UNIVERSITY OF OREGON.

Interesting Notes From One of The Dalles Students at That Institution.

EUGENE, NOV. 24, 1899.

EDITOR DALLES DAILY CHRONICLE:

The Dalles, outside of Eugene, has the second largest number of students attending the university this year of any city in the state. Ashland has the honor of heading the list with nine, The Dalles following with eight. The Dallesites at the university confidently hope that next year The Dalles will head the list, with many to spare.

At a regular meeting of the Eastern Society the question, Resolved that we should retain the Philippine Islands, was discussed by F. A. Strange and Condon McCormack on the part of the affirmative and Edward D. Baldwin and L. E. Hooker on the part of the negative. The decision was given to the negative.

The University of Oregon Glee Club has decided to make a tour of the eastern part of the state during the Christmas vacation and will very probably stop at The Dalles. If they do it will be a rare opportunity for music lovers of that city, as the Glee Club is said to be better this year than ever before and has been pronounced by Eastern college men who have heard it sing this year to compare very favorably with the Glee Clubs of the great universities of the East. The club will give a concert at Villard hall on Thanksgiving night for the purpose of raising funds for the trip.

Miss Daisy Allaway has been chosen by the senior class as one of their representatives in the local oratorical contest which will take place in the winter. She also has the honor of representing the Eutaxian Literary Society in a joint de-

bate which will take place between the three societies in December.

Homer D. Angell of The Dalles, after holding nearly every student honor in the gift of the university, is this year distinguishing himself in athletics. As is characteristic with him, he never does anything by halves and is playing football this year with the determination and aggressiveness which won the state oratorical contest last year. In the game with the university of California he was pitted against a man weighing over 200 pounds and was successful in holding him down in all points. He did so well that he was noticed by the coach of the Berkeley team who said that Angell was the best football player he had ever seen.

The To-Logian Literary Society of the Portland High School challenged the Freshman class of the university of Oregon to a debate. The challenge was accepted and the debate will take place in Portland on January 13th, 1900. The following question will be discussed: "Resolved, that immigration into the United States should be restricted to persons who can read and write the Constitution of the United States in some language, provided provisions can be made for admitting those dependent on qualified immigrants." The Portland High School will support the affirmative of this question, while the negative will be upheld by the Freshman class. Edward Baldwin has been chosen by the class as business manager of the contest, he will also act as chairman of the debate in Portland. Six candidates were chosen by the class as candidates for the team. A try-out debate to decide upon the three best debaters will take place in Villard hall Friday, Dec. 1st, and the three decided to be the best will represent the class in Portland on January. At this try-out the question "Resolved, that we should retain the Philippines" will be discussed by E. N. Blythe, F. A. Strange and Holt Stockton on the part of the affirmative and Condon Bear, Thomas Hammond and Ben Wagner for the negative.

Dr. Strong, the new president of the university, is progressive and thoroughly up-to-date along the latest lines of educational matters. He hopes to unquestionably place the university where it should stand, at the head of all educational institutions in the Pacific Northwest. He is very popular among the students and is possessed of a most pleasing manner. He confidently expects to see 300 students at U. of O. at the opening of next year and feels that the university of Oregon has entered upon a growth which for rapidity and solidity will astonish even its most sanguine friends. A STUDENT.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the good and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

"One Minute Cough Cure is the best remedy I ever used for coughs and colds. It is unequalled for whooping cough. Children all like it," writes H. N. Williams, Gentryville, Ind. Never fails. It is the only harmless remedy that gives immediate results. Cures coughs, colds, hoarseness, croup, pneumonia, bronchitis and all throat and lung troubles. Its early use prevents consumption.

It takes but a minute to overcome tickling in the throat and to stop a cough by the use of One Minute Cough Cure. This remedy quickly cures all forms of throat and lung troubles. Harmless and pleasant to take. It prevents consumption. A famous specific for grippe and its after effects.

All persons wishing to take children, either boys or girls, for legal adoption or on indenture, should write to W. T. **For You to Read**

"What puzzled me in the beginning was that I kept losing flesh without any cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't do me any good. I kept going on down hill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the poor little sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." (Signed) Hon. M. HOGAN, picture frame manufacturer, 242 Center Street, New York.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c, 50c, and \$1 a bottle in U. S. and Canada. In England, 1s. 2d., 2s. 3d., and 4s. 6d.
