## HAND TO HAND CONFLICTS

Will Be the Next Thing—Boers Forces Are Closing In On British.

## FOR FINAL SUPREME EFFORT

On Thursday, At Ladysmith, They Were Less Than A Mile From The British Lines—Cannonading Then Ceased and Rifle Fire Began—Kimberley Garrison Tired of Dodging Shells, But as Determined as Ever.

CAPE TOWN, Nov. 10.—A dispatch received from Pretoria under date of November 9 says reports received there from Ladysmith said heavy cannonading started at daybreak; that some of the Boer forces were within 1500 yards of the British when cannonading ceased and rifle fire commenced. A Pretoria dispatch announces that all is quiet at Mafeking and Kimberley.

CAPE TOWN, Nov. 10.—An undated dispatch from Kimberley by a Kaffir runner via Magalapa, November 8, says: "Today all is quiet. We have been bombarded heavily all week. Friday night Captain Fitz-Clarence and Lieutenant Swinburne, with one squadron of the protectorate regiment, made a magnificent bayonet charge upon the Boers' intrenchments, driving them from their positions and bayoneting a number of Boers, who must have lost very heavily. The charge was most gallant and determined. The party could not hold the trenches and lost six men killed, two prisoners and nine wounded in their retirement. The wounded includes Captain Fitz-Clarence and Lieutenant Swinburne.

"In a skirmish at the outposts yesterday one trooper was killed and nine wounded. We expect a general attack tomorrow. The bombardment has been most ineffectual, everyone remaining under a shell-proof cover. The town is cheerful and determined to resist to the utmost. The Boers are entrenched on every side in great numbers and are pushing gradually closer and closer to the town fortifications. We are well off for provisions and water, though tired of dodging shells and fighting."

LONDON, Nov. 15.—If the news contained in the Pretoria dispatch of November 9 by way of Cape Town, November 10, is correct, and there is every reason to believe it is accurate, as Boer dispatches have almost invariably hitherto rendered fairly accurate accounts, it is claimed here that it implies a general assault on Ladysmith was pending when Joubert's report was sent off. Attention is called to the fact that the date, November 9, is assumed to be the date of General White's last pigeon post message, announcing a renewal of the bombardment, since which nothing has been received except rumors from Estcourt that the bombardment was suspended November 10.

It is claimed that if the Boers got their forces within 1500 yards of the British position it shows they fully realized the necessity of utilizing the brief interval before the arrival of British reinforcements to make a determined attempt to storm White's position. To successfully advance so close to Ladysmith, it is pointed out, the Boers must have been most active in intrenching, and the nearest of the besieging lines, it is added, indicates their readiness for the assault which there has been a disposition in military circles to believe the Boers were not willing to undertake.

### Killed By a Live Wire.

SALEM, Or., Nov. 13.—Archie McKillop, the 13-year-old son of Rev. Ronald McKillop, pastor of the Baptist church in this city, was killed by a live electric wire about 5 o'clock this evening. He

was playing in an alley in the rear of his home, when he concluded to climb a pole supporting the wire which is stretched through the alley at a height of twenty-five feet. Reaching the top, he caught hold of the wire, and also a dead one, which completed the circuit, and he received a shock of about 2080 volts, killing him instantly. His hands were burned to the bones.

Ed. Lamport, living just across the alley, saw the boy fall and hurried to him. The boy was groaning as Lamport picked him up to carry him to his home, but life was extinct in a short time thereafter.

### Chamberlain's Pain Balm Cures Others, Why Not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.—ADOLPH L. MILLETT, Manchester, N.H. For sale by Blakeley & Houghton, druggists.

### Kansas Town Destroyed.

ST. JOSEPH, Mo., Nov. 15.—The town of Troy, Kansas, ten miles west of here was wiped out by fire this morning. The blaze originated in a general store conducted by Cyrus Leland, jr., the Kansas member of the Republican national committee. Seven business houses were consumed. Three fire companies went from here by special train and assisted in saving much property. Leland's store escaped with slight damage, and the damage to the other buildings will it is thought, not exceed \$50,000.

Saturday afternoon Maude Kirby celebrated her ninth birthday by entertaining a number of her little friends. They played games and had a general good time, after which Mrs. Kirby served a nice lunch. Maude did not forget to remember some of the older "boys and girls", who received one of the cute little invitations sent out. The playmates present were: Norma Dietzel, Myrtle Rorden, Margaret Whealdon, Jean Whealdon, Margaret Sampson, Frances Sampson, Norma Vause, Geraldine Kelley, Georgia DuBois, Eva Shepard, May Walther, Lella Laughry, Jessie McArthur, Carmel Bolton, Ruth Warner, Nellie Hostetler, Lou Hostetler.

### Baker City Calmer.

BAKER CITY, Nov. 14.—No deaths are probable from the four alleged smallpox cases here. Developments today show a likelihood that the disease will turn out to be chickenpox or the rash that is so prevalent in Pendleton and some other Eastern Oregon towns. The city authorities are enforcing quarantine on three houses, special policemen aiding the regular force. Excitement has abated, and schools continue in session.

LaGrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption.

### Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Blakeley & Houghton's drugstore.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by Blakeley & Houghton, druggists.

## SETTLEMENT OF SUGAR FIGHT

Report Is Current in Wall Street That American Company May Soon Absorb All Competitors.

NEW YORK, Nov. 15.—The Times says: According to some Wall street reports, the war between the sugar-refining companies is very near a settlement, and that in rather an extraordinary way. It is said, in fact, that a consolidation of all the sugar refining companies of the country is shortly to be brought about, and that the American company has the project in charge. While it is impossible to get any verification of the report, it is regarded as significant that in spite of the present war, which is supposed by the public to be costing the refining companies a small fortune by reason of losses, the sugar stocks have been strong and at any recession have been bought by insiders.

But whether this consolidation talk is or is not without foundation, it seems to be generally accepted that an agreement between the warring companies has practically been reached, the terms of which may be announced at any time.

There is more Catarrh in this section of the country than all the diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

### Senator Hayward Ill.

OMAHA, Nov. 14.—Late this evening word was received from Nebraska City which indicate that Senator Hayward is in a most precarious condition, and that his death is to be expected at any time. A consultation of physicians was held, Dr. Bridges being summoned from Omaha for the purpose. At the close of the consultation it was given out that the physicians could hold out no hope whatever of the senator's permanent recovery, and very little, if any, of a temporary improvement in his condition. There is no regular session of the legislature this winter, and in case of death the governor would appoint a successor. It is universally conceded that in this event, Governor Poynter would name ex-Senator Allen.

### Northern Pacific is Lending Money.

NEW YORK, Nov. 15.—(Special to The Telegram.)—For several days past, the Northern Pacific Railway Company has been seeking borrowers for its surplus money, Wall-street brokers being the medium chosen for reaching them. The company has been offering to loan sums any place from \$1,000,000 to \$5,000,000 and this morning they closed the first deal, wherein they were relieved of \$4,000,000 of their burden at broker's rates. The money is the proceeds of the great volume of mortgages paid off as the result of magnificent crops harvested this year on land formerly owned by the railroad and of the general prosperity.

### Mrs. Dewey Will Own The Home.

WASHINGTON, Nov. 14.—Preliminary steps have been taken, it is said, to transfer to Mrs. Dewey the title to the Dewey home, 1747 Rhode Island avenue, which the American people presented to the admiral in recognition of his brilliant naval victory at Manila. The matter is in the hands of the District Title Company, and the papers, it is understood, have been drawn and await the necessary signatures.

### Used By British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Galiibe. Under date of Nov. 4, 1897, from Vryburg, Bechnanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." For sale by Blakeley & Houghton, druggists.
