON, Oct. 17.—General Beebe called upon Surgeon-General Sternberg, at the war department, to urge the proposition of the Chamber of Commerce, that the government erect a large army hospital at Vancouver barracks. Sternberg was urged most strongly to recommend the plan, but very flatly declined to do so.

He explained that the present post hospital at Vancouver barracks was abundantly able for the present needs.

The general hospital at the Presidio, he explained, was a new structure, supplied with all modern appliances, and as all returning troops, on sick leave or otherwise, passed through San Francisco, there could be no possible necessity at present for the additional hospital service at Vancouver barracks.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing, you need it. Every bottle guaranteed, only 50 cents. Sold by Blakeley & Houghton, druggists.

ELECTRICITY CURES

FOR PROOF, ASK STYNER, THE ELECTRIC DOCTOR.

Rheumatism, catarrh, heart failure, kidney trouble, and female trouble can be cured by electricity, and cured to stay. For positive proof ask your friends and neighbors, who are using my system of treatment, what it is doing for them. I guarantee you will not find one who is dissatisfied with it. Those who suffer from a nervous or chronic disease, and have tried medicine long enough to know its result, call and let me explain my new method of applying electricity; it will not cost you one cent. I court your investigation as Saturday, Oct. 21st is positively my last day in The Dalles. Electrical disease reading and advice free. Office hours from 10 a. m. to 4 p. m., and 7 to 8 p. m. daily.

STYNER THE ELECTRIC DOCTOR.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by Blakeley & Houghton Druggists.

Rain in Morrow County.

HEPPNER, Or., Oct. 16.—Considerable rain fell here yesterday, and last night, which will be of great benefit to farmers and stockmen, as it will start the grain and grass to growing.

Sheep are coming out of the mountains as fast as men can move them. Usually they are allowed to remain in the mountains until November 1 or later, but the snow of last week, which fell to a depth of six to ten inches, has caused an earlier removal. Fall and winter range is unusually good.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by Blakeley & Houghton Druggists.

"It did me more good than anything I ever used. My dyspepsia was of months' standing; after eating it was terrible. Now I am well," writes S. B. Keener, Hoisington, Kan., of Kodol Dyspepsia Cure. It digests what you eat. Butler Drug Co.

SHEEPMEN TO BE PROTECTED

Interior Department Has So Informed Congressman Jones of Washington.

PENDLETON, Or., Oct. 17.—S. J. Cameron, of North Yakima, one of the wealthiest and heaviest handlers of sheep in the Northwest, is in Pendleton today and talked of the status of the exclusion of sheep from the forest reserves. Mr. Cameron, as a buyer and seller of sheep, travels throughout the country extensively, and finds that the sentiment is practically unanimous in Oregon and Washington in opposition to keeping the sheep from the government reserves.

Mr. Cameron states that Congressman Jones, of Yakima, has received a letter from Mr. Hitchcock, of the interior department at Washington, in which the assurance is given that sheepmen will be protected from undesirable restrictions with reference to the forest range grazing. Mr. Hitchcock wrote to the effect that the department had been misinformed as to the facts, learning later of the misrepresentation. It had been the understanding of the department officials that the sheepmen had gone into the reserve contrary to the provisions of the department's orders, and had ridden rough shod over the command of the secretary.

The Yakima sheepmen are well satisfied with the assurance given in the letter to Congressman Jones, and have a committee at work informing the department as to the facts in the case.

Coalminers Entombed.

POTTSVILLE, Pa., Oct. 17.—Shortly before 11 o'clock today an explosion of mine gas occurred at the Shenandoah City colliery, by which 22 men were entombed. Ten were rescued alive, but it is feared the others are dead. The mine took fire, and is now burning fiercely. The colliery is one of the largest in the district.

Double Train Service to San Francisco.

On October 15th the Southern Pacific Co. will inaugurate a "Daylight Express," leaving Portland at 8:30 a. m., and reaching San Francisco at 7:45 next evening—only one night out. Both standard Pullman and tourist sleepers will be attached. This new train is in addition to the present 7 p. m. Shasta Overland, and will give many passengers the desired opportunity to see enroute the Great Willamette, Umpqua and Sacramento Valleys without loss of time, and still arrive in Oakland and San Francisco at a seasonable hour.

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Ocean, N. Y.:

"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommendations like this which make it possible to give the broad guarantee that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on those terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs.

Sold at 50c, 10c, and 5c a bottle, throughout the United States and Canada; and in England, at 1s. 6d., 3d., and 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
