

"Cleanliness Is Next To Godliness."

Nothing looks so well on wash-day as a clothes line hung with good linen towels. With this idea in view we will provide you with good linen towels of all descriptions on

Saturday, November 4th, 1899,

at such low prices that if you do not buy it will be simply because you are thoroughly stocked or have become indifferent to the needs of this age and generation.

A few quotations will give you the drift of our intentions, but to see these goods is the only way to properly convey to your minds the actual values we are giving:

1 line of unbleached honey-comb fringed towels, 18x36 inches	4 cents
1 line of bleached Turkish fringed towels, 16x37 inches	7 cents
1 line of unbleached fancy fringed towels	8 cents
1 line of fancy cotton towels, beautiful in design, 24x44 inches	11 cents
1 line of bleached Turkish fringed towels, 17x41	9 cents
1 line of bleached Turkish fringed towels, 18x41 inches	12 cents
1 line of unbleached Turkish fringed towels, 24x49 inches	19 cents
This particular towel is excellent value at 30 cents.	
1 line of bleached Huckabuck hemstitched towels, 22x38 inches	19 cents
1 line of linen towels, knotted fringe and colored borders, 24x49 inches	21 cents

We continue the Juvenile Sale during the balance of this week.

WAYSIDE GLEANINGS.

Don't forget the dance at the Baldwin tonight.

County court opens Monday.

Sale of seats for the Beach & Bowers' Minstrels will commence Monday morning.

Try Harmony Whisky, a pure bourbon, for family and medical use. Sold by Ben Wilson.

We didn't care much about the rain last night; it wasn't badly needed, and only succeeded in making the streets muddy.

In a letter to her friend, Mrs. Joles, Mrs. Chas. Johnson writes that her husband is somewhat improved and the date of their return home is uncertain.

It is expected that Rev. Jos. DeForrest will arrive in the city this afternoon. It is not certain, however, that he will occupy the pulpit of St. Paul's church tomorrow.

The curfew ordinance is to be enforced and all boys and girls under the age of 17 years must keep off the streets after 8 o'clock at night unless accompanied by a proper guardian.

Regular Saturday night dance will be given at the Baldwin by Prof. Sandvitz. All those desiring to learn the new dances should attend the Saturday evening parties. Music by Prof. Birgefeld. Admission 50 cents.

Adj. Nelson, known in The Dalles as the first captain in charge of Salvation Army work in this city, with his wife will commence a week of meetings, in army hall on Saturday night. All are welcome. Admission free to all services.

A small memorandum book was lost on Second street yesterday between the store of Mays & Crowe and the Dalles Lumbering Co.'s office. The name of J. M. Murchie is written on the outside cover. Anyone finding it will confer a favor by leaving same at this office.

Mr. Pitman, father-in-law of James Hinnell, who dropped dead at the Moody warehouse yesterday, came over from Hartland last evening, and this morning the remains were taken to Lyle and from there to High Prairie, where the funeral will take place tomorrow afternoon.

Regular attendants at the club Tuesday evenings will be more than glad to learn that they are to be favored with band concerts every two weeks from now on, beginning next Tuesday, and playing every first and third Tuesday. These concerts are greatly appreciated

and awaken an interest when everything else fails.

Watt Shipp, of Salem, arrived in The Dalles last night. He is traveling in the interest of the Rambler bicycle. He expects to ride 1500 miles in all, and leaving the train at La Grande will ride a 1900 Rambler to Prineville, also visiting other points and establishing agencies.

A few days ago the people of the Mississippi valley were perspiring in 90 degrees of temperature and a high range of humidity. Now St. Louis is shivering in a blizzard. One never can know a day in advance what the weather clerk will shake out of a November sky in that region.

Dad Butts still has an unlimited supply of choice farms and lots for sale in both Wasco and Sherman counties. It is no trouble for him to show his property to anyone. He has thousands of dollars worth of property placed in his hands for sale, some of which is to be sold at a sacrifice. There is nothing like owning your own home, and Butts is the man to sell you one that will suit you.

At the M. E. Sunday school Sunday morning at 10 o'clock the pastor, Rev. U. F. Hawk, will give a sermonette to the children. Subject, "An Imported Boy." An invitation is given to the members of the congregation to be present and see this boy and hear what he has to teach us. All are also invited to be present tomorrow evening, when the pastor gives the first of his series of sermons.

The case of the State vs. O. L. Fields, charged with polygamy, came up in Justice Bayard's court yesterday afternoon, and in spite of the fact that the prosecuting witness in the person of his last spouse, disappeared spirit-like just when she was needed the most, there was sufficient evidence to make it warm for the defendant and he was bound over in the sum of \$200. A. A. Jayne appeared for the state and H. S. Wilson for the defendant.

Morrow county is not behind the times when it comes to marriages, but holds her own with other counties of the state. The Times comes out this week with five marriage notices, and adds that more are yet to be heard from. Somehow we have an idea that The Dalles is somewhat interested in one which is to be heard from soon as occurring in that neighborhood. But we won't tell, nor of one which is to take place in our own town soon.

There comes a time when patience ceases to be a virtue, and he who laughs last laughs best. Such is now the condition in the road tax cases, and those that were to be taken up on a writ of review have been abandoned. Nothing is now left to do but enforce judgment. Warrants will be issued for the defendants in the cases as fast as the recorder can get at the work, and upon these the defendants will be taken in charge by the marshal. In cases where no money can be obtained by this course they will be disposed of in the

same manner as is used in criminal cases. And all this trouble is to be caused because of the refusal to pay a \$4 tax.

Quite an interest was taken in the Jeffries-Sharkey prize fight, which took place in New York last night, even in The Dalles and, a large crowd waited eagerly for the bulletins. It was what is termed a "finish" fight and Jeffries is still the champion, the fight being given to him on 99 points, while Sharkey had 88. The law requires that they fight not more than 25 rounds, while they actually fought 26, the last being a spar. As usual there is some question as to whether Jeffries really won the belt according to "Hoyle."

Beach & Bower's Minstrel company appeared at the Belle City opera house last night and were greeted by a good sized audience. It was without exception the best minstrel performance witnessed in Racine for the past ten years and the Journal believes that every person who saw the performance last evening will verify the statement. It was refined to a high degree, not a vulgar joke or saying of any kind being indulged in by the artists. Not a single stick can be pointed out in the entire company—Racine Daily Journal.

The CHRONICLE received a very pleasant call today from Mr. R. E. Johnson, an attorney from Lincoln, Neb., who is lecturer for the Modern Woodmen of America and is on this coast in the interest of that order. Mr. Johnson is a gentleman of ability and refinement and it is to be regretted that the order in this city made no provision for his coming in the way of preparing for a public lecture, which would have been of untold benefit to them. He will, however, remain over Tuesday and meet with the local camp that evening at the K. of P. hall.

The case of Jacob E. Jacobson vs. the D. P. & A. N. Co., which has been on trial for two days in the United States court in Portland, was argued yesterday afternoon. In April, 1898, while going down the Columbia in a fishing boat, with two young men, he claims to have been run down by the defendant company's steamer Sarah Dixon, drowning his step-son, Harry Hansen, and injuring the other men and the boat and its contents. He sues for \$6000 for injuries to himself, \$5000 for the life of young Hansen and \$500 other damages. The defense undertook to show that Jacobson had been drinking, which was understood to be the case by people of this city when the accident happened, and was trying to race with the Dixon, that was pursuing her proper course. No news of the verdict has yet been learned.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a cative condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

CITY BUSINESS TRANSACTED

Curfew Shall Ring—Federal Street to be Improved.

A number of minor and also important questions concerning the interests of the city were brought up before its council last night at the chambers when the following were present: Councilmen A. Keller, H. Clough, S. Johns, F. S. Gunning, C. F. Stephens, Wm. Shackelford, James Kelley and F. W. Wilson.

After the minutes of the previous meeting were dispensed with, a petition from the Electric Light Company, B. F. Laughlin and others was read, asking permission to put in a sidetrack on First street, near block 5. On motion of Wilson this was referred to the committee on streets and public property.

A petition from L. Robison was then read, asking that the city retund to him the sum of \$18.40, the net sale of a horse that was impounded and sold by the city. The matter was referred to the finance committee.

Gunning introduced ordinance No. 304, making it a penalty to blast or take rocks from any public street or square in the city, whether open or otherwise, without permission of the marshal. On motion, the ordinance was passed.

At the last meeting the bid of Brown & Jones for the construction of the improvements on Federal street from Fulton, was submitted, and last night the same was rejected, being considered too high. On motion of Johns the city was authorized to expend \$300 on the proposed improvement, on the condition that the property owners in the vicinity donate the amount already subscribed and mentioned on the subscription to the council. Also the further condition that the proper conveyance of necessary property be made. It was estimated the cost will be about \$500, and the work will be under the supervision of the city.

It was concluded by the council that hereafter all bills for hauling the fire engine, etc., to fires be itemized so as to specify the apparatus doing the hauling. Also that the bills be presented at the next regular meeting after the fire occurs. The finance committee was allowed further time to consider the bill of H. Burham for hauling engine to a fire.

On motion of Gunning it was ordered that the city execute deeds to J. C. O'Leary and S. E. Brooks for city lots. On account of smallpox being so prevalent throughout the state the matter of the condition of the city pest house was brought up and referred to the committee on street and public property.

The subject of the curfew ordinance was brought up at the last meeting and last night the marshal was authorized to enforce the same.

Since the road tax cases contested were decided in favor of the city, the council instructed the tax collectors to vigorously proceed with the collection. After the reports of the officers were read and approved, the council ad-

Death of Maude Ruffner.

Still another death must be chronicled—that of Maude Ruffner, who very quietly breathed her last at 5:30 this morning.

She is the sixth daughter of Peter Ruffner and was born in The Dalles twenty-two years ago the 26th of last March. For a year past she has been a victim of consumption and for nine months has been confined to her bed most of the time, her case seeming hopeless from the first. She was a very sweet, lovable character, and during her last weeks of illness seemed like an angel waiting to be freed from earth, and join her mother who died here March the 4th, last.

The funeral will take place at the

family residence on Tenth street, near the Gosser home, at 2 o'clock tomorrow afternoon, and will be conducted by Rev. D. V. Poling.
