

# ... Special For One Week ...

## Black Goods For The Multitude

TO MAKE it an object to every lady in the land to have a new Black Dress or a single skirt, we will make you a proposition that we trust will meet with your approval.

### IT IS THIS:

Any piece of black wool dress goods purchased of us during this week at 30c to 50c per yard, we will furnish, **Free of charge**, a sufficient quantity of skirt lining at not less than 10c per yard to line said skirt,

1 yard of 36-in dress canvas,  
1 spool silk,  
1 spool cotton,  
And sufficient corduroy for bottom of skirt.

With any dress or skirt length of black wool dress goods, in price from 60c \$1.00 per yard, we will furnish the required amount of skirt lining at 12½c to 15c yd.

The required amount of corduroy for bottom of skirt.  
1½ yards of canvas at 20c per yard,  
1 spool silk, 1 spool cotton.

With any dress or skirt length of black wool goods in price from \$1.25 to \$2.50 per yard, a sufficient amount of Spun Glass, the highest novelty known in skirt lining, to make said skirt.

The required amount of corduroy,  
1½ yards of 25c per yard canvas,  
1 spool silk, 1 spool cotton.

## Blankets and Comforts.

Early orders with other advantages have resulted in the best collection of blankets that we have ever shown. Never were blankets better made. Wools are carefully carded and cleaned. They are substantially woven and the soft comforting finish completes the most perfect blankets that are made, and there is an economy in every pair.

50c per pair..... for 10-4 Cotton Blankets, all white or gray, would be cheap at 75c.  
75c per pair..... for 11-4 Cotton Blankets, all white or gray, worth \$1.00  
\$1.50 per pair..... for 10-4 gray wool blankets  
\$4.00 per pair..... for 10-4 all wool white blankets, worth \$5.00  
\$8.00 per pair..... for 12-4 all wool gray blankets, extra quality and would be cheap at \$10.00  
\$5.00..... for 12-4 fancy wrapper or bath robe blankets, worth \$6.25  
\$2.50..... for large size silkoline comforts, filled with pure white cotton, good value at \$3.25  
\$2.75..... for extra large size sateen covered comforts, worth \$3.75

## Gent's Furnishing Goods Department

Telephone No. 1.

## Oysters

served in every style by A. KELLER.

### WAYSIDE GLEANINGS.

Capt. E. W. Enos was registered at the Umatilla from Goldendale yesterday.

Try Harmony Whisky, a pure bourbon, for family and medical use. Sold by Ben Wilson.

The county court today appointed Mrs. Arrixa Zibble guardian of Pearl Evans and Ira Evans, minors.

Remember that the sale of seats for Beach & Bowers' Minstrels began this morning. If you want choice of seats call at Butler's drug store at once.

Can nothing be done to prevent the beach at the foot of Washington street being made a veritable garbage pile? It is a disgrace to the city and should be stopped.

It is reported that a new strike of great richness has been made about five miles east of the Silver King mines. The formation of the ore is said to be very much the same as in the King.

It is unnecessary to call the attention of club members to the fact that they are to enjoy a band concert tomorrow evening, for it seems that everyone saw the notice in the CHRONICLE Saturday.

The marshal informs us that the curfew ordinance goes into effect tonight at 8 o'clock, and all boys and girls under 17 years of age found on the streets after that hour without a guardian, will be dealt with by the night watchman.

Mrs. Mary Britain is in receipt of a letter from her brother, Henry Bill, who left recently for Oakland, Calif., saying that he has engaged in business for himself at 23d Avenue, East Oakland. His friends here wish him well in his new venture.

The attention of members of the Modern Woodmen of America is called to the meeting tomorrow evening at the K. of P. hall, when R. E. Johnson, grand lecturer, will be present and give some very important instruction. Every member should be present.

A small memorandum book was lost on Second street yesterday between the store of Mays & Crowe and the Dalles Lumbering Co.'s office. The name of J. M. Murchie is written on the outside cover. Anyone finding it will confer a favor by leaving same at this office.

Yesterday a badly decomposed body was found floating in the big eddy on the Washington side of the river. The Indians secured the body and the coroner was sent for at Goldendale. From all indications it was the remains of a Chinaman, but no clue as to his identity was discovered and will probably not be revealed at the inquest on account of the condition of the body.

The audience at the Methodist church last night was an unusually large one, the pastor having announced the first of a series of sermons on the "Ideal Home," and speaking on "The Harbor of Home." Although occupying but thirty minutes, he covered much ground, bringing from his subject many eloquent and impressive thoughts regarding home life and its influence, and relating incidents in connection with the thought which were very timely.

The morning service at the Congregational church yesterday was particularly impressive. A beautiful contralto solo was rendered by Mrs. Taylor, entitled "One Sweetly Solemn Thought." The pastor called the attention of the audience to the lessons gleaned from "The Sere and Autumn Leaf" in such a manner as to be of great benefit to his audience. At the close of the sermon six persons united with the church, and two received baptism. The services closed with communion.

Thursday night when the Yon Yonson Company was playing in the Frazer opera house at Pendleton, an alarm of fire came near causing a perfect stampede. Had it not been for the presence of mind of Miss Berlein, of the company, no doubt many lives would have been lost. She stepped to the front of the stage and commanded the people to remain in their seats. Her words came just at the proper moment, and served to quiet the fears of the almost stampeded people. Her experience on the stage caused her to act just at the right time to prevent what she knew would be an awful catastrophe.

Supt. C. L. Gilbert and Prof. J. T. Neff attended the Hood River Teachers' Association, which held its first meeting last Saturday, with an attendance of about thirty. In the near future a similar association will be organized at

Dufur. Meetings will be held once a month, at which time some standard work on teaching will be read and discussed. The study of the course of study for grammar grade schools of Oregon will be a special feature of the meeting. With better teachers the natural result will be better schools.

There is always a harvest of drunks and hobos at police headquarters from Saturday night until Monday morning, just the time when the city and its inhabitants should be on their best behavior. Last Saturday evening a drunken Indian was the first victim, and he was fined \$2 this morning. John Doe also fell into Phirman's grasp for the same offense and was fined \$5, being afterwards released on a promise to leave the city. Then at 11 o'clock two young men of our city were found in a drunken quarrel and made to spend yesterday in jail, handing over their \$2 this morning.

While returning from Prineville last week near the Mays' ranch, about a mile and a half from Antelope, Theodore Liebe and Sam Thurman saw something near the road at the foot of a canyon, which they thought at first to be a rabbit. Theodore sallied forth with his rifle and as it started to climb a telephone pole near by, he discovered he had more dangerous game to deal with in the shape of a wild cat. He however, floored it, and it was found to be about half grown. Bringing it home he had Bert Campbell, the taxidermist, fix him up, and he now occupies a place in Harry Liebe's window on Second street. It is a vicious looking little fellow, and surely Antelope has not many such prowling around so near civilization.

Meteoric photography will be extensively employed to make a permanent record of the great periodic star showing due on the nights of November 13th, 14th, and 15th. The maximum display of meteor emanating from the constellation Leo comes three times in a century, and 1899 is one of the years. Photographic plates are more sensitive than the eye to all celestial movements, and without the aid of photography some of the satellites and asteroids would still be undiscovered. An ordinary camera with a lens from one inch to three inches in diameter, simply mounted to be shifted in position and pointed at the constellation from which the meteors radiate, will give good results in the hands of an amateur. Exposures may last from forty to sixty minutes. The constellation rises after midnight, and observations should be continued till near sunrise.

Saturday morning Supt. J. S. Landers returned from La Grande, where he attended the eastern division of the State Teachers' Association, and where he spoke on "The Value of Outlines in School." In speaking of the meeting he said it was the most enthusiastic and successful he has attended on the coast. Besides patrons and friends, there were 160 members registered and all seemed so alive and interested in the work. A professional elocutionist took part in the program and a splendid quartet furnished music. State Supt. Ackerman, Supt. Rigler, of the Portland schools, Prof. Strong, of the state university, and Prof. Campbell, of the Monmouth Normal, were present from west of the mountains. It is to be regretted that more from our own county could not have been present. A large number

will no doubt attend the meeting of the western division in Salem on the 27th, 28th and 29th of December.

### OUR COUNTY SCHOOLS.

A Further Resume of Their Work in Some Districts.

Miss Nona C. Rowe is teaching her second term of school in district No. 13, at Five-Mile. The attendance is larger than usual and Miss Rowe will have started a school library before the close of the term.

Miss Lena Merriam, formerly of Benton county, is teaching in district No. 28, at Upper Eight-Mile.

Mr. J. M. O'Brien began teaching in school district No. 38, at Kingsley, September 18th. This is Mr. O'Brien's second term in the district, and there is an enrollment of 38 pupils.

Miss Cora Wingfield began her first term's work in Harmony district No. 39, September 3d, with an enrollment of 27.

Through the efforts of Mrs. C. R. Deems and Miss Hattie Stirnweis, both of whom formerly taught in Nansene district, there is a well selected library of fifty-two books in a good library case. A good, large flag floats from the flagpole when school is in session, and the school grounds have recently been fenced. Miss Hattie Stirnweis is teaching her home school, district No. 31, and although the school is a small one, great interest is shown in reading, and a good selection of books has already been made for the school.

Miss Bessie Hastings is again teaching in district No. 20, Liberty district, with a good daily attendance. This school has a good library, organ, charts, globe, black-board, etc., and the children sit on comfortable patent desks, and the American flag waves above them.

Miss Anna B. Thompson, who recently graduated from the Normal school at Monmouth, is now teaching in Fairfield district No. 17. The school is well supplied with apparatus and patent desks, and a school library was started last spring, when Miss Anna Powell was teaching.

### Beach & Bowers.

Beach & Bowers' Minstrels gave two meritorious performances at the Crawford Grand yesterday. The matinee was well attended, and last night the company was greeted by a big house. This is the fifteen consecutive season of Beach & Bowers' and they have maintained a reputation of putting on a good minstrel show and are up to date. A change of program is announced for each appearance here. The company gave a very creditable performance, new songs and new gags were rendered, and the bone specialties of Bobby Beach and Otis Bowers are a feature; the musical team and the acrobatic work are as good as most anything of the kind that has appeared in Wichita. The company has been doing a big business in this state and has played to standing room in all of the larger Kansas towns. There will be a matinee today and a performance tonight.—Wichita Daily Eagle.

### An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a cative condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

## THE GENUINE Wilson Air-Tight Heater

OUTSIDE DRAFT LIKE THIS:

There are other AIR-TIGHTS, but none that equal the WILSON.

...SOLD ONLY BY...

MAYS & CROWE, Sole Agents.
