INTEMPERATE OPPOSITION.

With all the emphasis and the eloquence at his command, Senator Pettigrew declared in open debate in the United States senate this week, that the soldiers under Aguinaldo were fighting for a righteous cause, and the soldiers of the United States were waging an unholly war. He declared dramatically, that if he were a Filipino, he would fight against the aggression of the United States until his hair was gray.

The Spokesman-Review says: There is but one construction for these intemperate utterances. Pettigrew is "egglog" on the enemies of his country. He is inciting the Filipinos to shoot our flag to tatters and kill our soldiers. And in the face of these utterances, he has the effrontery to say that the blood of our soldiers is on the head of the president.

Pettigrew glories in his incendiary sentiments. The spirit of opposition has blinded him to the seriousness of his course. He is boasting of his friendship for the insurgent enemies of his country, just as the copperheads of the civil war boasted of their sentiments, and wore badges on their breasts bearing the insignia of a copperhead snake. But there came a day when they ceased to boast of their copperhead sentiments. There came a day when in all the northland not one badge could be seen in open defiance of the Union cause.

Fault is not found here with earnest and temperate criticism of the conduct of the war in the Philippines. Opposition to the retention of the islands is natural, and is entitled to respectful consideration. That is a grave question, and much may be said on both sides of it. But that is very different from the intemperate and incendiary speeches of Pettigrew, Hoar and others.

When Dewey's squadron destroyed the Spanish warships, the nation consented by acclamation. When the army and the navy took Manila from the Spaniards, not an objection was offered. Up to that point men of all parties concurred in the military possession of Manila and naval and military control of the surrounding country.

We sent then a peace commission to Paris, to meet the Spanish commissioners, and they negotiated a treaty which delivered the Philippine islands to the United States, to be held by the president in trust, for future disposal by congress. While that treaty was before the United States senate, Aguinaldo's army, in flames and indignant because it was not permitted to loot the city of Manila, attacked our soldiers; and ever since that attack men like Pet-

tigrew and Hoar have been inciting them to vigorous action.

The farmers who raise flax in the middle Northwest have been very fortunate this year. The crop of Minnesota, North Dakota and South Dakota is estimated at about 15,000,000 bushels, and the price at Chicago has reached \$1.40 per bushel. The farmers have probably obtained over a dollar a bushel for the whole crop. Two or three explanations for the unusually high price have been advanced. One is that some speculator worked up a corner on the crop; and another report says the Standard Oil Company has been buying up all the flax, regardless of cost, for the purpose of crushing competitors in the oil business. If things take their usual course, flax will be low priced next season.

WINTER TRIPS.

For winter residence or winter outing ideal conditions will be found on every hand in California. Prolonged early rainfall has this season given to the semi-tropical vegetation wonderful luster; the floral offerings are more than usually generous and the crop of southern fruits beautiful and excellent.

Old ocean possesses new charms at Santa Barbara, Santa Monica, Long Beach, Coronado and the enchanted life of the sea, Catalina—where fishing, boating, rambling, riding, hunting and loafing may be enjoyed as nowhere else.

Quiet little spots, snug and warm, offer themselves at Montecito, Nordhoff, Pasadena, Echo Mountain, San Jacinto, Fall Brook and Palm Springs.

For renewing health and vigor, here abound many hot springs, of widely varying constituents and demonstrated merits; the dry, antiseptic, tonic air of the desert may be enjoyed at Banning, Indio, Yuma; and, even farther on, at Phoenix, Tucson, El Paso, exists conditions equally well indicated for weak throats and lungs.

Many think nothing in nature more attractive than the shimmering olive orchards of Santa Barbara and San Diego; others prefer the stately walnuts of Ventura and Los Nietos, or the lemons of Fernando; but for glorious fruit and graceful tree commend us to the golden orange, first, last and always, and it exists in greatest perfection at Covina, Riverside, Redlands and Highlands. Equally interesting is the scientific and tempting fashion in which the sorting and packing of the orange is here accomplished.

The faithful were exhorted to see Mecca and shuffle off; but wiser generations will see California of the south and prolong life.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

J. I. Berry, Logan, Pa., writes, I am willing to take my oath that I was cured of pneumonia entirely by the use of One Minute Cough Cure, after doctors failed. It also cured my children of whooping cough. Quickly relieves and cures coughs, colds, croup, grippe and throat and lung troubles. Children all like it. Mothers endorse it.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 50 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
